Palouse Empire Junior Market Stock Sale Association

2022 Sale Date: Saturday, September 10th at 11:30 a.m.

Buy an Animal for your Freezer:

You may bid on an animal of your choice at the sale or have someone else bid on it for you. (Volunteers are available – contact anyone in the Stock Sale Committee for details). Custom slaughtering services are available to take delivery of the animal at the sale for you. You will be responsible for the cost of processing the animal in addition to the auction bid. Many people purchase animal together and share it with family and friends.

Buy an Animal; Turn it to The Packer:

Many people want to support student showmen but may not need the locker meat. You can still bid on an animal above the floor price (determined in advance) of the packer. If you are the successful bidder, you turn the animal to the packer and simply pay the difference between the floor price and your bid. If you are having someone bid for you, ask the sale floor price and the approximate weight of the animal you are interested in. Since the cost of production is often close to or about the floor price, this personal contribution is a wonderful way of rewarding the hundreds of hours of work and preparation these young livestock producers have invested in their projects.

Any changes to Sales Slips signed at time of Sale must be made by 8:00 p.m. (Saturday Evening)
These Changes must be made in the Sale Office (located at the Fairgrounds).

How to Give Extra Support:

If you aren't prepared to purchase an animal, but would still like to support one or more of the youth livestock producers who go through the sale, Add-Ons will be accepted online as well as in the Stock Sale Office at the fairgrounds during the 4-days of the fair. Add-Ons **after** the fair will remain open only via the online site through 5pm on 9/25/22. More information about the online Add-Ons available in August from the Palouse Empire Junior Market Stock Sale Association.

Jane Lyman Memorial Award

Award: Belt Buckle (Awarded at the start of the Beef Market Sale).

Each Fair, a committee of judges within the Beef Barn will pick an exhibitor, 4-H or FFA that best exemplifies the traits of past Beef Barn Superintendent Jane Lyman. This includes, but is not limited to: Leadership, sportsmanship, willingness to help others, integrity, involvement and dedication to the Beef Barn, care and concern for others.

Joe Palumbo Memorial Award

The Joe Palumbo Traveling Trophy will be awarded to the Grand Champion Carcass Exhibitor and is to be kept for one year.

Carcass of Merit Award

Steer exhibitors whose carcasses receive grid prices better than the base price will receive awards. The top three carcasses will receive additional

recognition. General: To be eligible, a steer must be harvested at either at Washington Beef (or the facility where turned cattle are being sent) or Washington State University (unless special arrangements have been previously approved) and have been shown in the market steer class.

Objectives: To identify steers that produce desirable high yield and high-quality carcasses. To identify variations in the characteristics that affect differences in carcass value.

Requirements:

1. Minimum of 550 lbs. warm carcass weight.
2. Minimum of select quality grade.
3. Base grid price will be calculated on a yield grade 3, low choice carcass, utilizing the market prices at the time of the market sale. Cattle valued at or above the base price will receive a blue ribbon. Carcasses qualifying for Carcass of Merit Awards will be indexed as follows:
 - a) Dressing percent (yield of semi-boneless retail cuts) will be determined from the live and hot carcass weights.
 - b) A USDA grader will determine yield and quality grades by measuring the ribeye area, fat thickness over the ribeye and the kidney, pelvic and heart fat. If both halves of the carcass are evaluated independently, the results from the best half will be used. A yield grade will be calculated to the nearest tenth of a grade. A yield grade of 3.0 is equivalent to a 60% yield of semi-boneless, closely trimmed retail cuts. If the yield grade of a steer changes by +/- 0.1 (from (3.0), then 0.3% is added or subtracted from the base of 60%.
 - c) Quality grades will be based in terms of thirds of USDA grades or marbling scores.
 - d) Index discounts will be imposed for carcasses with hot carcass weights over 1050 pounds.

Steers will be ranked based on the price per hundred weight of the index. In the event that steers have the same index price per hundred weight, the steer with the highest quality grade wins; if quality grade for both steers is the same, then the steer with the lowest yield grade breaks the tie and wins.

Additional Rules and Regulations

- Official Scrapie Tag Requirement: All female sheep and goats, intact breeding males, must be identified with an official Federal Scrapie Flock Identification Tag prior to being admitted for exhibition or sale at the Palouse Empire Fair. This requirement is in compliance with Washington Administrative Code (WAC) Chapter 16-89 "Sheep and Goat Scrapie Disease Control". Listed sheep or goats without proper identification will be refused entry into the Palouse Empire fair.
- No washing of sheep at the Fair without permission of Sheep Barn Superintendent
- Call the Fair Office if you have any cancellations prior to the Fair to allow for adjustments in setting up pens.
- Exhibitor numbers and breeding stock information shall be given to the record keeper as you weigh in.
- No animal is eligible to enter in both market and breeding stock classes.
- Heavy muscled lambs will not be allowed to go through the Market sale or be entered in a market class. They can be shown in the appropriate breed class.
- Lamb Tail Docking: Scientific research indicates that the incidence of rectal prolapse is reduced when the tail is docked in a non-extreme manner. Complete tail removal (extreme docking) is not an accepted sheep production practice and will be discouraged at the Palouse Empire Fair. In order to determine extreme

docking, the gray tail docking measuring device will be used. The device will be raised in vertical plane and should catch enough tail to lift: this is comparable to two fingers width. A violation has occurred if there is inadequate tail to lift. The exhibitor will be informed with a correction expected for future Palouse Empire Fair participation.

- Lambs are not allowed out of the barn during the Fair with the exception of showing in the arena, prep work on the stands between Sheep and Swine Barns, and removal of lamb to exhibitor's home. Removal is only allowed with Superintendent's permission and knowledge.

General Rules and Regulations

- Official Scrapie Tag/Tattoo
- Requirements By order of the Washington State Department of Agriculture, effective May 16, 1999, all female sheep and intact breeding males must be identified with an official WSDA Scrapie Flock Identification Tag or tattoo prior to being admitted for exhibition or sale at the Palouse Empire Fair. This requirement is in compliance with Washington Administrative Code (WAC) Chapter 16-89 "Sheep and Goat Scrapie Disease Control". Listed sheep without proper identification will be refused entry into the Palouse Empire Fair.
- No washing of sheep at the Fair without permission of the Sheep Superintendent.
- Lamb Tail Docking: Scientific research indicates that the incidence of rectal prolapse is reduced when the tail is docked in a non-extreme manner. Complete tail removal (extreme docking) is not an accepted sheep production practice and will be discouraged at the Palouse Empire Fair. In order to determine extreme docking, the gray tail docking measuring device will be used. The device will be raised in a vertical plane and should catch enough tail to lift: this is comparable to two fingers width. A violation has occurred if there is inadequate tail to lift. The exhibitor will be informed with a correction expected for future Palouse Empire Fair participation.
- Sheep entries are to be made to the Fair office no later than August 1st.
- All exhibits are to be on the grounds by 8:00 p.m., Wednesday. The Fair Association will furnish bedding. Each exhibitor is encouraged not to waste bedding material. Exhibitors will furnish their own feed and feed boxes. A trim stand area is available for exhibitors.
