### Future education plans:

I plan to attend a four year college and graduate with a bachelor's degree in art or science.

### Career plans:

I do not have a set desire on what I want to study for my future career right now, but I am intrigued by interior design and also architecture.

**High School Activities & Honors:** Most improved player (basketball), Honor Roll, varsity letter (Sophomore year)

**Hobbies and special interest:** During my spare time, I am an athlete. I participate in all three sports seasons, playing volleyball, basketball, and track and field. I also enjoy baking in my free time because I do have a sweet tooth.

### What is your favorite place to visit in Portland and why?

I enjoy visiting downtown Portland during the holiday season because of all the beautiful lights that decorate the streets and light up the sidewalks. Even some of the huge buildings or cranes put up christmas lights which makes the city quite the view to look at.

### What are you most proud of during your high school career?

My Junior year of high school I went to varsity districts for track and field. I placed third place for shotput and sixth place for discus. I am very proud of this because my season was impacted by COVID-19 and cut short to only six weeks.

### What is your favorite Rose Festival event and why?

I love watching the Rose Festival Parade. I remember being a child and going downtown with my family, finding a spot to sit and watch the parade from a curb and see all the beautiful floats and people walk by as they marched on through the parade.
