Such decisions may be appealed to the Executive Committee from whose decision there will be no appeal. Protests alleging that the judges overlooked exhibits will not be considered.

c. Interference with Judges: An exhibitor or representative who interferes with or displays disrespect to a judge or Show Management could forfeit any monies earned, have their show invitation revoked, or be subject to other penalties assessed by the show.

17. Sifting/Classifying Committees: The San Angelo Stock Show and Rodeo Association reserves the right to appoint sifting committees to determine the eligibility of animals by inspection prior to judging. Animals must have blankets removed and be ready for inspection when called upon by the committee. The sifting committee will eliminate any animal which, in its judgment, is not qualified to compete and may be required to leave the grounds. Decisions of the sifters and/or classifiers will be final and protests will not be considered. Interference with sifters and/or classifiers will not be tolerated and will be subject to disqualification.

18. Official Protests: All protests must be made in writing and accompanied by a cash fee of $500, which will be refunded if the protest is sustained. Such protests and fees must be submitted to the Livestock Office. Protests must clearly state the cause of complaint or appeal, giving good and sufficient reasons therefore, and must be delivered to Show Management immediately upon the occasion for such protest. Protests not officially filed within 12 hours of the alleged incident will not be considered. These cases are referred to the Executive Director, who will have full power to act, and from whose decision there can be no appeal. Judging procedures will not be interrupted for a protest investigation.

19. Breed Representation:

a. Sheep or Goats: Should any breed represented in the open or junior breeding sheep or goat shows not have a minimum of four (4) breeders and sixteen (16) sheep or goats entered in their respective show at the time of entry deadline, their fees will be returned to the exhibitors and no show will be

Any breed that has more than thirty (30) head entered on a three-year average will be given its own separate breed show. Any breed that has more than forty (40) head entered in a single year will be given its own breed show the following year.

20. Show Ring Competition:

a. Entry Numbers: Each entry will be assigned a number. In some divisions exhibitors will receive corresponding cards with numbers which must be displayed by exhibitors during judging.

b. Requirement to Show: Animals properly entered in a show class and passed on by the sifting committee as eligible for competition must be brought into the show ring for competition. Exhibitors who refuse, without Show approval, to lead their animals for parade or for competition in the show ring will forfeit any and all prizes previously won. Also, by refusing, the exhibitor may be barred from further participation in the Show and may be required to remove their stock from Show grounds immediately.

c. Arena Promptness: Exhibitors are responsible for knowing the times at which their projects will be judged. Judging will not be delayed for animals entering the arena late. Any exhibit not presented promptly will be ruled ineligible and barred from competing in the class. No additional animals will be allowed to enter once the staging gate into the show ring is closed. Animals that miss their designated class will not be allowed to show in the subsequent class, no exceptions.

d. Judging Contests: If an exhibitor is called upon to furnish one or more animals for the students' judging contest, he or she will cooperate with the Show. Refusing to allow an animal to be used in this manner, without Show approval, could result in the forfeit of any prizes or such other action as the Show deems necessary. Selection of animals will be made under the direction of the department superintendent.

21. Disqualification: Should any animal, project, contestant, or team awarded a prize be disqualified, the lower placing animal, project, contestant or team will not move into the higher position, with exception to market show animals disqualified in a champion drive for weigh out on return to the show ring. Review market show specific rules for more information.

22. Animal/Exhibitor Disqualification: To support fair competition, to provide a level playing field and to protect the safety of food, the showing of unethically fitted livestock, livestock of any ineligible age for exhibition in the class entered, and/or animals being administered unapproved drugs is strictly prohibited. Additionally, any animal that has been administered a drug that is FDA approved for its species is subject to disqualification if that animal test positive for that drug upon arrival at the San Angelo Fairgrounds. All animals must remain free and clear of all drug and chemical residues while on show grounds. How or under what circumstances the animal came to ingest the drug is not relevant to any consideration.

22(a) Unethical Fitting: Unethical fitting is defined as any attempt to alter an animal's performance or alter the natural contour, confirmation, or appearance of the animal's body, hide, hair, or feet by any unnatural means.

