Annie sent out an email November 6<sup>th</sup>, 2024. She noted that she was attaching the golf cart contract that was discussed during Fall Board meeting held in September. She reiterated that this is a confidential document and that it cannot be shared with anyone that is not on this email. The email also discussed that during the NLBRA board meeting in September it was discussed that some changes be made. Derek has made the requested changes. The Contract was attached for everyone's review. Once everyone has had a chance to review and if there were no further questions she requested a motion and a second and a "reply all" with everyone's votes.

Jeremy Sherman made a motion to accept the contract as written. Danny 2<sup>nd</sup> the motion.

Jeremy sent out a follow up email 11/7/2024 to request if there were any additional questions that may need answered because a few more votes are still needed.
