

SACRAMENTO COUNTY FAIR

Junior Livestock Handbook

May 26-30, 2022

Dear Exhibitor:

Welcome to the 2022 Sacramento County Fair! We are "banding together" to ensure we host a Fair like none other! For the past two years, due to the pandemic, we had two different types of activities for our livestock exhibitors! Not this year - we are planning a full Fair! Livestock exhibitors will have the opportunity to show their projects and enjoy the Fair. We are over-the-top excited for this news - welcome back!

This year's Fair dates are May 26-30, 2022, and the theme is Let's Eat, Have Fun & Celebrate the Red, White & Blue as we "band together" to roar back better than ever.

We have redone, reformatted and updated this handbook. Please take the time to read the rules (now at the front of the book) and your specie rules. As an exhibitor, parent or advisor, it is your responsibility to know the rules. If something is not clear, please ask. We are here to assist you and want everyone to have a great Fair experience.

California Department of Food and Agriculture will be continuing the mandatory Youth for the Quality Care of Animals (YQCA) program. Livestock exhibitors, excluding primary, horse, dog, pygmy and cavy; must provide proof of completion in order to be eligible to show at any California Fair. For additional information please go <http://yqca.org>.

The volunteer program is vital to the Sacramento County Fair. We believe that by getting involved in YOUR Fair, everyone has a better experience. We are in the process of expanding the program and will have a portal at sacfair.com to detail the program. Please check the handbook to additional details. We are asking each family to volunteer a minimum of 12 hours throughout the year. A family may buy out half of their required time. The workdays are mandatory for all exhibitors.

Please note any exhibitor staying in the Cal Expo RV Park must have an adult in the RV Park at all times. If exhibitors are found to be unchaperoned at any time while in the park, they will be immediately disqualified from the Fair, not allowed to exhibit any project and will not qualify for the Junior Livestock Auction. If students are found to be unchaperoned in the RV Park following the JLA Auction, exhibitors will forfeit their JLA auction proceeds. All SCF exhibitors shall abide by their organizations code of ethics and code of conduct as specified by 4-H, FFA and the Sacramento County Fair at all times. Independent exhibitors are required to abide by the same rules during the Fair. These rules may be found on the 4-H and FFA websites.

Our carnival partner, Midway of Fun, continues to reward the livestock exhibitors by offering a \$34.50 wristband good all week for carnival rides. Please see the attached flyer. **Wristbands must be purchased at time of online entries and there is a limit of only one per exhibitor.** This is also a great time to purchase event tickets for the arena events and save money. **Please note, we are unable to offer any refunds on wristbands, entries or any fees associated with an exhibitor.**

See you in May,

PJF

VOLUNTEER PROGRAMS FOR PARENTS/EXHIBITORS

The SCF livestock shows are primarily administered by volunteers. Each year, the volunteer program grows due to the commitment of our volunteer leaders. We appreciate their dedication and commitment to the Sacramento County Fair. It is a requirement for the parents/families to give back and become involved in the SCF. A list of volunteer activities is available at www.sacfair.com under the volunteer tab on the competitive/entries page.

1. Each family (parents) are required to volunteers 12 hours per year for the SCF. The volunteer programs starts January 1 and runs through December 31 of each year. RED TAG POLICY

This policy is to ensure that livestock exhibited at the Sacramento County Fair are cared for and treated in a humane and ethical manner and that livestock pens are suitable for public display. Livestock exhibitors are solely responsible for the care of their animals while on exhibit at the Sacramento County Fair. If the livestock superintendent becomes aware of any livestock exhibit that is not being cared for in an acceptable state of cleanliness, as determined by livestock management, the following will occur:

1. The livestock superintendent will determine the name and affiliation of the responsible exhibitor.
2. A red tag, with the following information will be affixed to the exhibitor's pen/stall:
 - a. The exhibitor's name
 - b. The observed problem
 - c. The date and time of citation
 - d. Signature of the livestock superintendent

