### What is your favorite place to visit in Portland and why?

A place I really enjoy visiting in Portland are the food carts near my school. I have many fond memories of the conversations I had while eating there with my friends. I also enjoy having so many different kinds of food. The food carts are a go to spot, and I will miss visiting them so regularly after high school.

### What are you most proud of during your high school career?

One of the things I am most proud of so far in high school occurred very recently. I auditioned for the spring musical this year. When the cast list came out, I was surprised and excited to find out I had been selected for a main role. While we are just starting to put together the show, I am so excited to work with my fellow St. Mary's students.

### What is your favorite Rose Festival event and why?

All the Rose Festival events are so exciting, and it is hard to choose a favorite event, but the parades the Rose Festival puts on every year are my absolute favorite. I've always enjoyed seeing marching bands and floats in every parade, but I especially look forward to the Grand Floral Parade. Ever since I was little, I excitedly waited to see the Rose Court and the newly crowned Rose Queen. As a little girl, I looked up to the Rose Princesses and I am now excited for the opportunity to possibly be up where those before me stood.