Examples of unethical fitting include, but are not limited to:

- Treating or massaging any part of the animal's body, internally or externally, with an irritant, counterirritant, or other substance to temporarily improve conformation.
- Surgical alterations, excluding the removal of warts or horns
- Use of Injections
- Striking the animal to cause swelling in a depressed area
- Use of electrical contrivances
- Feeding of material not conducive to the health of the animal, safety of food or marketability of its carcass
- Blocking of nerves to prevent limping or switching of the tail
- The use of diuretics
- The use of alcoholic or carbonated beverages in the feed or administered as a drench
- Artificially filling animals by stomach pumping or airing injections
- Alternative treatments including but not limited to: Acupuncture, Chiropractic Services, Massage Therapy, Therapeutic Laser, Magna Wave
- Therapeutic practices- the practice or use of any therapeutic application including, but not limited to animal chiropractic services, acupuncture or electrical massage stimulation on show grounds is prohibited.

22(b) Over Age Animals: Any animal over the age requirement set forth by rules specific to that division will be disqualified.

22(C) Unapproved Drug Use: The showing of any animal that has been administered during its life any quantity of any unapproved drug, chemical or medication is strictly prohibited. Such drugs include, but are not limited to, any diuretic, any unapproved growth stimulant or other unapproved medication. Unapproved means not approved by the Food and Drug Administration (FDA) and/or the U.S. Department of Agriculture (USDA) for slaughter animals including those which may be destined for human consumption.

22(d) Approved Drug Use: If an animal has been administered a drug that is FDA approved for its species, sufficient time must have passed so that the animal does not test positive for that drug upon arrival to the Grounds. **Animals must remain free and clear of all drug and chemical residues while on show grounds.** Please note that elimination time (the time it takes for no drug residue to be found in the system) is typically longer than the labeled withdrawal time for most approved drugs.

22(e) Animal Inspection & Testing: As condition for participation in the show, every exhibitor must agree to submit any animal entered by the exhibitor for inspection at any time. Exhibitors agree to have such animal submitted to any test requested by Show Management at any time. The exhibitor also agrees that the opinion reached by Show Management or its officials as to whether such animal is unethically fitted or over age shall be final and binding without recourse against the Show or any of its officers. Further, Show Management specifically reserves the right to have ultrasound, D.N.A., tissue, blood and/or urine laboratory analysis made on any animal entered for competition. The conclusions reached by the laboratory and/or veterinarian shall be final and binding without recourse against Show Management or any of its officers. An exhibitor, and members of the exhibitor's family, of an animal that is found to be unethically fitted, over age, and/or testing positive for any drug or medication or unapproved chemical may forfeit premium and prize monies and all rights and privileges to exhibit livestock in the future at the Show. Any monies forfeited will be distributed back into the scholarship fund of the San Angelo Stock Show & Rodeo Association Foundation.

22(f) Unruly Animals: Show Management, Livestock Committee Leadership, and/or Ring Stewards may remove an unruly animal from the show at any time, if they see fit. There will be no appeal. Cattle must be shown with a halter and sufficiently tame enough to be properly handled by the exhibitor as entered. If the animal exhibited poses a danger to the exhibitor and/or other parties, Show Management reserve the right to remove the project from competition. Depending on the case, projects may be instructed to be removed from the grounds by Show Management. Substitute exhibitors will not be allowed for unruly animals.

22(g) No adherence to Rules: Any person found guilty of misrepresentation or not abiding by the Show rules will be disqualified and denied the privilege of showing in the San Angelo Stock Show and Rodeo.

22(h) Medication Received Prior to Show: Animals under the care of a licensed veterinarian and/or taking any type of performance enhancing medication to include but not limited to, steroids, diuretics, anti-inflammatories, tranquilizers and pain killers are ineligible for competition. In instances where an animal has been administered a drug that is FDA approved for its species, the exhibitor must be aware that the time it takes for all drug residue to completely clear the system **is generally longer than the labeled withdrawal time** for most drugs. SASSRA maintains a ZERO TOLERANCE POLICY for unethically fitted livestock. Adequate time must have passed so that the animal does not test positive for drug upon arrival. Once the animals arrive on the SASSRA grounds, they must remain free and clear of all drug and chemical residues.

22(i) Emergency Treatment: If an animal requires emergency treatment while on Show grounds, only a licensed veterinarian will be allowed to administer any drug, chemical or feed additive. Animals which are administered treatments with a withdrawal or extended elimination period, or a potential performance enhancer, will be disqualified from competition. Furthermore, the Official Show Veterinarian, in agreement with Show Management, reserve the right to treat any animal if, in the opinion of the Official Show Veterinarian, it is in the best interest of the animal's health and well-being to be treated. If the Official Show Veterinarian administers treatment to an animal, and therefore uses any medication that does not meet the appropriate withdrawal and or elimination time, the animal will be determined ineligible to show for competition.

