

Support the Livestock Program!

We appreciate your interest! The cost of a 4-H or FFA animal project is higher than that of a commercial stockman because of the individual attention given to that animal's development. This special attention deserves a premium price, above the market price. The "break even" cost will allow the exhibitors to earn a profit margin that can be reinvested into next year's project or put away for college.

Balance owed if resale *(did not receive meat)*\$1093.00
(230 lbs x \$0.25/lb resale value)

Above figures are examples only!

Resale: The animal will be automatically resold for you at the current market price. You will not take possession of the animal or receive any meat. You are responsible only for paying the difference between your bid and the resale price. The resale price will be calculated using the weight of each animal. Rabbits are sold resale only.

Chickens are available for resale or custom. Custom chickens include cut & wrap. Turkeys are available for Resale or Custom. Custom turkeys will be smoked. Following cut & wrap, turkeys and chickens will be ready for pickup at a centralized location. All chickens and turkeys must be picked up immediately due to limited space. If not picked up within one day, the bird will be donated to a food bank.

Custom: The animal will be processed for you by the butcher (cut & wrap facility) of your choice, after which you will take possession of the meat.
