86th Annual Rio Grande Valley Livestock Show & Rodeo

RGVLS Board President
Horacio “Lacho” Garza

Howdy!

It is with great pride and a deep sense of tradition that I welcome you to the 2025 Rio Grande Valley Livestock Show & Rodeo. This annual event holds a special place in the hearts of our community, symbolizing not only the rich agricultural heritage of the Rio Grande Valley but also the enduring spirit of our youth who are the backbone of tomorrow's agriculture.

Since its inception, this show has grown from a modest gathering of local ranchers and farmers to one of the premier events in Texas, attracting participants and visitors from far and wide. Every year, the show evolves, bringing new opportunities and experiences while staying true to the values and traditions that have made it a cornerstone of our community. It's a place where young exhibitors showcase their hard work and dedication, where families come together to enjoy the excitement of the rodeo, and where lifelong memories are made.

As we enter 2025, we do so with a renewed commitment to excellence, education, and community. This year's show promises to be bigger and better than ever, with a host of new attractions, expanded livestock competitions, and thrilling rodeo events that will captivate audiences of all ages. But beyond the fun and festivities, the Rio Grande Valley Livestock Show & Rodeo remains a vital platform for supporting youth development and promoting agricultural education. The skills learned and the values instilled here—hard work, responsibility, and perseverance—are those that will guide our young people as they grow into the leaders of tomorrow.

To all our exhibitors, volunteers, sponsors, and supporters, I extend my heartfelt thanks. Your dedication and generosity are what make this event possible. I encourage everyone to take part in this year's show, whether as a participant, spectator, or supporter. Let us celebrate our shared heritage, enjoy the camaraderie, and create lasting memories.

Here's to a successful and unforgettable 2025 Rio Grande Valley Livestock Show & Rodeo!

Horacio “Lacho” Garza, President

2025 RIO GRANDE VALLEY LIVESTOCK SHOW & RODEO CHANGES & REMINDERS

APPLICATION OF RULES

The General Rules and Regulations apply to every division listed in this book. There are also rules specifically for the Open Shows, Junior Shows and Departments within these divisions. Exhibitors are responsible for reading, learning, and following all the rules that apply to the division entered.

All changes and reminders can be found throughout this premium book **highlighted in yellow**.

Market Hogs

- Rule 8 – Minimum weight is 240 lbs. Maximum weight is 300 lbs. Animals will be reweighed at the discretion of the Division Chairman. Hogs that are found to have injuries or illness are subject to sift at the discretion of the show veterinarian.

Market Steers

- All steers will be weighed by the committee during the sift. Any steer found to weigh under 1000 lbs. (5% variance not applicable) will be immediately sifted and required to be removed from the show grounds. The sift weight will serve as resale weight, not the steer's show weight.

Jr/Open Breeding Goats

- Commercial Does will be divided into 3 divisions by weight and judged accordingly. The number of classes will be dependent on the number of entries. Entries will be placed 1, 2, 3, etc. in each class.

Jr Breeding Gilts

- See order of breeds

4-H/FFA Shop Projects

- Photo with entry will no longer be mandatory.
- There will be a silent auction for qualifying shop projects.

