How Are You Focusing on Fun in 2023?

Hello My name is Nikkie Hernandez I'm a Mexican-American senior here at Douglas. My interests are being active but I also like to stay home. In my free time I like watching movies and make different forms of art. I played sports like softball and did little bit of wrestling, and this year I'm also involved in link crew.

In 2023 My goal is not to stress about my future. Living in the moment and making memories. In 2023 I plan to visit California, Mexico and some parts of Central America like El Salvador and Honduras. this Summer I'm living by this quote "la vida esta llena de segundos que son oportunidades para compartir y sonreír" which translates to life is full of seconds that are opportunities to share and smile. I hope to focus on fun by spending lots time with friends and family, going out and trying new things, like cooking/baking, traveling, and growing my faith in God. I also hope to grow a relationship with the people I love because without them I wouldn't be the person I am today. They've coached me up and encouraged me to step out of my comfort zone and because of them I can take risks to better my future.
