Updated 06.07.2021

These conditions establish minimum standards and criteria under which a registrant will be offer a license to participate at the Northern Wisconsin State Fair (NWSF). These standards apply not only to new applicants for concession or exhibit licenses, but also to those who may be requesting extension of a license for continued participation. Any concessionaire or exhibitor failing to satisfy these criteria places their license to participate at the fair in jeopardy.

The Northern Wisconsin State Fair seeks to present the best quality, professional, customer service-oriented exhibits and concessions offered by as wide a variety of qualified business enterprises as possible and practical. All applicants are given equal consideration based on the applicant's ability to:

2. Present an attractive, professional display.
3. Offer unique products/services of high quality.
4. Abide by State of Wisconsin Department of Safety & Professional Services standards.
5. Meet financial responsibilities and all license obligations by specified dates.
6. Conduct business in an ethical and professional manner.

Major factors in consideration for a license shall be experience, documented management expertise, references from events of comparable size, product presentation and cleanliness of operation.

The NWSF shall exercise their best judgment in determining which new commercial exhibits and concessions will best serve the interest of its patrons. Among the factors to be considered in this process are:

1. Availability of appropriate commercial space.
2. Health and safety of Fair patrons.
3. Extent to which the proposed product/service duplicates those of other commercial exhibits and concessions.
4. Appropriate mixture and balance of products and services available throughout the Fairgrounds.
5. Originality and quality of the proposed products or services.
6. Experience and financial stability.
7. Quality of presentation and professionalism demonstrated.

8. Other factors as the NWSF deems appropriate in determining its best interests and those of its patrons.

Public Health Regulations:

The 2021 Northern Wisconsin State Fair will be following the guidance of the CDC and our theme of "Be Kind and Be Respectful" in response to the Covid 19 pandemic. NWSF will have a large supply of masks on hand for use. Please use good judgment when deciding if a situation warrants the respect and courtesy of putting your mask on. Unvaccinated vendors are asked to wear a mask in all situations that social distancing cannot be honored and are required at all times for all unvaccinated vendors handling food or drink. Vaccinated vendors are not required to mask, but if a situation requires one in order to "Be Kind and Be Respectful", that is who we are and will be. Any vendor handling food or drink is required by NWSF and Chippewa County Department of Public Health to wear gloves at all times. Each vendor must provide hand sanitation for their employees and have hand sanitation available to the public. We value our vendors, and our success is dependent on them and a strong customer relationship. We know that each member of our Northern Wisconsin State Fair vendor family feels the same as we do in that the customer's safety and respect comes before anything else.

Commercial Exhibits:

Commercial exhibits are places on the Fairgrounds to educate, inform, evoke public interest and create business opportunity. Concessions are placed to provide hospitality, shopping opportunity, entertainment and to serve the needs and wishes of a large, diverse audience.

The NWSF shall annually review all license agreements in consideration of offering a license for another term to operators from the previous term. The review will be based on new or changing public needs, physical changes to facilities and performance of the operator as measured by established standards. The NWSF will send notices to operators who held licenses during the immediately preceding term and subsequently are given an opportunity to obtain a new license. An acknowledgment and acceptance of the location assigned, deposits and other terms must be returned within 14 days of original mailing. Any requests for change in location, purpose or products must be noted on the acceptance and subsequently approved by NWSF administration as noted on the issued license.

New Licenses:

In furtherance of our stated policy to seek out best-quality commercial exhibits and concessions, the NWSF may solicit and receive written proposals from independent parties having an interest in obtaining licenses at the Fairgrounds. Proposals may be submitted at any time; they must be detailed in accordance with specifications provided in the Commercial Exhibit Application form. The NWSF shall exercise their best judgment in determining if changes in the present commercial space allocation are necessary and, if so, which new commercial exhibits or concessions would best serve the interests of the NWSF and its patrons.

1. NWSF has first option to purchase personal property.
2. NWSF Board of Directors must approve any and all sales of personal property on Fairgrounds.

Personal property used for events may not be left on Fairground's property unless approved by NWSF Administration. If event property is authorized equitable storage fees will apply.

NWSF reserves the right to remove or ask licensee to remove any personal property from the Fairgrounds.