Champs for Champions Scholarship

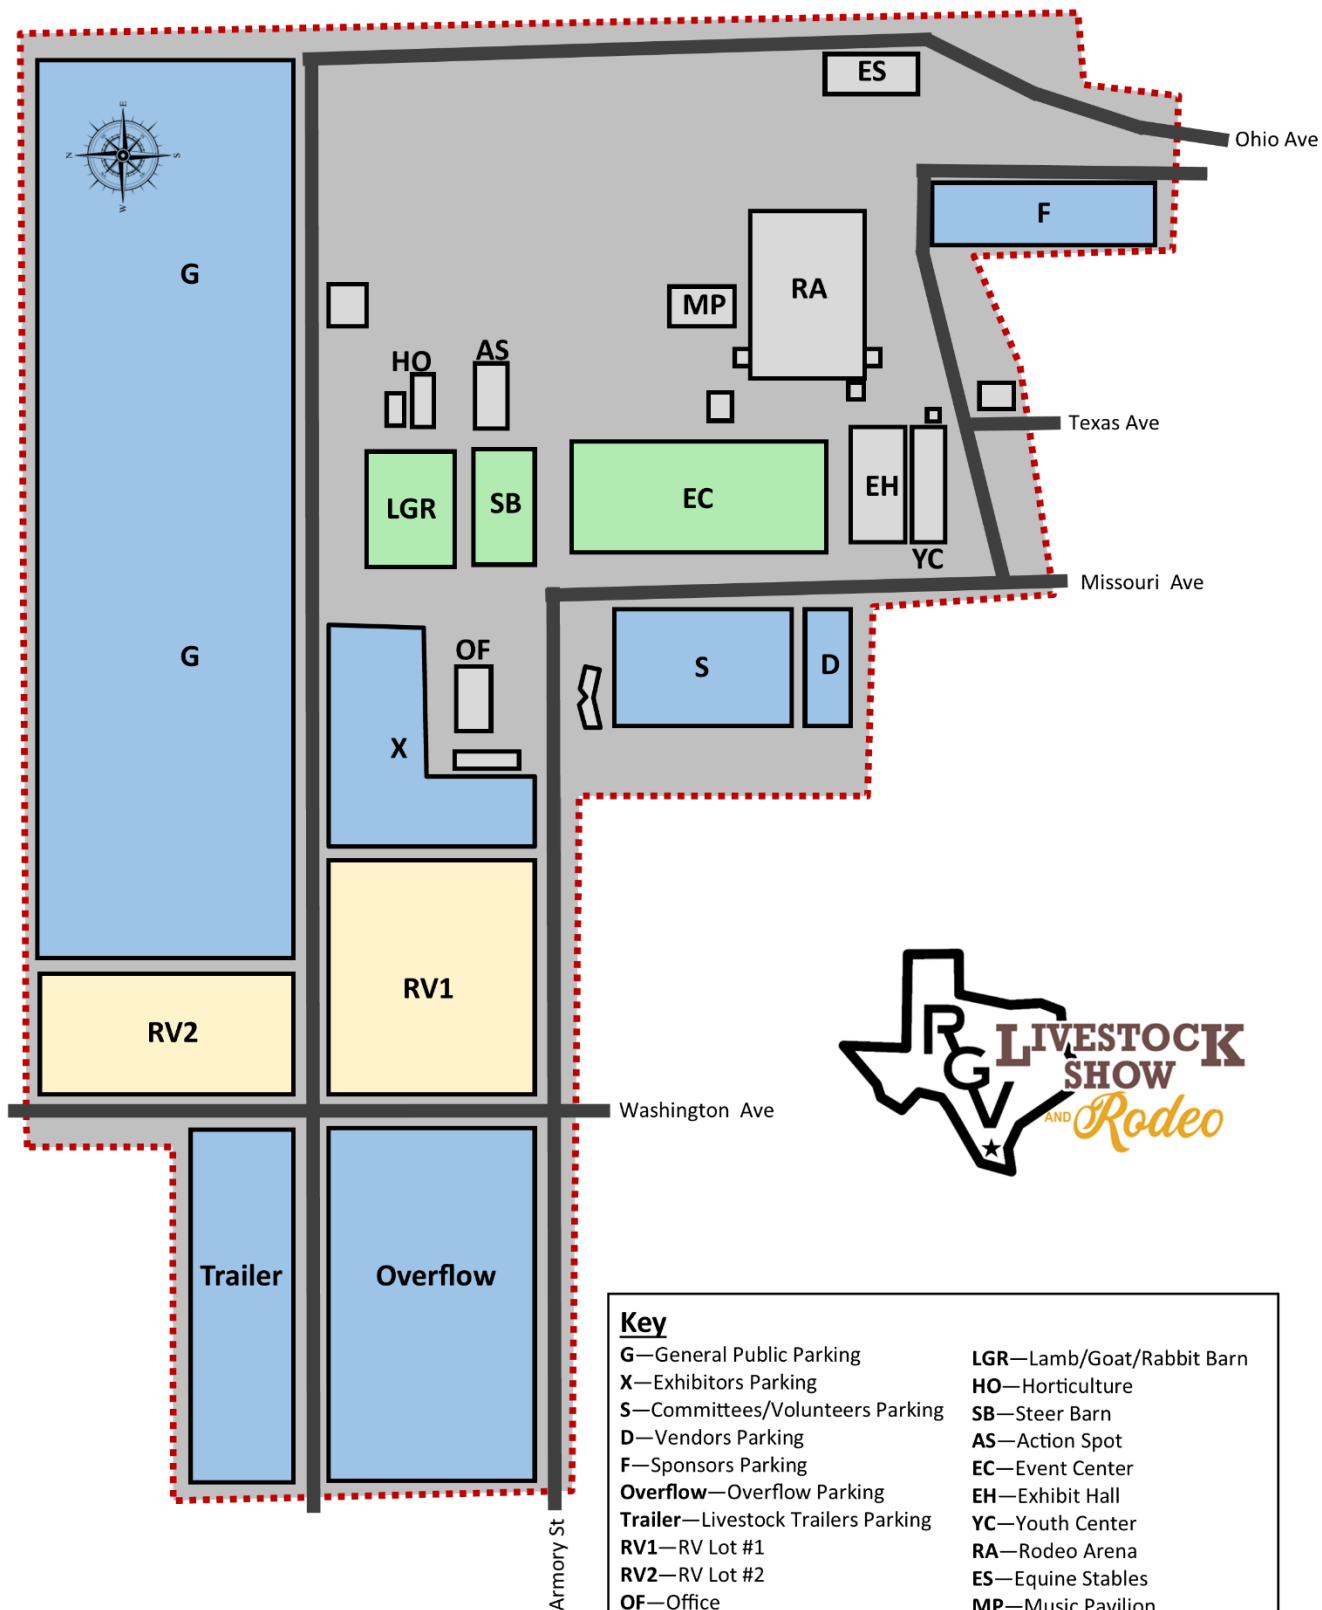

- Submission of the Champs for Champions Scholarship will be online only. Paper submissions will no longer be accepted.
- Application deadline will be December 15, 2024. Applications will not be accepted after the deadline, no exceptions.
- Redemption request deadline will be June 15th of the year following the exhibitor's high school graduation date.

Miscellaneous

- Animals being held in sample collection areas for drug testing will be allowed to be watered/drenched and fed if so desired by the exhibitor. Only the exhibitor, parent/guardian, or AST/4-H Leader will be allowed to do so. It will remain their responsibility to make certain that the animal is still within its allowed weigh-back range.
- Showmanship registration will be done onsite only.
- **No parking passes will only be sold onsite. (X)** - All X pass purchases must be purchased through the online entry system. X passes will NOT be sold during the show dates or in the livestock office.
- **Late entry fees apply to all categories after January 15, 2025, deadline, including any parking passes.**
- Online add-on system will run from March 6-17, 2025. Add-ons will not be accepted after this deadline.
- Safety of all exhibitors and volunteers – In the case that an exhibitor loses control of their animal, the superintendent reserves the right, at any time, to have the animal secured and removed from the arena to prevent the injury of the owner/exhibitor, other exhibitors, arena staff, and/or others. Any animal that is removed from the arena for safety reasons may be disqualified.
- No drenching, watering/feeding, or grooming (cleaning or wiping of feces/debris is not considered grooming) is allowed while in the "holding area" at any time.

