What is your favorite place to visit in Portland and why?

I love to visit Powell's Bookstore. Not only do I love to read, but I love to collect books. They are preservations of history and will, in the future, be a gateway to my younger self. Books create powerful connections to yourself and the world around you. As a book lover, Powell's is a magical place to be.

What are you most proud of during your high school career?

I am most proud of the social and volunteer experiences I have been able to partake in. I love to cultivate knowledge through experience and feel like I have done a really good job at that.

What is your favorite Rose Festival event and why?

My favorite Rose Festival Event is the City Fair. I love to see how the waterfront is transformed and becomes Portland's very own carnival. I have always loved attending and working fairs/markets, so it is an enriching experience to meet the vendors and observe the event as a whole.
