Welcome

A Message from the Board of Directors

Whether it's your first visit or your favorite summer tradition, we're glad you're here.

There are so many exciting parts of the Northwest Washington Fair, ranging from music in our grandstand, a carnival for all ages, free grounds entertainment, Fair food and the competitive exhibits. From animals to still life exhibits you can see community members of all ages displaying their hard work and competing for prizes and showing Fair visitors projects they are passionate about.

Make sure to stop by the highly anticipated Farming for Life Experience with interactive stations showcasing our heart for agriculture. This exhibit continues to grow with your generosity and support.

We would like to give a heartfelt thank you to so many who work hard and volunteer their time to make our Fair such a memorable experience.

Thank you for attending the 2022 Northwest Washington Fair.

Be sure to follow us on social media and tag us in your photos...we love seeing them all! #nwwafair

Northwest Washington Fair Staff

I am thrilled to welcome you to the Northwest Washington Fair.

This year's Fair theme, "It's On" captures our excitement to bring the community together this summer and make memories. I personally have a lifetime of memories that were made at the Fair, starting when I was an exhibitor with my 4H livestock project.

It is my privilege to be able to work with the Fair staff to create ten days of activities that focus on our core values as an organization: education, agriculture, youth, competition and entertainment.

You will be the first visitors to step foot inside the newly completed Farming for Life Experience, inside the Farm Pavilion.

This exhibit tells the story of local agriculture in such a beautiful way, one that will educate generations to come about the importance of agriculture, where food comes from and what careers you can pursue in agriculture. I am thankful for a community that continues to support this project.

When you enter the Fairgrounds, it is my hope that you are entertained. Whether it is a wide variety of entertainment on the Bank of the Pacific Grandstand stage or some of our new grounds entertainment. Stop by Paul Bunyan's Lumberjack Show for some old-fashioned family fun, take a moment to meet the Legendary Longhorns and be amazed by the Nerveless Nocks Daredevil Show.

As you wander, you will be greeted by our year-round and seasonal staff as well as volunteers, all who play important roles in making the ten days of the Fair happen.

Feel free to ask them questions, as they are the ultimate Fair fans and ambassadors.

I hope you take some time to visit the much-loved traditional parts of the Fair, as well as experience something new.

Thank you for visiting the Fair.

The Bennett Team Action Stage

NORTHWEST WASHINGTON FAIR

The Paul Bunyan Lumberjack Show

If you want great old-fashioned FUN and family entertainment, the Paul Bunyan Lumberjack Show is where you want to be.

The show is filled with action packed competition and plenty of laughter.

Lumberjacks are famous for encouraging change and modernizing equipment, they use their strength, skill and athletic abilities to do the dangerous work of falling and preparing trees for domestic use. The skill, strength and danger has led to today's lumberjack competitions.

Events performed during the show include log rolling, underhand chopping, springboard chopping, standing board chopping, standing block chop, crosscut sawing, axe throwing and dragster chainsaw competition, just to name a few. You'll see lumberjacks using specifically built axes to cut through wood in a matter of seconds.

The Paul Bunyon Lumberjack Show will provide lots of laughter, thrills and chills to young and old alike. You will not only be entertained, but you will see logging skills used throughout history, as well as today. It's muscle against machine, real competition at its BEST!

The Nerveless Nocks

The Nocks are pioneers in the stunt show industry producing nostalgic and state of the art stunt shows that date back to the early 1900's. The show is filled with daredevil acrobatics that will captivate your whole family.

You will be on the edge of your seat as you watch the Nocks perform on a revolving arial pendulum that picks up speed as the stunt artist defies gravity and launches themselves through the sky.

Fear is not an option as stunt riders race their motorcycles in the confines of an 18 foot tall steel ball cage, in the Globe of Death.

The arial trapeze acts provide stunning and one of a kind entertainment.

PeaceHealth Edson Park

Come and enjoy our spacious grassy area under the shade of one of our famous Fair Oaks. This fenced in space is the perfect place to hang out, relax and take a breather between all of the Fair fun. You'll find lots of chairs and picnic tables, along with a handwashing station. You may even find some of our strolling fairgrounds entertainment!