3. It is the exhibitor's responsibility to respond to the red tag by contacting the livestock superintendent within 12 hours of the citation being issued. The exhibitor will formulate and initiate a plan of correction approved by the livestock superintendent. Reasonable efforts will be made by the superintendent to contact the exhibitor's advisor, parent or designee and advise them of the situation resulting in the red tag citation.
 - a. Any exhibitor failing to make contact with the livestock superintendent within 12 hours will be issued another citation.
 - b. Any exhibitor receiving two red tag citations during the Fair will be declared ineligible for further competition, including participation in the Junior Livestock Auction. All Fair premiums and awards earned will be forfeited and the exhibitor will be required to remove their animal(s) from the fairground.

LIVESTOCK AUCTION

1. The Sacramento County Fair is a terminal show, meaning all market animals sold at auction will be processed at an approved harvest facility.
2. The Sacramento County Fair Junior Livestock Auction Committee provides buyers with a photo of the seller/exhibitor. Photos will be of the exhibitor only. Exhibitor will be from the waist up to the top of their head. **All** exhibitors (4-H, FFA, Grange and Independent) who enter market animals must have a photograph of themselves taken in their appropriate complete uniform (as described in previous section). If you have questions as to your organization's uniform; please contact your organization headquarters.
 - a. Leaders, advisors, independent exhibitors: Contact Karen Hein at (916) 261-4250 to schedule a time to have your exhibitor's picture or organizations pictures taken digitally. This is a free service until April 30 and pictures will be printed digitally. Any pictures taken after that time will be done for a \$25.00 donation to the Sacramento County AG Foundation (SCAF) and available for a limited time in May. No picture, no sale.
 - b. This official fair picture will be posted to the exhibitors "fair vault" by the fair.
3. By entering, the exhibitor acknowledges responsibility in the event their animal is found to contain volatile drug residues or is deemed unfit for human consumption at processing. Adulterated carcasses or those deemed unfit for human consumption by USDA Food Safety Inspection Service (FSIS) personnel at processing are the sole responsibility of the seller. The seller is liable for financial restitution, attorney's fees and civil penalties. The seller will not receive proceeds for premiums, or the sale of the animal. The exhibitor may be barred from any entering any future animals at the SCF.
4. Each JLA exhibitor is required to upload a short video (no longer than 1 minute), and 1 photo in the "fair vault" for the promotion of the JLA by April 20, 2022. Schedule and Order

1. Fair management reserves the right to arrange the sale order. Sale order for the auction will be posted in the livestock barns on the Saturday evening for (steers, goats, chicken and rabbits) and the Sunday morning for (hogs, sheep and turkeys) before auction. Should anyone have a proposed correction to that order, it must be submitted in writing to the Sacramento County Fair livestock office by 8:00 a.m. before the auction. A special meeting of the auction committee will be held whereby all submitted changes will be addressed.

However, one champion may be donated (100%) to the Sacramento County AG Foundation and sold at the auction (*this rule does not pertain to the Supreme and Reserve Supreme, of which BOTH must sell*). Donation animals MUST follow the same declaration time frame as all animals going through the auction.

Exhibitor Responsibilities at the Auction

2. Exhibitors must bring their own animal into the sale ring unless otherwise approved by the CEO.
3. Animals must be clean and presentable. It is the exhibitor's responsibility to feed, water and care for their animals until the animals are loaded for transport.
4. The exhibitor is liable for his/her animal until it is loaded onto the truck. Failure to care for an animal after sale and until load out may result in penalties up to the forfeiture of sale proceeds. Exception is only if and when animals are placed in large groups.
5. All pens of market animals sold at auction must be taken down. All exhibitors are required to be on premises on Monday, May 30 at 6:00 p.m. to tear their livestock pen down. A \$50.00 tear down fee will be deducted from exhibitor's sale check if pen is not taken down, stacked and banded.