22(j) Treatment Cost: All treatment costs are the responsibility of the exhibitor.

22(k)Consequences: In the event any animal is declared by the veterinarian or testing agency to be unethically fitted, test positive for the presence of prohibited drugs or other substances, or disqualified for any reason, the SASSRA President will appoint an Ethics Committee to evaluate the findings. In the event the Ethics Committee convenes, the committee shall decide whether the exhibitor shall be permanently barred or barred for a specific period, from further participation in the San Angelo Stock Show and Rodeo. Reinstatement of anyone barred as set forth herein, may be made only by the Ethics Committee. Further, in the event of disqualification as set forth herein, the Ethics Committee is empowered to determine that the exhibitor shall forfeit all titles, awards, prizes, auction proceeds, premiums, and scholarships for all entries if the animal and/or exhibitor is disqualified. Market/Floor money and/or placing premiums and premium sale placement shall be forfeited if the animal is condemned at slaughter. The San Angelo Stock Show and Rodeo, may in its sole discretion, submit the name(s) of any disqualified exhibitor to the Rule Infraction Database of the North American Livestock Show and Rodeo Managers Association.

22(l) Probation: An exhibitor may be placed on a probationary status if results of drug tests are inconclusive, confirmation of a primary test cannot be granted, or another situation questioning the ethical fitting of livestock arises. The probation grants the right for the San Angelo Stock Show and Rodeo to collect ultrasound, D.N.A., blood, tissue and/or urine samples for laboratory analysis on any

animal entered by an exhibitor on probation at the exhibitor's expense. An exhibitor may remain on probation for any amount of time and may be released from probation only by the Board of Directors upon recommendation from the Ethics Committee.

23. Animal Handling Devices: Show management or leadership reserve the right to decide what constitutes as acceptable show equipment and how the equipment is being used by the exhibitor. **Cable halters are prohibited for all species.**

a. Animals must be in good health and carcasses free of drug or chemical residues.

b. Drug label directions for use and withdrawal periods must be followed. Please note that elimination time (the time for no drug residue to be found in the system) is typically longer than the withdrawal time for most approved drugs.

c. If drug or chemical residues are found in tissue of carcasses, the entire carcass may be condemned.

The San Angelo Stock Show and Rodeo will in no way be liable or responsible for the condition of the carcasses or the sale price of the animal. In such cases, the exhibitor forfeits all rights to any and all proceeds including: Auction Price, Scholarships, Premium Awards, Market (Floor) Price and Special Awards.

25. Federal Food, Drug and Cosmetic Act: As required, in 21 CFR 589.2000, entry in the Junior Market steer, lamb, and goat shows shall serve as verification by the exhibitor that, to the best of their knowledge, while under their ownership, possession or direct control, the animal(s) were not fed any feed containing ruminant-derived meat or bone meal. Entrants agree to allow packer inspections of feed ingredient records and facilities.

26. Disqualification/Condemnation of Animal: "The show practices a zero tolerance policy on all residue violations." The Show reserves the right to condemn and/or disqualify any animal, either live or slaughtered, found in violation of Rule 22 of the General Show Rules and Regulations listed in the handbook and the exhibitor will forfeit all auction sale and/or premium money if the animal is disqualified. Even if the source of the drug is unknown, the San Angelo Stock Show and Rodeo shall be entitled to disqualify the exhibitor. Disqualification may result in forfeiture of all prize money and auction proceeds.

Exhibitors found in violation of this rule are subject to disqualification.

ANIMAL HEALTH REGULATIONS

San Angelo Stock Show officials are allowed to impose animal health requirements that are more restrictive than those imposed by the Texas Animal Health Commission (TAHC). Specific TAHC regulations will supersede the Show requirements if there is a dispute between the two in which the Show rules are less restrictive than TAHC regulations. The show considers itself an interstate (accepting entries of livestock from within Texas and from other states) show for livestock entries. Exhibitors with livestock originating outside the State of Texas are encouraged to contact their state Animal Health officials to confirm specific requirements, if any, their state may impose on animals returning from a Texas show. All swine shows are intrastate (accepting entries from within the state of Texas only) for entries.

Interstate Event: The TAHC considers shows, fairs, rodeos, events or exhibitions to be interstate if they permit livestock from other states to enter for show or exhibition and be held or exhibited in common facilities with Texas origin livestock of the same species.