Join us in The Backyard area of PeaceHealth Edson Park for cornhole, tabletop Jenga and other entertaining outdoor games. A great place to meet up with friends that you haven't seen all summer long.

This area made possible by. Best Western PLUS

PeaceHealth Edson Park is named in honor of our very first Northwest Washington Fair manager and board president Ed Edson and is **located adjacent to the Phillips 66 Center, near Gate 2.**

Made possible by PeaceHealth

Healthy you, Healthy me, Healthy wheeeeeee!

Free wellness tips for the whole family are at your fingertips.

Legendary Longhorns

Learn the history of the Texas Longhorn through an educational and informative sound-track accompanied by music. The stars of the show are the two, majestic, gentle giants Show Gun and Shot Gun. Both are Texas Longhorn Breeders Association of America (TLBAA) registered.

They have been hauled all over the western U.S. performing in events of all kinds. These Longhorns are unique, kind, intelligent, and well-trained. Get your photo taken with Show Gun and Shot Gun to create a lasting memory.

Located on the West side of BP Place.

Livestock Exhibit Sponsor

Monday, August 15 is an exciting day here at the Northwest Washington Fair!

Our livestock exhibitors have worked hard for the first five days of the Fair and today is the day they get to take their animals home and get some well-deserved rest.

As a Fair visitor, this may make the afternoon on the 15th look a little different for you. Some barns may be closed as animals leave, while our staff prepares the barns for the arrival of new exhibitors and their animals on Tuesday morning.

To see your favorite animals every day, visit the Small Animal Experience from 10:00 am to 9:30 pm daily.

This exhibit features a variety of farm animals, including goats and piglets. Learn about dairy calves, take a selfie with a mini horse, and interact with animal caretakers.

Thank you for your patience during this time and for supporting our exhibitors.

Mission Statement

The Mission of the Northwest Washington Fair is to provide: education regarding agriculture - past, present and future experiences with positive competition enjoyment of wholesome entertainment, social interactions and lasting memories.

Our five core values are Youth, Community, Agriculture, Education and Entertainment.

Northwest Washington Fair Association will organize an annual Fair that will promote an appreciation for our agricultural heritage, provide education about the role agriculture plays in life today while providing youth with a hands on experience.

The annual fair will be a social gathering place where family values will be honored and individuals of all ages will be entertained.

The mission of the association will further be accomplished by generating revenue via rental of the facilities during the off-season, developing promotional activities to encourage off-season usage, and promoting agriculture as a way of life.

The Northwest Washington Fair Association is an organization in which the staff, Board of Directors, association members, volunteers, contributors, and Whatcom County citizens all have a sense of ownership and pride.

The Northwest Washington Fair Association is a 501(c)(3) non-profit organization.

Welcome to the Farm Pavilion

The Farm Pavilion includes space for the year-round display of the award winning, “Farming for Life Experience”. When you walk in the doors you will experience the completed exhibit that highlights the importance of agriculture in our community and world.

We are excited to invite guests into this exhibit that redefines farming in the 21st century, showcasing the rich history of farming in this region, focusing on innovations in farming practices, including research, planting, growing, harvesting and distribution of food, enriched by the intergeneration stories of people who make farming their life.

This beautiful tribute to agriculture and education is made possible by support from generous donors.

The Farm Pavilion and the Farming For Life Experience is open daily 10 am to 10 pm.

2022 Scholarship Recipients

Mia Apps

Daughter of Aaron and Jenn, is a graduate of Lynden High School who will be attending the University of Idaho in the fall to pursue a degree in Agricultural Education.

Mia's involvement in the fair included showing swine and dairy heifers. She also attended and helped at the spring fair for many years. This experience at the fair taught her how to work hard, how to work with others, organization, responsibility and to never give up.

For Mia, every day had so many memories - she was unable to pick a favorite memory. She loves the fair environment and the ability to show her animals.

Haley Biemold

Daughter of Harold and Renee, is a graduate of Lynden High School who will be attending Washington State University in the fall to pursue a degree in Agriculture Education.

Haley's involvement in the fair includes showing rabbits, pygmy goats, market lambs, market hogs and a dairy heifer. She also had the ability to work at the fair during the summer to help get every this ready for fair week! Her experience at the fair taught her about hard work - you don't do well by just looking at your animals - you must put in the work.

