

**PPHM is excited and energized to host your students this school year!**

Our Education Department offers many different hands-on and informative adventures for your teaching needs and lesson enhancements. Our team is always creating new experiences and focused on your TEKS requirements. Whether you come here or we go to you, these opportunities are great for traditional and nontraditional education. We cannot wait to welcome you this year.

# TOURS

## Guided Experiences

Groups can choose up to three programs, activities, and/or tours for their visit. Each portion of a guided experience lasts about 20-30 minutes. Large groups of students will be divided into smaller groups of 20-30 students. Each group should have a teacher or a chaperone in charge. All guided tours include a hands-on-activity.

**Join in on PPHM's newest adventure!**

**We are booking now for the Science, Technology, Engineering, Arts, and Mathematics (STEAM) Lab.**

The STEAM lab will feature learning opportunities for all ages and grades. PPHM will utilize its collection to bring your curriculum to life! This hands on, engaging space can be used for anything from an art lesson about color theory to a lesson on wind energy, math concepts, and so much more. Our STEAM Education team will tailor the experience to suit your group or class needs and learning objectives.

*“Our students were so engaged visiting the new STEAM Lab! They enjoyed building their own aerodynamic cars and racing them on the floor!”*

*-Ann Nelson with Nazareth ISD*

**We offer an abundance of TEKS based projects such as:**

- Designing roller coaster (Force, Motion, and Energy: 5.6D, 3.6B)
- Heating and cooling experiments (Matter and Energy: 1.5B)
- Plant water filtration experiments (Organisms and Environments: 3.9A, 3.10C) and many more!
