What is your favorite place to visit in Portland and why?

My favorite place to visit in Portland is Multnomah Falls. One thing that I think separates Oregon from other states across the nation is its natural beauty, from its beaches, to its gardens, to its natural parks. Being much more of a country girl than a city one, I value Portland's natural beauty, and I think Multnomah Falls is a prime example of this distinction.

What are you most proud of during your high school career?

In addition to achieving straight A's and other recognitions, I am proud of the person I have become. In the beginning, I was a very introverted and reserved person. Yet over time, I feel that I have come a long way since being a freshman, and I am glad that I have continued to achieve the courage I need to break out of my shell.

What is your favorite Rose Festival event and why?

The parades are definitely my favorite Rose Festival Event. Whenever I think about the Rose Festival, the parades typically come to mind. I have always found the parades to be an exciting way to showcase the Portland region and gather a community of people together in order to celebrate.
