THE PURPOSE OF THE PLANT PRODUCTION PROJECT IS.....

1. To acquire an understanding of plant production by preparing for, purchasing, caring for, and keeping records on one or more plants;
2. To be able to identify the types and grades of plants and employ efficient methods of marketing;
3. To understand the business aspects and economics of plant production and the horticulture industry;
4. To properly grow and display plants;
5. To develop integrity, sportsmanship, and cooperation; and
6. To develop leadership abilities, build character, and assume citizenship responsibilities.

YOUTH PLANT SHOW PROJECT AGREEMENT

My Responsibility

I hereby certify that as the exhibitor of this project, I have personally been responsible for the production of these plants, have personally kept records on this project and have personally completed this record book. I understand that I am responsible for knowing all of the Rules and Regulations for this show.

I ACCEPT THESE RESPONSIBILITIES:

Date

Exhibitor Signature

Parent / Guardian Responsibility

I/We, the parents certify that our son/daughter has completed this project and completed this record book and will comply with all of the Rules and Regulations of this show.

Date

Parent or Guardian Signature

Advisor / Leader Responsibility

This student is an active member of the _____
FFA Chapter / 4-H Club, and is eligible to exhibit plants at the Pasco County Fair. I verify that this record book has been completed by the student, and is an accurate representation of the project.

Date

FFA Advisor / 4-H Leader Signature

GARDEN CENTER DISPLAY INFORMATION

Knowledge of the plants you grow is important in growing high quality plants efficiently and in helping your customers select the best plants for their use. This section will provide the information you need to grow and sell your plants.

You will be asked these questions for each of your plant entries by the judges for Garden Center Display (see page 18).

For each entry (or species of plant in dish or water gardens) make copies and fill out the following form

Plant Care Information	
Plant common name: _____	
Scientific Name: _____	
Right Plant Right Place	What is the right place for this plant?
	USDA Hardiness Zone:
	Height:
	Spread:
	Growth rate:
	Light Requirement:
	General Use:
Water Efficiently	How should this plant be watered in the landscape?
	Drought tolerance
	During establishment
	After establishment
Fertilize Appropriately	How should this plant be fertilized?
	During establishment
	After establishment
Attract Wildlife	Does this plant flower or fruit?
	Flower:
	Fruit : Edible?
	Other:
Manage Yard Pest Responsibly	What are some common pests with this plant?
	Insects:
	Diseases:
	Other:
Other Information	What other information should I know?

Example on how to fill out

Plant Care Information	
Plant common name: <u>Variegated Pittosporum</u>	
Scientific Name: <u>Pottosporum tobira 'Variegata</u>	
Right Plant Right Place	What is the right place for this plant?
	USDA Hardiness Zone: <u>8-11</u>
	Height: <u>8- 12 feet</u>
	Spread: <u>12-18 feet</u>
	Growth rate: <u>Moderate</u>
	Light Requirement: <u>Plant grows in part shade/ part sun</u>
	General Use: <u>Screen; hedge; mass plant; container or above ground; ground planter; train as a standard</u>
Water Efficiently	How should this plant be watered in the landscape?
	Drought tolerance: <u>High</u>
	During establishment: <u>(3 gallon size) 1 quart for 3-6 months, if warm season, daily for first few weeks, then every other day, then every third day until established; less if cool</u>
	After establishment: <u>As needed, drought tolerant do not over water</u>
Fertilize Appropriately	How should this plant be fertilized?
	During establishment: <u>If desired, slow release on root ball or mulch</u>
	After establishment: <u>Varies with maintenance level; Basic 0-2lbs N/1000 ft²; moderate 2-4 lbs; high 4-6 lbs; see pest section other</u>
Attract Wildlife	Does this plant flower or fruit?
	Flower: <u>White, spring flowering, pleasant fragrance</u>
	Fruit : <u>Irregular, less than .5 inch; dry hard cover; red; inconspicuous and not showy</u> Edible? <u>No</u>
	Other:
Manage Yard Pest Responsibly	What are some common pests with this plant?
	Insects: <u>Cottony cushion scale & aphids</u>
	Diseases: <u>Leaf spot and root rot diseases, avoid planting in areas where water accumulates</u>
	Other: <u>Micronutrient deficiencies become obvious on soil with a high pH</u>
Other Information	What other information should I know?
	<u>Can be maintained at any desired height by selective hand pruning, Highly salt-tolerant growing right up onto the sand dunes along the ocean, Grows well on a variety of soils in full sun to partial shade. Growth rate is rapid on well-drained, acid soil of average fertility, Can tolerate occasional drought. Does not tolerate poorly drained or wet soil since root rot quickly infects and kills the root system.</u>

GOALS & OBJECTIVES

List and explain what your goals or objectives for this project this year. You must list at least 3 goals or objectives.