Haley's favorite memory of the fair is from when she was 6 years old and terrified of the hogs. She was asked to board pigs and some high school girls could see that see was frightened - so they came over to her and showed her how to do it. Haley loves this memory because it shows the community that the fair brings.

Skyleigh James

Daughter of Jeremy and Rachael, is a graduate of Meridian High School who will be attending Texas A&M University in the fall to pursue a degree in Agricultural Education.

Skyleigh's involvement in the fair includes showing pigs and sheep through FFA and 4-H. This experience at the fair taught her the benefit of hard work and the impact agriculture has on the community

Skyleigh's favorite memory of the fair is going to the rodeo with friends and family.

Jamie Knode

Daughter of Kimberly Barron and Robert Knode, is a graduate of Sehome High School who will be attending California Polytechnic State University in the fall to pursue a degree in Animal Science.

Jaimie's involvement in the fair includes showing horses in 4-H from age 11 to 17. This experience at the fair taught her that not everyone has the same resources and experiences. We all come from different backgrounds and need varying levels of support.

Jaimie's favorite memories of the fair are when she woke up super early to go to all the barns so she could learn to show every animal when she competed in Round-Robin.

Emmy Kroontje

Daughter of John and Lesa, is a graduate of Lynden High School and the Whatcom Community College Running Start Program who will be attending Western Washington State University in the fall to pursue a degree in Biology. Emmy is particularly interested in the science behind improving the yield and quality of plants and produce. Combining modern day science with the centuries old farming wisdom passed down to her by her ancestors is fascinating to her.

Emmy's involvement in the fair includes 4-H, showing both beef and dairy cows and working in the Small Animal Experience. Her experience at the fair taught her about work ethic, the importance of mentoring others and taught her that the work you put into something is directly proportional to the results you see.

Emmy's favorite memories of the fair are the fair food, preparing her animals for show and working with her peers to complete early morning pitch-outs.

(Scholarships continued on page 51)

2022 Scholarship Recipients

Amanda Lenssen

Daughter of Terry and Crystal, is a graduate of Lynden Christian High School who will be attending Iowa State University in the fall to pursue a degree in Agricultural Studies.

Amanda's involvement in the fair includes participation in the Dairyland 4-H club as well as helping in the dairy and small animal experience while serving as a dairy ambassador. This experience at the fair taught her responsibility, endurance and the importance of community.

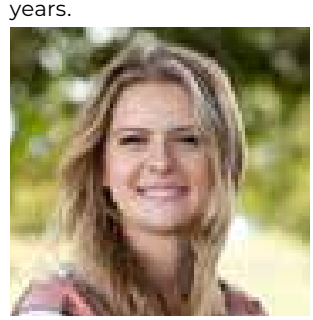
Amanda's favorite memories of the fair are showing cows in the dairy barn, seeing all the different animals (since she was little) and meeting new people.

Louisa Malnor

Daughter of Ron and Kathleen, is a graduate of Bellingham High School who will be attending Oregon State University in the fall to pursue a degree in Bio-resource Research.

Louisa's involvement in the fair included competing in Rabbit fitting and Showing - and preparing the young members of her 4-H Club to participate as well. She also participated in the Small Animal Round Robin. Her experience at the fair taught her that sharing knowledge is an excellent way to contribute to one's community, and you can almost always find people who share your enthusiasm for something - you just need to find a way to bring them together. Louisa also learned that hay racks are a worthwhile investment for raising rabbits as much less hay is wasted!

Louisa's favorite memory of the fair is seeing her 4-H students competing at the fair and doing so well! They became professional and confident over just a few years.



Lydia Rodriguez

Daughter of Hendor and Janelle, is a graduate of Lynden High School who will attend the University of Idaho in the fall to pursue a degree in Animal Science.

Lydia's involvement in the fair included showing dairy heifers, showing a pig and acting as the Whatcom Dairy Ambassador alternate. Her experience at the fair taught her that hard work pays off and you should keep pushing forward.

Lydia's favorite memories of the fair are the friendships she built from showing animals and - of course - all the fun rides.

Olivia VanderVeen

Daughter of Jason and Meagan, is a graduate of Lynden High School who will be attending Iowa State University in the fall to pursue a degree in Animal Science with an emphasis on Pre-Veterinary Medicine.