The exception to this rule will be duty roster signs. These must be no more than three feet wide and four feet in height. Decoration of stalls will take place during designated times only.

Exhibitors showing in the junior show must stall with their respective 4-H club or FFA chapter, and they must post signs that reflect that club or chapter.

Exhibitors of Open Breeding Cattle are permitted to display a sign over the exhibit advertising their own herd. This sign shall be a reasonable size so as not to obstruct the view of other exhibitor's signs or exhibits of livestock. Signs not to exceed 22x28 inches may be used to advertise individual animals with an individual exhibit. No "For Sale" signs will be permitted. All other forms of signs or advertising must be approved by the Show.

The Show, at its sole discretion, may have any signs removed that violate these provisions or which it otherwise finds objectionable for any reason.

RULE 16. SIFTING OF LIVESTOCK

If the classifier, sifters, Show Management, or RGVLS Director determine that an animal is lacking in competitive merit or is not adequately controllable for any reason, it will be eliminated, disqualified from further competition in that year's Rio Grande Valley Livestock Show. All sifted market animals will be returned to the exhibitor and must be immediately removed from the showgrounds. Junior exhibitors must personally present their animals for sift. Substitute junior exhibitors may present an animal for sift only if approved by the division superintendent. No adults will be allowed in the sifting area.

RULE 17. JUDGING RULES

The time of judging the livestock will be announced prior to the Show. All exhibitors must be on hand at the time of judging to present their animal promptly on schedule. The deposit will be forfeited if the protest is not sustained. No protest will be accepted challenging the policy reflected in any rule, only its application or administration. All policy decisions of the Show reflected in these rules are final. No protest will be accepted regarding the merits of the judge's decision unless it is alleged that such decision was made in violation of these rules. The Executive Committee of the Show shall have the sole right and authority to review and decide the protest. In so doing, it may use the information contained therein and any and all other information, which it may be able to acquire from any source. The protesting party will be notified of a time and place within twenty (20) days of the date of the protest when the protesting party, in person or by representative so authorized in writing, may appear before the Executive Committee to state his/her position or present additional evidence competent under the Texas Rules of Evidence. Each such presentation shall be limited to ninety (90) minutes in total time. Non-appearance at the time scheduled will constitute a default of the protest. The Show will not be required to produce any controvert evidence at the presentation. The protesting party will be allowed to request advance production of any controvert evidence to the extent it is available when requested. Within ten (10) days of the date of the scheduled presentation, the Executive Committee will forward its decision in writing to the protesting party at the address of that party's application and to any representative so authorized in writing. The decision of the Executive Committee shall be final in all respects. Compliance with this rule in all respects shall be an absolute administrative prerequisite to any further action of any kind.

RULE 22. STAYING OVERNIGHT ON THE SHOWGROUNDS

Any person on the Rio Grande Valley Livestock Showgrounds who refuses to allow a search of his/her person, exhibit area, supplies, overnight living quarters, vehicles, or other facilities under their possession or control within the confines of the Showgrounds for substances prohibited by these rules may be subject to the penalties as specified in Rule 1. Constructive possession is the existence of substances in or within the areas specified herein other than on the person.

RULE 24. GROUND SECURITY

All exhibitors are always solely responsible for the security and condition of their animals until delivered to the truck or other conveyance of the buyer. The Show is in no way responsible for the security of any animal or exhibit. Each FFA Chapter and 4-H Club must supply the name and phone number of a person who can be reached at all times during the Show in case an emergency arises.

RULE 25. WRISTBANDS & GATE TICKETS

- One exhibitor wristband will be provided to FFA, FCCLA and 4-H Club advisors for each exhibitor listed on their summary sheets. Wristbands must always be worn during the Show. The wristband will serve as the exhibitor's admission to the showgrounds. Double entry in the Open and Jr Divisions by a Jr exhibitor does not entitle the exhibitor to additional passes and/or parking permits. Exhibitors who participate in FFA and 4-H are not entitled to any additional wristbands. No lost or stolen wristbands will be replaced.

- Agriculture Science Teachers and 4-H club managers: Complimentary season gate passes will be allowed each AST and 4-H club manager based on the following number of exhibitors as shown on their summary sheet. 26. SALE – MARKET ANIMALS

As this is a terminal show, exhibitors must sell all market steers, hogs, lambs, goats, poultry, and rabbits that show in competition during the Rio Grande Valley Livestock Show. There will be no take-home market animals, except those ordered by the Show to be removed due to sickness or sifting. All market steers, hogs, lambs, and goats will be sold by the pound. Market rabbits and poultry will be sold by the pen. The Show reserves the right to return market animals to their exhibitors in the event a bid cannot be obtained by the Show.

27. OWNERSHIP & ANIMAL IDENTITY

Ownership of all terminal projects will remain with the exhibitor until the project is delivered on or to the truck or other conveyance of the buyer. All entries must be in line with all state validation requirements and follow all state validation regulations. Animal Identity DNA Testing – As a condition for participation in the Show, every exhibitor must agree to submit DNA Validation/Registration samples of any and all animals entered by the exhibitor for the purposes of identification. The Show requires the animal exhibited at the Show be the same as the animal enrolled at the validation/registration event. The Show specifically reserves the right to obtain and maintain hair and/or blood DNA samples and have analysis made on any animal entered for the competition. The conclusion reached by the testing company/laboratories shall be final, without recourse against the Show or its service providers. If the animal's identity (Show sample) is found to differ from its validation/registrations sample, then the exhibitor will forfeit any awards, prize money and/or sale proceeds and may forfeit all rights and privileges to exhibit in the future at the Show.