Bidding and Settlement

1. Each animal will be sold to the highest bidder without reserve. Bidding disputes will be settled by the auctioneer declaring "all bids off" and reselling the animal in question.
2. The Fair accepts proxy bids. Proxy forms are available at the Fair office. All proxy bid forms must be turned in prior to the sale.
3. Payment may be made in cash, check, Visa or Master Card. All payments are due at the end of the sale unless prior arrangements have been made with Fair CEO. A 20% late

fee will be accessed on all outstanding invoices over 30 days. If a buyer has not settled from the previous year, they will not be allowed to purchase any animals.

8. A sales commission of 6% of the gross selling price will be deducted from each exhibitor's check. This is used by the JLA to produce the auction event.
9. All "add-on" bids must be at least \$50 per animal. A sales commission of 6% will be deducted from each add-on bid.
10. All "add-ons" must be submitted online by June 5, 2022. Any add-on that is sent directly to the exhibitor needs to be immediately submitted to the fair office by the close of the sale. If an exhibitor accepts an "add-on" that is not processed thru the fair, they are subject to disqualification from the JLA. If the animal has already been sold, the entire add on amount will be deducted from the sale check and considered a donation to the Sacramento County AG Foundation.
11. ***No meat will be released from butcher unless the SCFJLA has been paid in full.***

Thank You Cards and Buyers' Gifts

1. All exhibitors are required to write a thank you note for awards, add-ons and to buyers. Thank you card packets will be available at the livestock office for a nominal fee per packet. The packet includes a stamp, an envelope and card. If exhibitors would like to bring their own thank you cards, a stamp is required.
2. The Sacramento County AG Foundation (SCAF) will be supplying the card packets. All proceeds from the card packet sales will go back to the SCAF. The SCAF benefits the educational and youth livestock programs hosted at the Sacramento County Fair.
3. Thank you cards must be turned into the Fair office, or other location, deemed appropriate by the Fair, by June 10, 2022. Junior Livestock Auction checks will not be sent out pending receipt of all thank you cards. Add-on and buyer names will be emailed on Monday, June 6 to the livestock advisors/leaders.
 - a. Do NOT mail thank you cards directly to your buyers. Any thank you card that has been mailed directly or handed directly to the buyer, by the exhibitor shall be required to be re-written and submitted through the fair office.
4. In lieu of purchasing gifts for a buyer, exhibitors may make a comparable donation in the buyer's name to the SCAF (i.e., if you would usually spend \$20 on a buyer's gift, that money may instead be made out in the form of a donation to SCAF and the buyer will be notified a donation was made in his or her name. No donation is considered too small or inappropriate).
5. Notification that a donation was made will be indicated in the thank you card to the buyer, but not the actual price amount. The Fair and the SCAF are in no way discouraging buyer appreciation, but instead trying to perpetuate our Fair by offering a solution to those buyers who get inundated by gifts. Also, this gives the sellers who do not have the means or forethought to purchase a gift the opportunity to give special thanks to their buyer. This solution has the most impact on both the buyer and the Fair! The procedure is time tested at many fairs with overwhelming support of both sellers and the buyers. Thank you for being part of the Sacramento County Fair. We appreciate your support and hope you understand why this rule is so important to both buyers and sellers.
6. Market checks will only be released to exhibitors if thank you cards are turned into the livestock office and animal pens are cleaned after animal release. Checks will be made available to leaders and advisors following the Fair once all buyers are paid in full.

AFTER THE AUCTION

1. **All exhibits & displays must remain in place until release time, 7:30 p.m. on Monday, May 30, unless otherwise stated.**
2. Issue of written releases will occur at 7:00 p.m. Monday, May 30, prior to departure from fairgrounds.
3. Early dismantling of stock, tack or barn displays will be cause for forfeiture of all monetary and product awards, including livestock auction monies, won by the individual and/or privileges as may be deemed appropriate to the circumstances. Removal will result in disqualification.
4. All exhibitors are required to tear down, stack and band livestock pens on May 30, at 6:00 p.m. Horse stalls are to be "stripped" cleaned before leaving the grounds. Small animal area & pens are to be cleaned, trays emptied and cages put in designated area.
Livestock release will not be given until all areas are checked by SCF personal. Failure to do so will result in a \$50.00 deduction from any premium or sale checks.
5. Sacramento County Fair is not responsible for lost or stolen items during load out.
6. Exhibitor checks will be available to community club leaders or advisors as soon as all buyers have paid for all animals. Sacramento County Fair does not have the funds to "carry" the auction.
7. Checks become void after 90 days from the date of issue. Requests for checks to be re-issued will be subject to a \$40 handling fee. Requests for a check to be re-issued after 18 months will be denied.