Olivia's involvement in the fair includes volunteering at Small Animal Experience, showing and selling make pigs with Country Partners 4-H club, entering still life projects and much more, This experience has taught her all the knowledge she has gained about our community and agriculture, public speaking skills, how to raise, show and sell a market hog, teamwork and work ethic.

Olivia's's favorite memories of the fair are (early) morning pitch outs, the first time showing a new animal, the 2021 Old Dominion concert and volunteering in Small Animal Experience.

Sydney Zandstra

Daughter of Josh and Lysa, is a graduate of Meridian High School who will be attending Whatcom Community College in the fall to pursue a degree in Biology. After that she hope to attend either Oregon State University or Washington State University to study Veterinary Medicine.

Sydney's involvement in the fair includes showing pigs and goats through 4-H and showing her horse through FFA. This experience at the fair taught her how to be responsible and hardworking, and how to be a good teacher and learner.

Sydney's favorite memory of the fair was when she was three years old! She got her very first goats (named Cookie and Turtle) from the fair and has been hooked on the fair ever since!

Competitive Exhibits

We ❤ Clean Hands

The Fair is a great place for summer fun. Keep it clean this year by using one of our handwashing stations conveniently located throughout the Fairgrounds.

When should I wash my hands?

- Often
- After being near animals, touching surfaces, using the restroom, playing outside, sneezing or coughing
- Before eating food

What is the right way to wash my hands?

- Use plenty of soap and water
- Get a good lather on your hands
- Wash your hands for 15 – 20 seconds or about as long as it takes to sing "Happy Birthday" two times through

Animal Health

Nothing says summer in Whatcom County like the Northwest Washington Fair. There is just so much to love about Moo-Wiches, grandstand shows, connecting with family & friends, carnival rides and curly fries.

But what would the Fair be without the animals? Whether dogs, chickens, cows, horses or pigs; everyone has their favorites. Hopefully we'll never be faced with learning the answer to that question. Animals are truly the backbone of the Fair.

Just like many aspects of the Fair, there is a back story that is important to share. Keeping animals healthy and the public safe, is critical to the enjoyment of this summertime event. And that's where local veterinarians shine.

Prior to the Fair, local veterinarians work with pet owners, livestock producers and animal enthusiasts to keep their animals in good health. Whether developing a vaccination program to prevent common diseases, treating an illness or injury, or discussing nutrition and housing to maximize production, this symbiotic relationship between owner and veterinarian rewards all involved with an animal that is ready to be proudly on display at the Fair.

But the story doesn't end there. Upon entry to the Fair, before the public even comes through the admission gates to enjoy their experience, the veterinary team from Kulshan Veterinary Hospital inspects every animal.

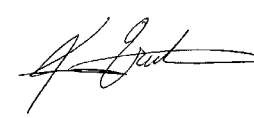
Depending on the species, the team reviews vaccination records, checks to make sure that these animals are not carrying diseases that could spread to other animals and confirms that each animal is in good enough health to be on display for the public's education and enjoyment.

Insuring that these animals are healthy is also critical in keeping fair goers safe. While it is not something that should scare people away from the animals at the fair, it's important to remember that animals can carry diseases that can spread to humans. The veterinarian's role in keeping animals healthy helps to reduce this risk as does washing one's hands (with soap and water) after petting animals and not eating/drinking when in the animal exhibits.

Whether it's the animals at the Fair or those that reside at our homes, keeping them healthy is essential in strengthening the human-animal bond.

The health care team at Kulshan Veterinary Hospitals and every other veterinary clinic in the county is dedicated to that important mission and to improving the wellbeing of all the animals within Whatcom County and beyond.

If you have questions related to animal health, please seek out your local veterinarian. They would be happy to delve deeper into these discussions.



Poultry Update

After careful consideration and per the recommendation of the Washington State Veterinarian, Amber Itle, we will not have a poultry show at the 2022 Northwest Washington Fair.

This was a very difficult decision, exhibitors of all ages put their heart and soul into their animals, but as cases of avian influenza continue to rise across our state, we must be responsible and do our part to stop the spread of this infectious disease.