Livestock projects must be raised at the physical address of validation record. Prior approval must be granted by the "Species Specific County-Level State Validation Committee" in the event the animal will be outside the direct care of the exhibitor, immediate family and/or the supervising CEA or AST. Failure to gain approval from the supervising AST/CEA and the Species-Specific County Level State Validation Committee will result in the disqualification of all state validated livestock.

These animals will be checked against health certificates at the gate of the showgrounds. Unethical fitting is any physical or physiological attempt to alter the natural confirmation, musculature, body part, or weight in any animal.

RULE 30. MEDICATIONS

Exhibitors who have animals on the grounds requiring the service of a veterinarian, should report to the superintendent of their division who will call a veterinarian. After that, exhibitors should wait near their animal until a veterinarian arrives. If an animal of an exhibitor needs medication, the decision to give it or allow it to be given is solely that of the exhibitor, regardless of consent or lack thereof from the Show and the effect on the animal of its administration, or lack thereof, is solely the responsibility of the exhibitor. If the medications used to treat the animal are, or could be, hazardous to humans if consumed, the animal must be removed from the showgrounds immediately. If the animal of an exhibitor is medicated without the expressed consent of the Show's General Manager or Official Veterinarian, and it tests positive for the substance administered, the provisions of Rule 1 will apply. Payment of veterinary fees is the responsibility of the exhibitor.

Rule 32 establishes a zero tolerance for any type of medication in an animal unless the Show's General Manager or Official Veterinarian has given expressed written consent. Should any such medication be found in the actual or constructive possession of any other person, that person may be expelled from the showgrounds for a length of time to be determined in the sole discretion of the Show. Veterinarians bringing such medications onto the showgrounds for the possible treatment of animals pursuant to this rule should advise the Show's General Manager or Official Veterinarian before doing so or they will expose themselves to the provisions of this rule.

2. Exhibitors must be in the third grade or 9 years old but less than 20 years of age as of January 1, 2025.
3. Livestock projects must be raised at the physical address of validation record. Prior approval must be granted by the “Species Specific County-Level State Validation Committee” in the event the animal will be outside the direct care of the exhibitor, immediate family/guardian, and/or the supervising County Extension Agent or Agricultural Science Teacher/County Extension Agent and the Species-Specific County-Level State Validation Committee will result in the disqualification of all state validated livestock.
4. All goats must be state validated and recorded in Cameron, Hidalgo, Starr, or Willacy counties by October 31, 2024. All market goats entering the showring are required to have legible/visible state validation tattoos and ear tags. RGVLS will adhere to all state validation guidelines and decisions.
5. Goats may be of any breed or crossbreed, a wether, or unbred doe.
6. Market Does brought to the showgrounds must have a Premise ID Tag issued by the Texas Animal Health Commission. If an exhibitor has purchased a market doe from a breeder, the breeder should supply the Premise ID Tag.
7. An exhibitor may enter only one market goat.
8. All exhibitors participating in showmanship will register onsite.
9. Any animal which has sold in a terminal auction at another show will be ineligible to show unless the proper Change of Ownership forms are received, reflecting why there is evidence of more than one validation and that the previous validation(s) have been canceled.
10. Exhibitors must declare the animal’s weight at the time they sift and classify. The weight listed on the weight card will become that animal’s official declared weight to be used for weigh back and selling purposes. Exhibitors must

complete the weight card to include declared weight and state validation tag number. The accuracy of information submitted and recorded is the sole responsibility of the exhibitor.

11. The decision of the sifters will be final. Protests will not be accepted on sifter's opinion.
12. After sifting, the goats will be divided into five weight divisions as equitably as possible. Each weight division will then be divided into four classes as equitably in number as possible. All goats of the same weight will be put in the same weight group.
13. Exhibitors must remove goats that are sifted from the showgrounds immediately after sifting. All others must be consigned by the exhibitor and or buyer to the processing plant, individual, etc. assigned by the Show management. All Market Goats will be sold to the person or company submitting the highest bid. Violation of this rule will result in exhibitors being barred from future shows.
14. Goats must meet the following requirements or be sifted:
 - a. Must weigh at least 65 pounds. The maximum weight for all goats will be 120 pounds.
 - b. Any goat that has had its natural musculature or weight altered by use of injections or ingested material not conducive to the continued health of goats or marketability of goat carcasses will be sifted.
 - c. All goats must be slick shorn from the knee and hock up with 3/8 inch of hair or less.