SACRAMENTO COUNTY FAIR CODE OF PRACTICE/ CODE OF CONDUCT/ CODE OF ETHICS

The "Code" was developed in cooperation with the California State 4-H, California FFA Association, California State Grange, Western Fairs Association as well as other agricultural groups. We believe this code, when instituted, will help ensure that all exhibitors are on a level playing field, that animals are treated safely and humanely, that food safety is insured and that a positive environment is maintained.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conducts or questionable acts. Exhibitors who violate the "Code" will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with these rules. Expectation of rules and behavior to apply to campground as well as on social media posts.

The following practices or procedures are unacceptable and are defined as being deceptive, fraudulent, unethical and/or inhumane in the care, fitting, preparation & showing of all classes of livestock.

1. All exhibitors must have viable proof of ownership available to Fair and livestock officials at their request. Market animals must be owned and under exhibitor's daily care according to CDFA State Rules for California Fairs. The official ownership date is the date shown on the bill of sale, unless the animal was bred by the exhibitor, in which case calving or birth records must be shown. Registered breeding livestock must show the exhibitor as the owner of the animal on the breed association papers or certificate.
2. No exhibitor will be allowed to show an animal which has been previously sold at an auction or sale as a market animal through another fair or livestock show whether or not there is an actual change of ownership. Any method used to misrepresent the age of an animal for a class in which it is shown is deceptive and considered illegal. Showing an animal for another individual by claiming ownership in order to show in a specific livestock class or event is prohibited. False ownership is illegal.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows. No professional fitters. No paint. No bracing agents.
4. There will be no dye, or paint, used on any specie of animal. If coloring is found, the animal will not be allowed to show. All tails will be natural in nature (i.e. no blue-goo). No twining allowed.
5. Animals shall be presented to show events where they will enter the food chain free of volatile drug residues. The act of entering an animal in a livestock show is giving consent by the owner, exhibitor, leader, advisor and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood or other substances from the animal to be used in testing at the owner's expense. Animals not entered in any event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event. If the lab report on the analysis of sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample tested by the lab, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the lab and analysis of the sample are correct and accurate and the report received from the lab pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample

was taken, with the burden on the owner, exhibitor, leader, advisor or absolutely responsible person to prove otherwise.