We are looking forward to having our exhibitors and poultry back in the future.

Small Animal Experience

If you're looking for some all-age fun, stop by the Small Animal Experience for a healthy dose of cute!

This free exhibit features a variety newborn or small sized farm animals, including goats and piglets. Learn about dairy calves, take a selfie with a mini horse and interact with animal caretakers. Or do a bit of exploring and go on an epic animal scavenger hunt.

The Small Animal Experience is located in front of the Henry Jansen Livestock Barns in the big white tent and is open daily 10 am to 9:30 pm.

Proudly presented by

Dairy Education Center

Visit the Henry Jansen Livestock Barn for the ultimate Dairy Education Experience.

Here you can witness the miracle of birth or discover where the milk you drink actually comes from!

Step inside our birthing area on the South side of the Henry Jansen Barn, Known as tge Dairy Maternity Ward. With plenty of room to sit and watch a while, you may have the opportunity witness the miracle of life right before your eyes. Watch closely as each baby experiences their first steps in the Nursery. Miss the live birth? You can catch one on our continuous loop filmed at a local dairy.

Dairy Maternity Ward proudly presented by EPL FEED LLC

Stop by the Milking Parlor and watch how the milk you drink gets from moo to carton. Learn from our friendly dairy farmers; ask questions and take it all in from start to finish.

Lynden PRCA Rodeo

LYNDEN PRCA RODEO

Welcome to the 17th annual Lynden PRCA Rodeo!

We can't wait to bring Rodeo fans of all ages two nights of the most exciting rodeo action around. Lynden PRCA Rodeo is part of the Bank of the Pacific Grandstand Entertainment Series and is presented by Coastal Realty.

Performances start at 7pm; all seating is Festival seating. Tickets can be purchased online at NWWAFair.com or in the Fair office with a special deal for a two night ticket. . Kids 12 and under receive FREE admission into the Rodeo – come and enjoy the fun.

Enjoy an ice cold beer in our new Show Garden, available exclusively with your Rodeo ticket. Enter the Show Garden through the grandstand entrance and don't forget your ID.

ROUGHSTOCK EVENTS

In the roughstock events: bareback riding, saddle bronc riding and bull riding, a contestant's score is equally dependent upon their performance and the animal's performance. To earn a qualified score, the contestant, while using only one hand, must stay aboard a bucking horse or bull for eight seconds. If the rider touches the animal, themselves or any of their equipment with their free hand, they are disqualified.

In saddle bronc and bareback riding, a contestant must "mark out" their horse; that is, they must exit the chute with their spurs set above the horse's shoulders and hold them there until the horse's front feet hit the ground after the initial jump out of the chute. Failing to do so results in disqualification.

TIMED EVENTS

In timed events: steer wrestling, team roping, tie-down roping, and barrel racing; cowboys and cowgirls at "the other end of the arena" compete against the clock, as well as against each other.

A contestant's goal is to post the fastest time in his or her event. In steer wrestling and the roping events, calves and steers are allowed a head start. The competitor, on horseback, starts in a three-sided fenced area called a box. The fourth side opens into the arena.

A rope barrier is stretched across that opening and is tied to the calf or steer with a breakaway loop. Once the calf or steer reaches the head-start point - predetermined by the size of the arena - the barrier is automatically released. If a cowboy breaks that barrier, a 10-second penalty is added.

STOCK CONTRACTOR

C5 Rodeo Company was founded in 2008 by Vern McDonald. Since then they have grown to two locations, one in Lac La Biche, Alberta and one in Three Forks Montana. C5 Rodeo is currently one of North America's largest bucking horse supplies. The C5 Rodeo crew hopes everyone enjoys the rodeo in Lynden and is proud to be part of this great event.

RODEO FUNNYMAN

Rodeo funnyman Matt Merritt, the exclusive entertainer of the PBR Velocity Tour, keeps crowds across the country laughing. Known for his dancing skills, Matt loves to create an atmosphere that is fun for audiences of all ages.

ANNOUNCER

You will hear the voice of former rodeo contestant, turned rodeo announcer, Jody Carper, announcing the Lynden PRCA Rodeo. Jody's love for rodeo and his patriotism help make the Lynden PRCA Rodeo a great night at the Fair for families.
