4-H is the youth development program of Washington State University Extension, and is managed jointly by the U.S. Department of Agriculture, Washington's land grant university (WSU), and Pierce County government. 4-H is everywhere - in cities, suburbs, small towns, and rural communities. 4-H is the largest youth development organization in the nation. The United States has more than five million members and 600,000 leaders. Around the world, 4-H type clubs exist in at least 82 countries. 4-H serves a broad clientele, with expanded program focus using a variety of delivery methods that incorporate its theme of learn by doing.

4-H exhibits are judged by the Danish System. Each entry is judged on its own merit taking into consideration the age of the exhibitor, the degree of difficulty of the project, and the number of years in the project. All entries receive a ribbon unless the exhibit was disqualified.

Herdsmanship:

- Per the Fair Guidelines, all those exhibiting animals must participate in that project's Herdsmanship requirements.
- Each exhibitor will be required to participate in Herdsmanship for a minimum of 1 hour per day. (Additional number of hours will be determined by the number of exhibitors.) Failure to participate will result in the loss of Premiums.
- Herdsmanship schedule will be available at the barn set-up. Those who participate in the barn set-up will have first opportunity to sign-up for Herdsmanship times, as soon as setup has been completed. Those who do not attend will be able to sign up for Herdsmanship Wednesday during vet check.
- A minimum of 2 exhibitors will be required to be on duty during Herdsmanship times. These times are 9:00 am to 10:00 pm each day except Sunday which is 9:00 am to 6:00 pm. If your Herdsmanship time falls during a time in which you are participating in another rabbit barn activity, you must make arrangements with the Superintendent and find a replacement. It is then your responsibility to make up the lost time.
- Club or Project leader will ensure that all members participate in Herdsmanship and that an adult (or teen leader) is in the barn during their members Herdsmanship times.
- At the beginning of each shift the exhibitor will check in with the superintendent/assistant. If you are unable to make your shift, you are responsible to find a replacement AND make up the time.
- Proper attire (pants and long sleeve shirt) is to be worn during Herdsmanship. Aprons or Pins must also be worn identifying you as the "Herdsmen on Duty". Long sleeves are required to remove your rabbit from its cage. NO ONE is to remove anyone else's animal from its cage. Exception to this rule is with permission from the Superintendent.
- A Herdsmanship award may be awarded to the outstanding herdsman in each level (Junior, Intermediate & Senior). This will be based on participation, cooperation, enthusiasm and hard work. This is awarded solely on the discretion of the superintendent and/or appointed judge.

4-H PET DEPARTMENT (continued)

Fitting & Showmanship:

- The definition of showman in the Merriam-Webster dictionary is a person having a special skill for presenting something in a dramatic way. Showmanship is the skill or ability of a showman, so when we think about understanding the basics of showmanship when showing animals, we must think about the person doing the showing.
- Showmanship is about the person handling the animal; presenting and showing the animal to the best of a person's ability. It is about making sure the showman is looking at the judge at all times. Showmanship is really about how hard a person has worked, prepared and presents their animal to the judge.
- Judges may be looking at your animals to evaluate them, but in showmanship they are evaluating the showman and how he or she is working with their animal and handling themselves. Showmanship is about teamwork, an important life skill, where the youth and animal learn to work together and demonstrate their hard work for a judge.
- Here are some important things to know about showmanship:
 - Parts of the animal. During showmanship, many judges will ask participants different body parts. A showman should know their animal and where the different body parts are. Younger youth should learn the basics, but older youth should know all of the parts. Before a show, practice identifying all the body parts.
 - Position of the animal. The judge wants to see the animal, so during showmanship the judge should see you and the animal at all times. Each species has different ways of being presented for the judge, so know how to position your species for the show. Most of the time, you want to keep the animal between you and the judge.
 - Keep an eye on the judge. One of the most important things in showmanship is knowing where the judge is and always keeping an eye on them. If the judge signals you to do something or tells you to stop, it is important to be paying attention.

- Horns allowed on Pack, Meat and Fleece Goats only. Horn tips or scurs exceeding 1 inch in length must be covered prior to vet check with balls or other form of cushioned bumper and must remain on for the duration of the fair. To encourage community and continuity we decorate the goat barns together as Pierce County Goats, not as individual 4-H clubs. The 2021 decoration committee chair is Anne Marie Davis. We encourage each 4-H goat club to have at least one person serving on the decorations committee. Please contact Anne Marie at smoothwalkingal17@yahoo.com for more information.

Exhibiting goats at the Pierce County Fair is so much fun! Dairy, Meat, Pack, Pygmy and Fleece Goats are all different departments/types of animal projects at the fair, each with different schedules and requirements that take time and energy. To help ensure a great experience at the fair, we highly recommend that Juniors and first year exhibitors of any age limit themselves to exhibiting one department/type of animal project at the fair.

Exhibitors will show consideration and sensitivity toward the public visiting the Fair.
- Stalls will be assigned by the superintendent. Exhibitors may be limited to the number of entries depending on space available, maximum two (2) per lot; therefore, list entries in order of preference beginning with your fitting & showmanship animal.

- Fitting & Showing Livestock (EM 1982) will be the guide for Fitting & Showmanship.

- Classes may be split or combined as per the superintendent's discretion.
- It is recommended that not more than two projects be exhibited at the Fair. Example: Poultry and Sheep or Beef and Rabbits.
