## SHOW RING ETHICS

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

Administration of drugs of any kind or description, except for treating a recognized disease or injury and for the tranquilizing of bulls that may otherwise be dangerous to females in heat, shall be administered by a licensed veterinarian.

Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited. Application of adhesives to fit the animal's hair is allowed in CATTLE ONLY.

The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.

Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.

No owner, exhibitor, fitter, trainer, or responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.

The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether he or she was instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.

The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or responsible person to have any disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.

The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

### METHOD TO REGISTER A FORMAL COMPLAINT:

Presenting a signed letter to the Superintendent of that department. A form letter is available at the Superintendent's office.

Be a current Northwest Washington Fair exhibitor competing in the same department as the complaint that is being registered.

The Fair Management will act upon all formal complaints.

### NOTE FROM NORTHWEST WASHINGTON FAIR:

A signed copy of the International Association of Fair and Expositions National Code of Show Ring Ethics needs to accompany your livestock entry form to the Northwest Washington Fair office. Without the signed code of ethics your livestock entry form will not be accepted.

### VETERINARY INFORMATION

The check-in exam will be limited to meeting only the Health Requirements for entry into the Fair. No additional healthcare exams will be done during this time.

A KVH Veterinarian will stop in twice each day (a.m./p.m.) starting Thursday afternoon to attend to animal health needs. We will be available to answer general questions regarding animal health. There will be no farm call charged during a scheduled walk through – But owners will be required to pay KVH for services (including exams - \$45.00 minimum and treatment if needed).

Any other calls to the Fair outside of the above scheduled visits will be subject to a farm call as well as the appropriate veterinarian fees.

The fair veterinarian's professional decision as to the health status of an animal is final and will be upheld by the fair board. Any animal refused by the veterinarian at check-in must be removed from the fair grounds and returned home immediately. There are no facilities to house animals that cannot be exhibited.

Animals on exhibit at the Fair are the very best of their species and must present this image to the viewing public.

Exhibitors should note and respect the potential for exposure to health-threatening conditions while at a fair. Crowding of animals, long distance hauling and changing environmental conditions are major stresses to which exhibit animals are subjected. Animals, like humans, have the capability to become recovered carriers of viruses or other infectious agents. Exhibition-imposed stress may cause a recrudescence or reactivation with resulting outbreaks of disease, as occurs with malaria in humans. The Fair management will do all in its power to protect each exhibit while on display.

## CLUB & CHAPTER HERDSMANSHIP

1. Good care of your animal and assigned exhibiting space is an important part of the privilege and responsibility of exhibiting at the Northwest Washington Fair. Because many more people see your animal in the barn than the show ring, exhibitors are expected to maintain barn, feeding, and grooming conditions that will ensure the good health and safety of the animals in their care, and will show consideration and sensitivity toward the public visiting the Northwest Washington Fair exhibit. Exhibitors are expected to be available to the fair visitor to discuss their exhibit or project. Exhibitors are reminded that they are hosts/hostesses in their barn.

2. The public's interest in animal welfare, and their opinion of the quality of care given to animals, has become a critical issue.

3. Exhibiting members are to perform their own herdsman chores. Herdsmanship done by adult non-exhibitors can result in forfeit of all awards and premiums by the exhibitor involved. No more than 1 warning will be given by the superintendent.

4. Herdsmanship will be done by aisle. Each club will need to sign up for shifts with division superintendent during fair. Herdsmanship should be done during 9:00AM to 10 PM. A parent on duty for each club but shall not assist the exhibitors with maintaining of barn.

5. It is the intent of the Northwest Washington Fair to recognize every exhibitor who maintains adequate standards, it is a responsibility that comes with the privilege of participating at the fair and should come with personal pride and team support. Herdsmanship will be judged 2-3 times daily.

6. Barns and displays will be examined at least twice a day. Failure to maintain adequate standards will result in loss of premiums.

7. **NO COOKING IS ALLOWED IN THE BARN.** For your own health, and to demonstrate to your fair visitor appropriate hygiene habits for when humans are near farm animals, please do not cook, eat or drink while in the penning/stalling/public areas in livestock and equine barns. This applies to exhibitor and chaperone/parent, etc. and will be enforced by the fair. Superintendents will share more information about this very serious issue during exhibitor orientation meetings. We have provided an eating area for all exhibitors to use.

### ANIMAL HEALTH AND THE USE OF ILLEGAL SUBSTANCES

The use of illegal drugs and/or the improper use of animal health products or foreign substances will not be tolerated. Exhibitors, families, youth, and fair/show officials have a legal and moral obligation not to misuse these products. We have the responsibility to tell others not to use these substances, and to report those who do use any illegal substance. The administration of any drug or medication, which could affect an animal's performance resulting in an unfair advantage or the disposition of the animal, is unacceptable. Additionally, there are federal penalties for using illegal substances in animals that are going into the nation's food supply.

## QUALITY ANIMAL CARE AGREEMENT

This is an agreement, formal or implied, between open exhibitors and the management of this Fair. Its purpose is to:

- Encourage ethical decisions and activities by open youth exhibitors.
- Ensure the overall well-being of all animals exhibited
- Ensure the use of commonly accepted practices in preparing and exhibiting animals for show.
- Maintain a safe and wholesome food supply.
- Maintain the intent and integrity of animal competitions and displays for future generations.

1. The purpose of my participation in the NW Washington Fair is to strengthen my own knowledge, ability, and skill as a feeder, manager, trainer, caregiver, and exhibitor of animals and to develop my sense of responsibility and good character. If my project includes food production animals, my goal is to produce safe and wholesome food.

2. The purpose of Jr. show is for exhibitors to do their own project. Parents/leaders may supervise but not participate in herdsman, cleaning, grooming, or feeding. Exception: when safety is a concern. Exhibitors must remain present.

3. I will not use or allow abusive, fraudulent, or illegal practices or products to be used in the feeding, care, fitting, training, and showing of my animals.

4. I will not misrepresent my animals or myself in any way.

5. I will read, understand, and follow the rules, without exception, of animal shows in which I am a participant and ask that my parents and my leaders do the same.

6. My animal project is an example of how to accept what life has to offer, both good and bad, and how to live with the outcome. I will treat other people's animals with the same respect and care I give my own animals.

7. I realize that I am responsible for the proper care and safe, humane treatment of my animals. I realize that I am also responsible for demonstrating strong moral fiber and good character as an example to others.

8. I will voice any objections to events related to my participation by using the protest policy described in the premium book. I will not directly interfere with the judge, show management, or other exhibitors before, during, or after the event.

9. I accept that failure to uphold this commitment could result in forfeiture of my right to participate in the NW Washington Fair.