Intrastate Show: The TAHC considers shows, fairs, rodeos, events or exhibitions to be intrastate if they ONLY allow Texas animals to enter or if they require Texas livestock of the same species to be housed and exhibited separately from livestock from out of state.

Certificate of Veterinary Inspection (CVI): CVIs are commonly referred to as "health certificates". This document indicates that an accredited veterinarian inspected, tested or immunized the animals in question as required by the TAHC.

• Cattle, sheep, goats, equine, swine, exotic livestock and ratites coming into the state must be accompanied by a CVI.

The certificate must indicate that the accredited veterinarian found the animals or fowl to be free of symptoms or evidence of communicable disease and that all tests, immunizations, or treatments required by the Commission were completed. For certain diseases, a specific statement may be required indicating disease free status. The certificate is required to accompany animals and fowl entering the State of Texas as stated in the following summary of entry requirements. The certificate is valid for 30 days for all species.

PRIOR ENTRY PERMITS: Entry permits are required as noted in the following summary of entry requirements. Permits may be obtained by calling 512-719-0777(24 hours), or 1/800-550-8242 or by writing the Texas Animal Health Commission, 2105 Kramer Lane, P.O. Box 12966, Austin, Texas 78711-2966.

ROUTINE INSPECTION PROCEDURES

1. Representatives of the Show should meet all incoming livestock vehicles at entry gate to Show Grounds.
2. At this point, all required documents will be inspected as well as a visual inspection of the shipment.
3. If shipment meets all requirements, the driver will then be allowed on grounds.
4. If the shipment does NOT meet the requirements, they will be asked to pull from the flow of traffic. Show Officials will then take necessary steps to correct the issue or dismiss the animals from premises. However at NO time will these animals be allowed on grounds to co-mingle with others.

Judge:	Jack Ward – Kansas City, MO

1. All rules apply to the Junior Steer Show. Please refer to the General Rules and Junior Show Rules.

2. To be eligible to exhibit in the 2027 Steer Show, all steers must be validated in the Texas 4-H and FFA Steer Validation Program. Each entry must have been recorded on a 4-H or FFA Steer Validation Form Master List between June 1 and June 30. Exhibitors must have owned and cared for their steers continuously since June 30, 2026.

A hair follicle sample will be collected from all breed champions and all reserve breed champions and DNA analysis will be conducted on each of these hair follicle samples. The Steer Committee may also collect a hair follicle sample from any other steer entry from the purpose of conducting a DNA analysis. Any steer not having a positive match from the DNA analysis of this hair follicle sample, compared to the DNA analysis of the hair follicle sample taken from the steer at the time of enrollment in the validation program, will be disqualified.

Steers arriving at the show and show ring without an official Texas Validation Steer Tag or not having been tattooed by the official steer validation committee are ineligible. Steers must be validated in the Texas 4-H and FFA Steer Validation Program. The official State Validation tags will be the show tag. Separate tags will not be issued.

3. Previous exhibitors of the Grand Champion Steer are not eligible to enter the Junior Steer Show.

4. Each exhibitor will be permitted to enter no more than two (2) steers.

5. Steers will be stalled in the Housley Communications Cattle Barn located North-East of the Coliseum. Enter Gate 6 off of 50th Street/Lake View Heroes Drive. Stalling assignments will be made upon arrival. Stalls will not be assigned until steer(s) arrive on the fairgrounds. Reservations for stalls will not be taken. Tack/bedding arriving before steer(s) will not be allowed to unload or be set up in the barn without steer(s) present.

6. Official disposition forms must be picked up in the staging area at the time of check-in. All steers are required to be presented for classification. The steer may be led through by the exhibitor or an approved substitute exhibitor only. Each breed will be called to report to the 1st Community Credit Union Spur Arena.

Exhibitors will need to present their disposition (weight) card with the validation number and show weight completed at the time of classification**.** Hair length will be checked at this time, as well as other show requirements such as horns and tags in addition to validation tags.

Classifiers will then determine if the animal meets breed standards. If the animal does not, they will determine which breed the animal should show in at that point, instead of the animal being presented multiple times. Show management or committee representatives will take the disposition (weight) card and mark the breed determined. At that point, check-in will be complete. There will be no QR code system for the market steer show.

Superintendents will break classes immediately following classification.

7. Steers must weigh a minimum of 1000 pounds. Any steer weighing under 1000 pounds will be sifted.

8. The Steer Show Superintendent will have the right to weigh any animal in the barn at any time. Any animal not weighing within 5% of the weight turned in will be sifted and assessed a $10.00 cwt. penalty. Any re-weighed steer weighing less than 1000 pounds will be sifted.

