

Princess Bio

Name: Megan Bathurst [MAY-gen BA-thirst]
School: Franklin High School
Birthplace: Portland, OR
Parents/Guardians: Liz Bathurst
Siblings: Brin
Year in school: Senior

Future education plans:

My plan is to go to Portland Community College and then transfer over to Portland State University, get a bachelor's in earth science and a master's in secondary education.

Career plans:

I am planning on being a high school science teacher, if not science then a teacher in the STEM category.

High school activities & honors: Student Government for four years, volunteered during registration in 10th grade and guided students to their classes orientation day in my 10th and 12th grade year, Mental Health Committee through ASB that led monthly staff meetings about SEL learning and how to help students through online school, volunteering in Franklin's band and dance programs.

Hobbies and special interest: I love playing on my drum kit, listening to music constantly, watching professional football, trying any coffee shop I find, stopping into any music store, photography, and helping out with Franklin's PEP band during football and basketball games.

What is your favorite place to visit in Portland and why?

Any business on Mt. Tabor but more specifically Mt. Tabor Park. The restaurants and coffee shops around Mt. Tabor are fantastic and there's always people walking their dogs or sometimes bands are playing at the top and you can really hear the music echo even at the very bottom of the mountain.

What are you most proud of during your high school career?

Being in my fourth year of student government makes me extremely proud especially with all the learning opportunities and community building. But by far I am most proud of planning Teacher Appreciation Week by communicating with upperclassmen and teachers, organizing events for everyday of the week, writing scripts for the promotion of the event, and organizing every person and the materials needed to successfully complete the week.

What is your favorite Rose Festival event and why?

The RoZone Concerts because I love discovering new musical artists to listen to and being around people who are either there to have a good time or are just as enthusiastic as me when it comes to music makes the environment that much better. Also having a beautiful view on the Waterfront and great snack food certainly helps the whole experience.