6. Any surgical procedure, injections or insertion of foreign material, substance or drug or the external application of any substance (irritant, counterirritant or similar substance) which could affect the animal's performance or alter its natural contour, confirmation or appearance of an animal's body is illegal. This includes vegetable oil, silicone, air or any other substance used to alter the shape of the animal.
7. By entering, exhibitor acknowledges responsibility in the event their animal is found to contain volatile drug residues or is deemed unfit for human consumption at processing. Adulterated carcasses or those deemed unfit for human consumption by USDA Food Safety Inspection Service (FSIS) personnel at processing are the sole responsibility of the seller. If animals fail to pass ante-mortem inspection, or their carcasses are determined to be diseased or adulterated at processing, exhibitors shall be liable for financial restitution, attorney's fees and civil penalties. Exhibitors may also be subject to disciplinary measures administered by the Sacramento County Fair, including but not limited to, the cancellation of sale transactions and/or reimbursement to buyer.
8. The use of inhumane showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivances or other similar practices are not acceptable and are prohibited. Other practices, unless under the written authority of a licensed veterinarian, that are not acceptable or prohibited include, but are not limited to, liquid diets for lambs, excessive shrinking, excessive exercising, tying animals with the feet off the ground and electric stimulation.
9. Criticism or interference with judges, fair or livestock show management, other exhibitors, breed classifiers or show officials before, during or after the competitive event is prohibited. All officials shall be treated with courtesy, cooperation, respect and no person shall direct abusive or threatening conduct toward them.
10. No exhibitor, leader, advisor, parent or responsible person shall conspire to intentionally violate the Code or knowingly contribute or cooperate with another by affirmative action or inaction to violate this Code.
11. The application of this Code provides for absolute responsibility for an animal's condition by exhibitor, leader or advisor whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this Code of Ethics.
12. The act of entering of an animal in fair livestock show is the giving of verification by the exhibitor or absolutely responsible person that he/she has read the "Code" and understands the consequences of and penalties provided for actions prohibited by the Code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state or provincial statutes, regulations or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
13. Any exhibitor staying in the Cal Expo RV Park must have an adult in the RV Park at all times. If exhibitors are found to be unchaperoned at any time while in the park they will be immediately disqualified from the Fair, not allowed to exhibit any project and will not qualify for the Junior Livestock Market Auction. If students are found to be unchaperoned in the RV Park following the JLA Auction, exhibitors will forfeit their JLA auction proceeds.
14. 5. Novice B: Open to all dogs that have not completed a C.D. title nor have they ever received a qualifying score in a graduate novice class at any competition. *A qualifying score is defined as a score of 170 or better out of a possible 200 with half of the available points in each exercise according to the American Kennel Club Obedience Regulations.

2. Entry must include sex, breed and name of dog.
3. Equipment allowed: a choke collar of either chain or nylon in a size appropriate to the dog. Bait of any kind or pinch collars will not be allowed in the obedience ring. In the sub-

novice classes, a 6-foot long leash of leather or nylon is required. In other classes, on-leadwork can be performed on a shorter lead.

4. An exhibitor may enter a maximum of two dogs in this division. No exhibitor may enter more than one dog in any given class, and no dog may enter more than two classes. Note that several classes preclude a dog being entered in any other class (except in the "Team" class)
5. Exhibitors who are members of an organization (4-H, Grange, etc.) must wear the official organization's uniform. Independent exhibitors are expected to dress as if they were showing their dog(s) in an AKC show.

RALLY DIVISION

Entry Fee: \$12.00

4-H, FFA, Grange and Independent combined

Division 5046 Rally

Classes

1. Rally Novice A – All dogs must enter and leave the ring on leash. The leash must be made of fabric or leather and needs to be long enough to provide adequate slack. There will be between 10 to 15 stations, not including start and finish, with a minimum of three and a maximum of five stationary exercises per class.
2. Rally Novice B – All dogs must enter and leave the ring on leash. The leash must be made of fabric or leather and needs to be long enough to provide adequate slack. There will be between 10 to 15 stations, not including start and finish, with a minimum of three and a maximum of five stationary exercises per class.
3. Rally Intermediate A – All dogs are judged on leash. The leash must be made of fabric or leather and needs to be long enough to provide adequate slack. There will be between 12 to 17 stations, not including start and finish, with a minimum of three and a maximum of five stationary exercises per class. Intermediate courses will have a minimum of three advanced level signs. There are no jumps in this class.
4. Rally Intermediate B – All dogs are judged on leash. The leash must be made of fabric or leather and needs to be long enough to compete.

Rules:

1. Started in 2005, AKC Rally is a fun family sport and participation increases each year. It's a perfect starting point for those who are new to canine sports as AKC Rally provides a

challenging introduction to all AKC companion events for dogs and handlers to strengthen their skills.