9. Steers will be presented for re-weighing during judging in the show arena at a time designated by the Superintendent. Any steer leaving the show ring and later returning for additional judging may be re-weighed. Any steer weighing more than 5% above his initial official show weight will become ineligible for any award or the premium sale. Steers coming back for the grand drive may be reweighed before the start of the grand drive, by superintendents. Any steer not within 5 percent of his initial official show weight will become ineligible to compete, however will still be eligible to sell in the premium sale as a breed champion. If a breed champion steer weighs out, the reserve breed champion within the same breed will be able to compete for grand. No other animals will be allowed to advance placing.

10. Steers will be shown in four breed classifications. These four breed classifications are: British Breeds, American Breeds & Crosses, Red & Black Crosses, and All Other Crosses. Hereford, Polled Hereford, Angus, Red Angus and Shorthorn will be classified as British breeds. Steers that exhibit visibly obvious characteristics of *Bos indicus* genetics that support the commercial industry will be classified as American Breeds & Crosses. Steers not classified as British Breeds or American Breeds & Crosses will be classified as Black & Red Crosses, or All Other Crosses.

11. A three-man classifying system will be used for classifying all steers.

12. No sifted steers will be sold. All sifted steers are required to leave grounds immediately.

13. All steers to be floored should be taken to the floor pen, outside the show arena, at the conclusion of their class. All floored animals MUST be in the designated area by thirty minutes after the selection of the Grand Champion Steer. After the thirty minute time period following the show, animals are not guaranteed the ability to be floored. Steers may not be floored without a valid and correct disposition form.

14. All steers must be shorn prior to arrival at the fairgrounds. Hair must not exceed ¼" on any location of the body excluding the tail switch. The tail switch being no more than 12 inches above the end of the cartilage of the tail. Steers will be checked at classification for ¼" length; violation of ¼" uniform length over the entire body will result in immediate disqualification.

15. No trimming on the grounds. No trim chutes.

16. The Champion Steer from each breed division will compete for Grand Champion Steer. Reserve Champion steers from each breed division are required to be brought into the arena. The Reserve Champion Steer from the breed division furnishing the Grand Champion Steer will become eligible to compete for Reserve Grand Champion Steer.

17. The Grand Champion Steer, Reserve Grand Champion Steer and all first and second place steers must sell in the premium sale, and will not receive any additional premiums. The San Angelo Stock Show & Rodeo Association guarantees each steer sold in the Premium Sale a premium price of $500.00 above the packer bid, provided a packer bid available. All 1st and 2nd place exhibitors are required to attend the sale, Saturday, April 17, unless a substitute exhibitor exception is granted by show management. **Any exhibitor not in attendance and that does not have an approved substitute exhibitor will forfeit premium sale monies.**

18. Health papers are not required.

19. Steers must be dehorned, polled or scurred. Scurs/horn growth must not exceed three inches from the base of the head.

20. All ear tags except the Texas validation tag must be removed before steers enter the classifying area.

21. Only the exhibitor (or approved substitute) may lead their steer into the staging area or judging arena. One parent/guardian will be allowed to be in the staging area with their child, **only** if their child's animal is required to take a drug test. There will be a designated area within the staging area for drug testing. No other persons will be permitted into those areas.

22. Show management, Livestock Committee Leadership, and/or Ring Stewards reserve the right to remove an unruly animal from the show. Cattle must be shown with a halter and sufficiently tame enough to be properly handled by the exhibitor as entered. Cattle shows will follow a three strike rule. If an animal becomes uncontrollable or not within the exhibitor's possession more than two times, the exhibitor and the animal will be excused from the ring and disqualified on the third time. If the exhibition of an animal poses danger to the exhibitor and/or other parties, Show Management reserves the right to remove the project from competition immediately; this includes but is not limited to charging, excessive kicking, etc. Show Management also reserves the right to remove that animal before the third strike rule if they feel it is a necessity for the safety of exhibitors and/or other parties.

Judge: Brett Beyers – Sibley, IL

1. All rules apply to the Junior Barrow Show. Please refer to the General Rules and Junior Show Rules.

2. To be eligible to exhibit in the 2027 Barrow Show, all barrows must be validated in the Texas 4-H and FFA Swine Validation Program. Each entry must have been recorded on a 4-H or FFA Swine Validation Form Master List between November 1 and November 30. Exhibitors must have owned and cared for their barrows continuously since November 30, 2026.

