### BOWERS MANSION GHOST HUNT

However, beneath that eye-pleasing façade, the home hides a dark secret - it was the scene of a murder-suicide back in the '50s, and there've been numerous suspicious deaths in the home over the years. Historic Bowers Mansion is quickly growing a reputation for one of the most haunted locations in the country! Somewhat of a local legend, until recently no other paranormal group has been able to investigate this Texas Historic Landmark. Join Haunted Rooms America as we try and communicate with the spirits that are waiting to share their story with you! You'll learn the history, learn the techniques we use, get detailed info on the ghosts that haunt here, and you'll have a great time investigating with us in this huge and very haunted location!
