Registered Angus Steer Rules Junior Breed Assn. Division

To be eligible for premium participation by the American Angus Association for Angus Steer Classes, the following terms must be met:

- A minimum of ten (10) head must be shown in the regular steer shows and terminal steer show to receive American Angus Association premium participation.
- Steers must be born on or after January 1, 2021. A minimum weight of 900 pounds is required.
- All entries must be registered in the sole name of the exhibitor with the American Angus Association and the date of transfer of ownership must conform to the individual show's requirements.
- **Exhibitors must have the original registration certificate on each animal available for inspection at the show.**
- Any animal not having a legible title, or one having a tattoo which is not in agreement with the registration certificate, will be barred from competition.

- The Champion and Reserve Champion Angus Steer must be blood typed, and all entries are subject to blood typing for parentage verification at the discretion of the American Angus Association.
- Each exhibitor is subject to Part 3, Section IX of the Association's rules entitled "Eligibility Conformation and Structure of Animals Presented for Exhibition." The exhibition of cattle displaying false hair or graphite will not be allowed.

Blood Typing for Parentage Verification

Under the Associations Rules, Part 3, Section XL, Rule 2, each animal for which entry application (registration) is received, may be subjected to a blood type test to verify both ACCURACY OF PARENTAGE and TRADITIONAL ANGUS BLOOD TYPE. Staff of the American Angus Association must supervise the collection of blood samples. Animals are often sampled at shows, fairs, or events where the American Angus Association contributes premiums or where Association personnel participate. Grand Champion and Reserve Grand Champion Angus Steers will be blood typed at all such shows in which the American Angus Association pays premiums. If a recorded parent is excluded (as a parent) as a result of blood type, the owner may request, at his own expense, the Association to determine the actual parent. Failure to determine the Sire and Dam disqualifies the animal's eligibility in the Angus Herd book and the registration certificate becomes null and void. Any animal with a non-traditional blood type is ineligible for the Angus Herd book.