 - e. Goats must be creditable from standpoint of quality, finish and not have been mutilated in any way at the time of sifting.
 - f. Exhibitors must have a collar or halter on their goat at all times during sifting.
 - g. Significant clipping/shearing on the body at the showgrounds is not considered touch up clipping, and the goat is subject to disqualification.
15. Trimming Tables: No Trim Tables or show rails are permitted on the grounds. All market goats must be clipped before arrival to the showgrounds. Individual free standing head stanchions are allowed, but they must stay within the pen and must not block alleys and/or pedestrian traffic.
16. No corded blowers will be permitted during the Junior Market Shows.
17. Chokers and spikes will not be permitted during sift or during judging.
18. Fitting: Pure water ONLY. If an exhibitor is caught at the gate with a foreign substance on a goat, there will be immediate disqualification. Foreign material including (but not limited to) painting, powdering, oiling, artificial coloring, or adhesives is prohibited. No clippers requiring an electrical cord are allowed to be used once the animal has arrived on the showgrounds. Touch up clipping below the knees and hocks with cordless clippers, scissors, or hand shears will be allowed.
19. Only exhibitors and show officials will be allowed in the holding areas, judging arena, or on the arena director's stand during sifting and judging.
20. No drenching, watering/feeding, or grooming (cleaning or wiping of feces/debris is not considered grooming) is allowed while in the "holding area" at any time.
21. Safety of all exhibitors and volunteers – In the case that an exhibitor loses control of their animal, the superintendent reserves the right, at any time, to have the animal secured and removed from the arena to prevent the injury of the owner/exhibitor, other exhibitors, arena staff, and/or others. Any animal that is removed from the arena for safety reasons may be disqualified.
22. The top four (4) placing goats in each class of each weight division may be designated for re-weighing during judging at a time determined by the Goat Superintendent. Any goat weighing more than 5 lbs. above or below its recorded official show weight will become ineligible for any award or placing.

23. The Show may collect a hair and/or blood sample from any goat entered in the Show for the purpose of conducting a DNA analysis. Any goat not having a positive match from the DNA analysis of this hair and/or blood sample compared to the DNA analysis of the samples taken from it at the time of enrollment in the state validation program will be disqualified.
24. Showmanship will take place Thursday, March 13, 2025, at 1:00 p.m. All exhibitors must declare showmanship during the sifting process.
25. Goats being held in sample collection areas for drug testing will be allowed to be watered/drenched and fed if so desired by the exhibitor. Only the exhibitor, parent/guardian, or AST/4-H Leader will be allowed to do so. It will remain their responsibility to make certain that the goat is still within its allowed weigh-back range.
26. Scholarships will be awarded as follows:
- Scholarships will not be awarded when there are less than 5 head shown in competition in any weight division of the Market Goat Division.
 - If there are 5 to 14 entries shown, 50% of the full scholarship will be awarded to the Division Champion of each weight division.

SPECIAL RULES FOR MARKET LAMBS

1. Each exhibitor must be a bona fide member of a Texas 4-H Club or FFA Chapter, enrolled in elementary, secondary, or home school and reside in Cameron, Hidalgo, Starr, or Willacy counties.
2. Exhibitors must be in the third grade or 9 years old, but under 20 years of age as of January 1, 2025.
3. Livestock projects must be raised at the physical address of validation record. Prior approval must be granted by the “Species Specific County-Level State Validation Committee” in the event the animal will be outside the direct care of the exhibitor, immediate family/guardian, and/or the supervising County Extension Agent or Agriculture Science Teacher. Failure to gain approval from the supervising Agriculture Science Teacher/County Extension Agent and the Species Specific County-Level State Validation Committee will result in the disqualification of all state validated livestock.
4. All lambs must be state validated and recorded in Cameron, Hidalgo, Starr, or Willacy counties by October 31, 2024. All market lambs entering the showring are required to have legible/visible state validation tattoos and ear tags. RGVLS will adhere to all state validation guidelines and decisions.
5. Lambs may be wether or ewe lambs. All lambs must have been validated by the Texas Lamb Validation Program by October 31, 2024.
6. Any exhibitor can enter only one market lamb.
7. All exhibitors participating in showmanship will register onsite.
8. Pens will not be taken apart or altered in any way without the approval of the superintendents. Superintendent reserves the right to pen a minimum of three head per pen.

9. Lambs must meet the following requirements or be sifted:
 - a. All lambs must weigh at least 90 lbs. There will be no maximum weight.
 - b. Any lamb that has had its natural musculature or weight altered by use of injections or ingested material not conducive to the continued health of lambs or marketability of lamb carcasses will be sifted.
 - c. All lambs must be slick shorn from knee and hock up at time of sifting. Lambs with excessive wool will be sifted.
 - d. Lambs must be creditable from the standpoint of types, quality, finish, and breed characteristics.
 - e. Lambs that have been mutilated in any way will be sifted.
 - f. A lamb, which in the opinion of the sifter or classifiers, does not have predominant breed characteristics of the class in which it is entered, may be sifted from the Show or, with the approval of the Division Superintendent, moved to another breed.
10. Exhibitors must remove lambs that are sifted from the showgrounds immediately after sifting. All others must be consigned by the exhibitor and/or buyer to the processing plant, individual, etc. assigned by the Show Management. Violation of this rule will result in exhibitors being barred from future shows.
11. Any animal which has been sold in a terminal auction at another show will be ineligible for this Show. Lambs found to have evidence of more than one validation will be ineligible to show, unless the proper Change of Ownership forms are received, reflecting why there is evidence of more than one validation and that the previous validation(s) have been canceled.
12. Market ewes brought to the showgrounds must have a Premise ID Tag issued by the Texas Animal Health Commission. If any exhibitor has purchased a market ewe from a breeder, the breeder should supply the Premise ID Tag.
13. Exhibitors must declare the animal's weight and breed at the time they sift/classify. The weight listed on the weight card will become that animal's official declared weight to be used for weigh back and selling purposes. Exhibitors must complete the weight card to include declared weight, state validation tag number and breed designation. The accuracy of information submitted and recorded is the sole responsibility of the exhibitor.
14. The decision of the sifter and/or classifiers will be final. Protests will not be accepted on sifter's opinion. Lambs will be brought to classifiers by breed for proper classification.
15. After sifting, lambs will be divided into weight groups by breeds as equally as possible, but all lambs of the same weight will be in the same weight group. The number of classes per breed will be determined by the Superintendent of the Lamb Division.
16. All market lambs will be sold to the person or company submitting the highest bid. Sifted lambs must be removed from the showgrounds immediately after sifting.
17. Fitting: Only water is allowed. If an exhibitor is caught at the gate with a foreign substance on a lamb, there will be immediate disqualification. Foreign material including (but not limited to) painting, powdering, oiling, artificial coloring, or adhesives is prohibited. No clippers requiring an electrical cord are allowed to be used once the animal has arrived on the showgrounds. Touch up clipping below the knees and hocks with cordless clippers, scissors, or hand shears will be allowed. Significant clipping/shearing on the body is not considered touch up clipping and the lamb is subject to disqualification.
18. Shearing: Lambs must be shorn slick to the skin above the knee and hock joints before arrival to the grounds. This will be strictly enforced. Refer to rule 15 Fitting.
19. Trimming Tables & Trim Chutes: No Trimming Tables or show rails are permitted on the grounds. All market lambs must be clipped before arrival to the showgrounds. No clipping will be allowed at the showgrounds.

