

PRRS/PEDv Testing Rebate Application

The Wisconsin Pork Association offers \$25 rebates to pork producers to help offset costs of testing for Porcine Reproductive and Respiratory Syndrome (PRRS) and Porcine Epidemic Diarrhea Virus (PEDv). Testing is required to comply with changes to Wisconsin's Animal Health rule effective March 2018. The rule change requires farms with pigs to test for PRRS and PEDv when moving from one premise to another within Wisconsin or for pigs coming into the state. Testing is not required for pigs moving directly to slaughter. The funding is available on a first-come-first serve basis. Producers may apply for one grant each quarter of the year.

Details on the rule can be found by going to www.datcp.wi.gov and searching "swine movement" or directly at https://datcp.wi.gov/Pages/Programs_Services/SwineMovement.aspx

The following requirements and stipulations apply:

- Producer must complete and mail reimbursement form by December 1, 2021.
- Reimbursement form must include documentation showing proof of test completion
 - Proof of test can include a dated copy of a veterinary clinic bill that shows a line item for PRRS/PEDv testing or a copy of a test report including date from a veterinary diagnostic lab (test results can be blacked out; testing completion is all that is required for reimbursement).

PRRS/PEDv TESTING REBATE APPLICATION

Please complete this form and mail with proof of test completion to:
WPA, PO Box 327, Lancaster, WI 53813.

Producer Name: _____

Individual or Farm Name Check Should Be Issued To: _____

Street Address: _____

City: _____ State: _____ Zip: _____
