4. There will be a five (5) minute time limit to catch a calf and lead it across the finish line. If after five minutes calves remain, one (1) minute will be allowed to catch and halter a calf. At this time, if any remain, the one (1) minute will be allowed to catch a calf. Judges will score according to this time frame and decisions of the committee are final.
5. Buckles will be awarded to the first place winner in the first four go-rounds.

aid. **The contestant and the calf must both cross the finish line to complete the catch.** The contestant will not be permitted to fasten the rope to himself/herself in any manner after catching the calf to aid in leading the calf over the finish line. If two or more contestants catch the same calf, they will be ordered by the referee to release the calf.

9. If a contestant has hold of a calf, no other contestant will be allowed to touch the calf unless and until it breaks away. If a calf is caught by the tail, the contestant catching the calf shall be allowed a reasonable amount of time to place the halter; however, at the direction of the referee, the contestant will let the calf go.

10. Poor sportsmanship and any undue roughness will automatically disqualify the contestant and will not be tolerated by the referee. This scramble will be refereed by a group of not less than four (4) referees.

12. The Interscholastic League State Executive Committee, in cooperation with the State Board of Vocational Education has formulated a plan permitting calf scrambles and still protecting a contestant's amateur standing. This is done by placing the matter under the supervision of the Vocational Agricultural Department of the school and 4-H Club supervisors, and prohibiting the participants from receiving anything of cash value for winning the athletic part of the program.