Individual free standing head stanchions are allowed, but they must stay within the pen and must not block alleys and/or pedestrian traffic.

20. No corded blowers will be permitted during the Junior Market Shows.
21. Only exhibitors and show officials will be allowed in the holding areas, judging arena, or on the arena director's stand during sifting and judging.
22. No drenching, watering/feeding, or grooming (cleaning or wiping of feces/debris is not considered grooming) is allowed while in the "holding area" at any time.
23. Safety of all exhibitors and volunteers – In the case that an exhibitor loses control of their animal, the superintendent reserves the right at any time to have the animal secured and removed from the arena to prevent the injury of the owner/exhibitor, other exhibitors, arena staff, and/or others. Any animal that is removed from the arena for safety reasons may be disqualified.
24. Any lambs may be reweighed during judging at any time determined by the Superintendent. Any lamb weighing more than 5 lbs. above or below its declared show weight will become ineligible for any award or placing.
25. The Show may collect hair and/or blood samples from any lamb entered in the Show for the purpose of conducting a DNA analysis. Any lamb not having a positive match from the DNA analysis of the samples compared to the DNA analysis of the hair and/or blood samples taken from it at the time of enrollment in the state validation program will be disqualified.
26. Lambs being held in sample collection areas for drug testing will be allowed to be watered/drenched and fed if so desired by the exhibitor. Only the exhibitor, parent/guardian, or AST/4-H Leader will be allowed to do so. It will remain their responsibility to make certain that the lamb is still within its allowed weigh-back range.
27. Scholarships will be awarded as follows:
 - Scholarships will not be awarded when there are less than 5 head shown in competition in any breed division of the Market Lamb Division.
 - If there are 5 to 14 entries shown, 50% of the full scholarship will be awarded to the Division Champion of each breed division.

2. Exhibitors must be in the third grade or 9 years old, but under 20 years of age, as of January 1, 2025.
3. All steers must have been validated on or before June 30, 2024, with an ear tag, ear tattoo and completed validation form. Validation tags must be in steers ear prior to arriving on showgrounds. All market steers entering the showing are required to have validation ear tags. **ONLY VALIDATION TAG SHOULD BE PRESENT IN THE EAR. REMOVE ALL OTHER TAGS BEFORE SIFT.** Steers without an official Texas Steer Validation will be ineligible to show. RGVLS will adhere to all state validation guidelines and decisions.
4. An exhibitor may enter only one market steer.
5. All exhibitors participating in showmanship will register onsite.
6. Livestock projects must be raised at the physical address of validation record. Prior approval must be granted by the "Species Specific County-Level State Validation Committee" in the event the animal will be outside the direct care of the exhibitor, immediate family/guardian, and/or the supervising County Extension Agent or Agriculture Science Teacher. Failure to gain approval from the supervising Agriculture Science Teacher/County Extension Agent and the Species Specific County- Level State Validation Committee will result in the disqualification of all state validated livestock.

7. Retagging of steers missing validation tags will take place in the Champion Arena on Tuesday, March 11, 2025, from 12:00 p.m. to 2:00 p.m. ONLY.
8. Any animal which is found to have entered another show under a different exhibitor's name, other than the name entered in this Show, will be declared ineligible. Any animal that has been sold in a terminal auction at another show is ineligible for this Show. Market Steers found to have evidence of more than one validation will be ineligible to show unless the proper Change of Ownership Forms are recorded, reflecting why there is evidence of more than one validation and that the previous validation(s) have been canceled.
9. All sifted steers must be removed from the showgrounds immediately after sifting. All others must be consigned by the exhibitor and or buyer to the processing plant, individual, etc. assigned by the show management. Violation of this rule will result in exhibitors being barred from future shows.
10. Steers must meet the following requirements or be sifted:
 - a. Must weigh at least 1050 pounds. There will be no maximum weight limit.
 - b. Must be creditable from standpoints of types, quality finish and breed characteristics.
 - c. Must be free of grubs or grub damage.
 - d. Must be dehorned and show no secondary horn growth.
 - e. Must be trained to lead and handle properly. Nose leads will be permitted during sifting and judging. No cable halters will be allowed. Any steer that is uncontrollable or requires handling by more than one person may be sifted.
 - f. All steers must be shorn prior to arrival at the showgrounds. Hair must not exceed ¼ inch "on any location of the body excluding the tail switch. A tail switch is defined as no more than 10" above the end of the cartilage of the tail. No trimming on the grounds with corded clippers will be permitted. All steers must be clean at the time of sifting.
11. Steers must remain in their assigned stalls from 9:00 a.m. to 6:00 p.m., except during sifting, judging or being prepared for judging. Stalls will be located in the Steer Barn.
12. Exhibitors must declare the animal weight at the time of sift and classification. The weight listed on the weight card will become that animal's official declared show weight and be used for weigh back purposes. Exhibitors must complete the weight card to include declared weight and state validation tag number. All steers will be weighed by the committee during the sift. Any steer found to weigh under 1000 lbs. (5% variance not applicable) will be immediately sifted and required to be removed from the show grounds. The sift weight will serve as resale weight, not the steer's show weight.
13. A steer, which in the opinion of the classifiers does not have predominant breed characteristics of the class in which it is entered, may be reclassified. Steers will be moved by the classifiers to the breed which, in their opinion, the animal is eligible to be entered.
14. The act of artificially filling animals internally by stomach pumping is prohibited and will result in disqualification of the animal.
15. Decision of official veterinarian, classifier and/or sifter will be final, and no protests will be considered by the show management.