2. Think of an AKC Rally® event as any team sport: You and your dog navigate a course, side-by-side, as you steer him through a course of 10-20 different signs. Each of these signs provides instructions regarding the next skill that is to be performed. The dog and handler move continuously throughout the course with the dog under control at the handler's left side. There is a clear sense of teamwork between the dog and handler both during and between the numbered signs. Although each performance is timed, having a good race time is not the goal; it's all about working as a team while performing the skills, with the dog under control.
3. After you have completed your training classes and you decide to enter a rally trial, there are two levels of competition: novice and intermediate. Scoring is not as rigorous as traditional obedience and all teams begin with a perfect 100 with points deducted along the way. If you retain a score of at least 70 points, you will earn a leg towards a title.
4. **"A" class is for first time entries and "B" class is for those who have titled in that class.**

Awards:

1. Ribbons Only

OFFICIALLY RECOGNIZED PREMISE EARTAGS FOR SWINE

With attempts to continually monitor animal traceability, many states are now requiring swine to be tagged with official, federally recognized ear tags for interstate transport. In order to be recognized as an official tag, the information below must be identified on each tag.

Official Ear tag Requirements for Individual Animal Identification (AIN)

- Tags must be tamper proof (designed for one time use) and imprinted with a nationally unique, official animal identification number
- Tags must possess the US shield emblem

Obtaining Official Ear tags

Many farm supply companies offer the purchase of officially recognized ear tags through online stores. Tags will require a Premises ID number and address of premises in order to make a purchase.

Examples of Official Animal Identification Number (AIN) Tags for Swine – 840 Tags

840 Tags: 840 tags comply with the requirements of the Animal Disease Traceability (ADT) framework for both visual and electronic identification. These tags are recognized in a standardized information system between federal, state and industry officials. 840 tags are designed to help provide information on animal traceability.

Both “840 Visual Tags” and “840 RFID Tags” are acceptable for NSR and NJSA swine shows. Since these tags are specific to a Premises ID, they must be obtained by the owner of the premises. They may be purchased through tag supply stores (several online stores available).

1. **Allflex 840 Visual Tags:** The two examples of Allflex 840 Visual Tags below may be ordered through many online farm supply stores. Both of the tags below can print with the purchasers Premises ID number on the tag. Be sure to request to have your Premises ID printed on the tag when making your purchase of these tags.

a. **Allflex 840 Integra Tag (a great option for swine being exhibited at NSR/NJSA events)**

- This is an 840 tag that also provides room at the bottom of the male portion of the tag to print a Premises ID Number.
- A Premises ID Number must be provided when making the purchase of this tag.
- Use SKU: USDA-840GIHM2/GSTF when contacting your supply company to refer to this specific tag.

b. **Allflex 840 Integra Male/Tamper Proof Female Tag**

- This is an 840 tag that also provides room at the bottom of the male portion of the tag to print a Premises ID Number.
- A Premises ID Number must be provided when making the purchase of this tag.
- Use SKU: USDAJUNIOR1/GSM when contacting your supply company to refer to this specific tag.

c. **Allflex 840 RFID Tags:** 840 RFID (Radio Frequency Identification) tags may also be ordered through many online farm supply stores. RFID tags can be utilized to store and track information through a database using a readable scanner. A Premises ID number is required when making a purchase of these tags and the premises information is tracked to the tags you receive. You may also request to have your Premises ID printed on the male button of the tag at time of ordering. Below are two examples of 840 RFID Tags.

d. **Allflex FDX Ultra EID Tag**

- This is an 840 tag that requires a Premises ID Number when making purchase.

- Use SKU: USDA840FDX/GESM-Y-20

e. **Allflex HDX High Performance Ultra EID Tag**

- This is an 840 tag that requires a Premises ID Number when making purchase.
- Use SKU: USDA840HDX/GESM-W-20

Other Types of Officially Recognized Ear Tags

National Uniform Ear tagging System (NUES) Ear tags: NUES tags, often referred to as “silver” or “Brite” tags and historically been used for disease testing and interstate movement. State and Tribes administer the distribution of NUES ear tags. They may elect to restrict their use to Accredited Veterinarians or make them available direct to producers as well as through the veterinarians. Producers must contact their State or Tribe animal health official to find out if NUES ear tags are available in their area.

