How Are You Focusing on Fun in 2023?

Hello my name is Crystal Ramsey Roberts, and I am a Junior at Jefferson High School. I am proud to represent Jefferson as the 2023 Rose Festival Princess.

What fun in 2023 means to me is to go out and try new things and do what's best for myself and what makes me happy, getting rid of all the things that are blocking me out of my way of doing whatever I want this year. Maybe I want to jump out of a plane or get a tattoo or to travel all over the world. Fun is a hot summer day having all my family out for a BBQ outside of my house until dark, listening to music and doing the wobble.

Having fun in 2023 is being surrounded by positive energy that has me out of my comfort zone - to have nothing but fun. This is my year to go out and be who I want to be and not how others want me to be. I want to try new foods and try new friendships, go to work and make my own money, spending it on what I love - clothes and shoes, friends and make up.

Fun in 2023 is getting my grades up in school to reward myself with the thought of having a chance to go to the college of my dreams, to hang out with the people I love, because time is too short. Fun is to learn how to cook a good meal for my family to eat. Do what makes me happy because no matter what, I can't have fun when I'm not happy. Being all around positive and happy is fun for me, making people smile and others' day better. Friends to make my day better, someone I can always talk to, someone who will always have my back.