No clippers requiring an electrical cord are allowed to be used once the animal has arrived on the showgrounds. Touch up clipping with cordless clippers, scissors, or hand shears will be allowed. Significant clipping/shearing on the body at the showgrounds is not considered touch up clipping, and the steer is subject to disqualification. No change of the major color pattern of a steer by painting or dying will be allowed. Any steer groomed with material that allows color to come off the steer will not be allowed in the Show.
18. No corded blowers will be permitted during the Junior Market Shows.

2. Each exhibitor must be a bona fide member of a Texas 4-H club or FFA chapter and enrolled in elementary, secondary, or home school.
3. Exhibitors must be in the third grade or 9 years old, but under 20, as of January 1, 2025.
4. Livestock projects must be raised at the physical address of validation record. Prior approval must be granted by the "Species Specific County-Level State Validation Committee" and/or "RGVLS Commercial Heifer Validation Committee". In the event the animal will be outside the direct care of the exhibitor, immediate family/guardian, and/or the supervising county extension agent or Agriculture Science Teacher. Failure to gain approval from the supervising Agriculture Science Teacher/County Extension Agent and the Species Specific County-Level State Validation Committee and/or RGVLS Commercial Heifer Validation Committee will result in the disqualification of all state validated livestock.
5. Deadlines for entries will be January 15, 2025. An entry fee of \$30 per animal and a photocopy of registration papers must accompany entry certification form and exhibitors must have original paperwork at check-in. Late entries will be considered on an individual basis.
6. Exhibitors will not be limited to the number of entries; however, an animal may not be entered into more than one breed division in the Jr Breeding Cattle Division.
7. All exhibitors participating in showmanship will register onsite.
8. All animals entered in the Jr Breeding Cattle Division must be registered or recorded with an established breed association in the sole name of the Jr exhibitor and must be state validated. RGVLS will adhere to all state validation guidelines and decisions.
9. All Jr Breeding Commercial Cattle entering the showring are required to have an RGVLS validation ear tag and tattoo. RGVLS will adhere to all validation guidelines and decisions.

11. Animals entered in the Jr Breeding Cattle Division are eligible to be entered in the Open Breeding Cattle Division provided they were not sifted from the Jr Show and there are classes for them.
12. Entries will be judged and placed 1, 2, 3, etc. in each class. Animals are to be presented in descending order according to age.
13. Breeding Cattle pregnancy rules will be based on the individual breed association rules.

Safety of all exhibitors and volunteers – in the case that an exhibitor loses control of their animal, the superintendent reserves the right at any time to have the animal secured and removed from the arena to prevent the injury of the owner/exhibitor, other exhibitors, arena staff, and/or others. BREEDING CATTLE OPEN SHOW GENERAL RULES

1. All entries in this division shall be subject to the General Rules and Regulations of the Show.
2. Entry fee of \$30 per animal must accompany entries. Extra stalls for tack will be \$30 each, however, due to limited space, stalling of animals will be given preference over tack stalls.
3. A destination specific (RGVLS) Certificate of Veterinary Inspection (Health Certificate) issued within 30 days is required for all cattle. The health certificate must specify Rio Grande Valley Livestock Show, Mercedes, TX.
4. Exhibitors can enter the Open Show at check-in if the heifer is entered in the Jr Breeding Cattle Show. There will be a \$50 late fee in addition to the \$30 entry fee paid to RGVLS.
5. All animals entered in the Open Breeding Cattle Division that were shown in the Jr Breeding Cattle Division must be registered or recorded with an established breed association in the sole name of the Jr exhibitor.
6. Substitutions can be made by the exhibitor ONLY.
7. Stalls will be assigned based on the number of entries made by an exhibitor, one stall per animal. If at the Show, an exhibitor has fewer animals than entered, the management reserves the right to assign any extra stalls to another exhibitor, without compensation. No refund of entry or stall fees will be made. If more stalls are used for display, a fine will be charged.
 - a. 2 stalls for 1-5 head
 - b. 3 stalls for 6 or more head
8. Pure water ONLY. If an exhibitor is caught at the gate with foreign substance on heifer or bull, there will be immediate disqualification. No adhesives, oil or any foreign substance of any type will be allowed as this is a "Blow and Go" Show.
9. Nose leads are required on bulls exhibited in the show ring, with the exception of calves shown at side of dam.
10. Open Show exhibitors ages 5 years old to 2nd grade must have a parent or legal guardian accompany them in the show ring. The parent/legal guardian will have an extra lead on the show halter.
11. Safety of all exhibitors and volunteers – In the case that an exhibitor loses control of their animal, the superintendent reserves the right at any time to have the animal secured and removed from the arena to prevent the injury of the owner/exhibitor, other exhibitors, arena staff, and/or others. Any animal that is removed from the arena for safety reasons may be disqualified.
12. It is the intent of the show management that no premium be given to any animal that is not deserving. In cases where only one animal is being exhibited in a class, the judge shall make his award in accordance with the merits of the animals being exhibited which may be either first, second, third, etc. RGVLS is not obligated to award a premium to an unworthy animal.
13. Entries will be listed numerically according to age, oldest first, in catalogs and judging schedules.
14. Only first place winning animals are eligible to compete for championship honors.
15. In the event there are 20 or more entries of the same breed shown in competition, a separate breed division may be created for them the following year.
16. In the event there are less than 10 entries shown in competition in a breed division for two consecutive years, the division may be discontinued the following year.
17. Open Breeding Cattle pregnancy rules will be based on the individual breed association rules.