USDA Swine Premises Identification Number (PIN) Ear Tags: PIN tags shown below are intended for breeding stock only. These tags will print with the purchasers Premises ID number at the top and on the back. Producers may request to have a management number series printed on the bottom of the male tag as well like the examples below. Beginning January 1, 2015, many major U.S. packers and processors will require a USDA approved, official premises identification number (PIN) swine tag as a condition of sale for breeding stock. SCRAPIE TAG INFORMATION AND INSTRUCTION

Official Scrapie tag information is required for all sheep AND goats entered at the Sacramento County Livestock Market & Showmanship under the National Scrapie Eradication Program. This is a mandatory program and requires participation by all sheep and goat producers from all 50 states. It includes individual identification of animals (sheep and goats) with an ear tag or tattoo prior to changing ownership (so that animals can be traced) and to allow testing samples from sheep at harvesting facilities.

What is a Scrapie Tag

Sheep and Goat producers will register and request from USDA approved individual official tags. These are referred to as scrapie tags and are required for:

- **All Sheep and Goats must be identified when changing ownership and prior to transport before a show, fair, petting zoo, or exhibition.**

Exception to the use of Scrapie Tags:

- **Registered goats that have a legible registry tattoo accompanied by a copy of the registration certificate do not require a scrapie tag if their tattoo is registered as a unique entity with the breed association and USDA-APHIS' Veterinary Services office. Exhibiter must bring own reader.**

The scrapie tag identifies **two** specific tracking numbers:

- **Premise number;** also referred to flock, herd or breeder identification. This number will be assigned by the Federal Government and follows a specific format.
 - The first two character of this number indicate the two digit alpha state code. For example, if the animal was born in California the first two digits would be "CA". If the animal was from Oklahoma, the first two characters would be "OK".
 - The 4 to 5 digits that follow the alpha state designation is the premise number which has been assigned by the Federal Government for that specific livestock producer AND location.
- **Individual Animal Identification Number:** This is a numbering sequence to identify one animal from the specific premise. It may be one digit or several. This is a numbering sequence that is chosen by the breeder.
- **Both sets of these numbers must be submitted with your entry at the Sacramento County Livestock Market & Showmanship.** This information is to be recorded from the actual tag that is located in the ear of your animal.
- **Some breeders may use a tattoo method or a microchip.** As long as the requirements have been met these are acceptable ways per the Federal Government.
- **It is ILLEGAL to remove or tamper with the scrapie tag once it has been issued.**

It is highly recommended that on your bill of sale for your purchased animal, the breeder indicate the Scrapie Tag information for inclusion on your entry form and to help resolve any issues that could arise. Be sure to bring your original Bill of Sale to the Sacramento County Livestock Market & Showmanship for reference as needed.

How to Complete the Sacramento County Livestock Market & Showmanship Entry

Enter the Premise number followed by the individual animal number

Example number 1; based on the above sample tag: XX2373/1234 would be your entry

Example 2; where the XX on the above tag was identified as California: CA2373/1234 would be your entry

The above entry indicates that animal was born in California at location 12345 (which is on file with the Federal Government) and 000123 is the individual animal number for this breeder.

Missing, Incorrect or Altered Scrapie Numbers

Entries with missing or incomplete scrapie numbers will not be registered as an exhibit until the scrapie number is corrected. Entry fees will not be refunded for entries that are not corrected by May 1 nor will the animal be allowed to compete in the Sacramento County Fair.

All sheep and goat scrapie number for market sheep and goat entries will be verified at the scales during weigh in or for all non-market animals, during the day on Wednesday. Exhibitors with scrapie tag issues will be required to produce the original bill of sale which indicates the scrapie tag Information prior to participation in the Sacramento County Fair. Failure to do so may result in the disqualification and removal of the animal and forfeiture of the entry fee. **Scrapie Tags that are missing from the animal or appear to be altered are subject to disqualification from the Sacramento County Fair. It will be at the discretion of the Sacramento County Livestock Superintendent and the CEO as to the action to be taken. All entry fees and/or premiums will be**
