

Market Steer Average Daily Gain award

Market steers are officially weighed in on the 1st Tuesday of November and the final weight on the 1st Saturday of the fair. These weights are used to calculate the average daily gain premium money, at the rate of .30 cents per pound of gain in excess of two pounds per day. **This year's Market Steer Gain in weight award goes to Jackson Altman with an average daily gain of 3.96 lbs.**

Best Overall Project award

The Best Project Award is awarded to the exhibitor that has the largest sum of premium money. These premiums come from the Skill-a-thon, Herdsman ship, Record book, Showmanship, Homegrown award, Class, Division and Champion placing. In the Steer show the Average daily gain money is also included in this award.

Best Overall Project awards – Sponsored by the Putnam County Chamber of Commerce