18. Bulls 18 months of age or older must have produced viable semen. If a protest is filed or at the request of Show Officials, exhibitors must furnish a certificate stating the bull has produced viable semen.

12. All classes which exceed more than fifteen (15) animals MAY be broken into smaller classes each no larger than 15 animals, at the sole discretion of Show Management, by dividing the Classes as evenly as possible without splitting Animals with the same birth date. Additional Classes resulting from splitting Classes shall be treated as new individual Classes (and not as heats of a single Class) for purposes of class placings, competition within Divisions, and ABBA Register of Renown Points awarded.
13. Each animal will be presented in the show ring in its natural conformation and structure without alteration or modification. Alteration or modification shall be defined to include any surgical or circulatory construction including banding or other appearance change, save only branding, tattooing, foot trimming or dehorning. Injections of foreign substance internally for cosmetic purposes, steroids, growth hormones or stimulants shall be prohibited. If to the satisfaction of the ABBA's staff, officers, executive committee or board of directors, an animal that has had its natural conformation and structure altered or been administered steroids, growth hormones or stimulants, then said animal shall be ruled ineligible to compete until such time the executive committee and owner/owners have reviewed the case. Any violators, both owner and fitter will be ineligible to exhibit cattle at ABBA approved shows for 5 years.
14. If any exhibitor/owner interferes in any way with the judge or shows disrespect to him/her, or to the Show in the ring, the exhibitor/owner may be dismissed by the judge or Show management from the ring. The management may withhold from each exhibitor/owner any premium monies that may have been awarded or take other steps deemed desirable.
15. In cases where families, companies, corporations, etc. are operated as a unit under the same management, but have cattle also registered in the name of individual partners, said cattle, even though bearing a different ownership brand, are eligible to be shown in competition under firm name provided they have not been and will not be shown in the name of the individuals.
16. This deals with the produce of dam classes and the get of sire classes. All group classes must be held by a handler in the show arena to be placed.

Embryo Produce of Dam – two animals from the above classes produced by one dam by embryo transfer either or both sexes may be represented. No ownership requirement.

Natural Produce of Dam – two natural born animals produced by one dam from the above classes, either or both sexes may be represented. No ownership requirements.

Get of Sire – four animals from at least two dams by one sire from the above individual classes, both sexes represented. No ownership requirements.
17. No exhibitor shall be permitted to show more than one produce or embryo produce of dam entry per dam.
18. Cows that are exhibited with calves at side must be in lactating stage. Calves must be shown and exhibited with their dams and said calves must not exceed 240 days of age on day of judging. The judge will be made aware by the ring steward of those cows whose calves are ineligible to show by this rule.
19. Cattle will not be allowed to show if their switches have been balled or glitter applied to their skin.
20. All grey cattle and solid black cattle will show grey. Red, black, and white speckled or red and white speckled cattle will show red. Cattle with questionable colored pigmentation may be entered in other color division the breeder selects, however, said cattle are subject to inspection by a three member ABBA Color Committee. If the

Color Committee disagrees with the breeder, the pedigree, features, and color of said animal will then be considered on an equally weighed basis to aid in the final determination. The decision of the committee is final.

Once animals have been classified, they will remain in that classification unless they were young at time of classification, and it is apparent that they have changed their color. Any animals that is color classified and is shown at an ABBA approved show in another color classification will be ineligible to show their remaining career. Both the exhibitor and owner of the animal that is shown in the wrong color division will be ineligible to show animal for 13 months following the infraction.

In the get of sire and produce of dam classes, breeders will not be allowed to show cattle of mixed color in split shows. They will be entered as to the color division they are assigned by the color committee for the Show. In shows that are not split there is no color requirement for the group classes.

At split shows where the Color Committee is not present, a staff member with two ABBA Directors will clarify questionable colored cattle for that particular show. The final classification will be done by the Color Committee.

21. The owner of record of any registered animal entered in an ABBA approved shows and/or his/her agent, exhibitor, fitter, handler and/or representative releases ABBA and its representatives from any and all liability that seller/owner might claim as a result of injury of any kind that seller/owner might claim as a result of injury of any kind sustained before, during or after handling cattle for any ABBA board approved activity.
22. For shows to remain approved point shows by ABBA, they must maintain a twenty head average for the previous two years. Shows must also follow the requirements of ABBA approved shows.
23. All animals MUST have a birth weight submitted to be eligible to show in ABBA approved shows.
24. The official ABBA rules and procedures governing showing and exhibiting or registered Brahman cattle supersede any rules printed in any show catalog.
25. ABBA members may remit a protest to the ABBA if they find other participant's conduct to be in violation of the ABBA show rules. All protests must be in writing and must be signed by a member of the ABBA. Such protests must state plainly the cause of complaint or appeal and must be delivered to an ABBA staff person, ABBA officer, ABBA show committee chairman or show official within 72 hours of the infraction. Depending on the basis of the protest, a decision may be withheld until a complete investigation is done.