- 1. _____

- 2. _____

- 3. _____

Knowledge I have gained or goals I have achieved during this project. Must list at least 3.

- 1. _____

- 2. _____

- 3. _____

PROJECT INVENTORY

Beginning Inventory – Date Started: _____

Ending Inventory – Date Completed: _____

The opening inventory is any equipment you had at the beginning of this project. This would include such equipment as water hoses, nursery carts, or pruning shears. If you had a project last year, then use your previous years closing inventory for this project's opening inventory.

Beginning Inventory		
Date	Equipment, Supplies and Plant Materials	Value
Total Value of Beginning Inventory		\$

Record all of the equipment, supplies and plant materials you have on hand at the end of the project. This would include such equipment as water hoses, nursery carts, or pruning shears. Depreciate the equipment by 10% of the original or previous value to get the final value.

Ending Inventory			
Description of Item	Previous Value	-10%	= Final Value
	\$	\$	\$
Total Value of Ending Inventory	*****	*****	\$

PRODUCTION COST RECORD

Include everything you buy or rent for your project on this page (but do not include items from the opening inventory). You can include any items for your project that are gifts, but be sure to estimate the value.

You should include: FFA or 4-H dues, cost of plants, potting media, containers, fertilizers, pesticides, cost of building supplies used in growing area or a rental fee for the growing area, travel expenses, postage, stationary, film, ink pens, record book folder, sheet protectors, etc. Remember to include equipment listed in expenses on your closing inventory.

PRODUCTION COSTS				
Date	Description of Item	Quantity	Price Per Unit	Total Cost
			\$	\$
	TOTAL EXPENSES	*****	*****	\$

ESTIMATED RECEIPTS

Use the wholesale price of the plants that are alive and in good condition for the show at the end of your project to estimate receipts.

This information can be found in plant locators and on the internet.

ESTIMATED RECEIPTS					
Date	Description of Item	Container Size	Qty	Price per Unit	Value
				\$	\$
	Total Estimated Receipts	*****	****	*****	\$

FINANCIAL SUMMARY

RECEIPTS

A. Total Value of Ending Inventory (page 7) \$ _____
 B. Total Value of Estimated Receipts (page 9) \$ _____
 C. Total Receipts (line A + line B) \$ _____

EXPENSES

D. Total Value of Beginning Inventory (page 7) \$ _____
 E. Total Expenses (page 8) \$ _____
 F. Grand Total of Expenses (line D + line E) \$ _____

NET PROFIT OR LOSS (line C - line F)

If line C is greater than line F, Profit \$ _____
 OR if line F is greater than line C, Loss \$ _____

PRODUCTION COSTS PER PLANT. Production cost per plant \$ _____
 (Line F / total number of plants at end of project)

In future projects, what would you do to decrease your production cost per plant?

PICTURES OF YOUR PROJECT

Include photos that show your plants at the start of the project, **information you have learned or skills you have acquired**, and your plants at the end of the project. Include a statement with each picture. Each statement should be no more than fifty (50) words. Make sure you use correct spelling, grammar and punctuation. Include a minimum of four (4) photos and a maximum of eight (8) photos. Add additional pages as needed.

PICTURES (continued)

**REQUIRED PASCO COUNTY FAIR DOCUMENTS
ENTRY FORM, POTENTIAL BUYERS LETTERS
AND
ACADEMIC SATISFACTION FORM**

Please put a copy of your entry form and copies of letters sent to potential buyers following this page. You are required to send a minimum of five (5) letters and will get bonus points for each additional letter you send.

Attach copy of your report card of your first semester report card along with the 2023 Academic Satisfaction Form .

2023 ACADEMIC SATISFICATION FORM

PASCO COUNTY FAIR YOUTH PLANT SHOW

This is to certify that _____

currently maintains the equivalent of a 2.0 grade point average or higher.
