### Future education plans:

I plan to pursue internships in the medical field. My hope is to develop new skills through practice and the guidance of those who are more knowledgeable and experienced in my field.

### Career plans:

As a young person devoted to the field of medicine and science, I would love to be among those who value relevant research in today's society. For my future career plans, I hold a strong fondness for pathways involving Clinical Research.

**High school activities & honors:** Student Body Executive Secretary, Tappin' Roots intern, MAC Scholar Athlete, HOSA, Student Athletic Leadership Team, National Honors Society, camp guide at Camp Elso Inc., Congress of Future Medical Leaders, PIL Districts Top Three in 100m hurdles.

**Hobbies and special interest:** In my spare time, I enjoy being active in the outdoors and being in touch with nature. One way I get active is through music. African American literature is my favorite choice of reading material.

### What is your favorite place to visit in Portland and why?

My favorite place to visit in Portland is the Tilikum Bridge Crossing because it provides a beautiful view of our city. A popular attraction for many active Oregonians, from public transit to bike riders, this structure is useful for many forms of transportation.

### What are you most proud of during your high school career?

One of my proudest moments in high school was being hired to spread awareness of Portland's cultural environment through an intensive year long paid internship called Tappin' Roots.

### What is your favorite Rose Festival event and why?

As a child, CityFair was always a fun place to let loose. Attending special events in local areas provided me with the opportunity for community involvement within the realm of inclusiveness.

**Unitus Community Credit Union Mentor:** Jan Darden