A hair follicle sample will be collected from all breed champions and all reserve breed champions and a DNA analysis will be conducted on each of these samples. The Barrow Show Committee may also collect a hair sample from any other barrow entry for the purpose of conducting a DNA analysis. Any barrow not having a positive match from the DNA analysis of this hair follicle sample, compared to the DNA analysis of the hair follicle sample taken at the time of enrollment in the validation program, will be disqualified.

Validation tags will be used for identification and must be present in the animal's ear at time of check-in. Any animal missing their validation tag at time of show will be disqualified. Separate tags will not be issued for show.

3. Previous exhibitors of the Grand Champion Barrow are not eligible to enter the Junior Barrow Show.

4. Each exhibitor will be permitted to enter no more than two (2) barrows.

5. Barrows will be stalled in the Gandy Ink Livestock Barn. To enter the grounds for livestock unloading and loading, all trailers will enter the fairgrounds on the North side at Gate 5 off Grape Creek Road. There will be two lots indicated for trailer staging. At the direction of officials, trailers will be allowed to back up to the West Side of the Livestock Barn for unloading. Once unloaded, vehicles will exit Gate 2, circle back towards Gate 6 off Lake View Heroes Drive to proceed toward the trailer lot.

6. Pen assignments will be made upon arrival.

7. Official disposition forms must be picked up from the staging area when getting pen assignments at the time of check in. Exhibitors will be required to turn in official disposition cards (Herein after referred to as weight cards) after the completion of the Self-Check-In process utilizing the QR code system.

To check in, Exhibitors will scan the independent barcode located on the weight card. Exhibitors will be prompted by the QR code system to enter all information from the weight cards, such as breed, weight, etc. The Self-Check-In process is subject to change. All four weight cards must be filled out in addition to the information entered in the QR code system. The information entered into the QR code system at Self-Check-In must match the weight cards and will prevail in the instance of a discrepancy. All information must be entered and weight cards turned into show personnel by 5:00 pm on the day of check-in.

After completing the Self-Check-In, the QR code system will generate a confirmation receipt and send to you via e-mail. It is the responsibility of the Exhibitor to ensure that all information on the receipt is correct. Exhibitors must submit the weight cards in its entirety to show personnel, who will then give the exhibitor a portion back that will be required for placement on the truck. It is recommended that exhibitors keep confirmation receipts throughout the duration of the show.

Superintendents will break classes immediately following the weight card & Self-Check-In deadline.

8. Barrows weighing less than 250 pounds or more than 300 pounds will be sifted. There will be a 12-pound weigh back on both the top and bottom of the weight submitted.

9. The Barrow Show Superintendent will have the right to weigh any animal in the barn at any time. Any animal not weighing within 12 pounds of the weight turned in will be sifted and sold based on their actual weight and not the weight which was turned in on their disposition card. There will be a $20.00 penalty charge taken from the exhibitor's floor check.

10. Barrows will be designated for re-weighing during judging in the show arena at a time designated by the Superintendent. Any barrow leaving the show ring and later returning for additional judging will be re-weighed. Any barrow not weighing within 12 pounds of his initial official show weight will become ineligible for any award or Premium Sale.

Barrows coming back for the grand drive may be reweighed before the start of the grand drive, by superintendents. **Any barrow in the grand drive not weighing within 15 pounds of his initial official show weight will become ineligible to compete.** Barrows weighing out in the grand drive will still sell in the premium sale as a breed champion. If a champion barrow weighs out and is disqualified, the reserve champion within the same breed division will be able to compete for grand champion.

11. There will be no clipping of barrows after arrival. Only water may be applied to the animal, no artificial color, paste, powder, oil or other dressing is allowed. **Any animal found to have any product other than water applied will be disqualified. Any animal found to have ANY physical alterations will be disqualified.**

14. All barrows remain the property of the exhibitor until they are loaded on the packer truck. SASSRA appreciates and applauds the TGBA for $60,750 in premiums to the Market Goat show annually.

1. All rules apply to the Junior Market Goat Show. Please refer to the General Rules and Junior Show Rules.

2. To be eligible to exhibit in the 2027 Junior Market Goat Show, a goat must be validated in the Texas 4-H and FFA Market Goat Validation Program. Each entry must have been recorded on a Goat Validation Form between October 1 and October 31. Exhibitors must have owned and cared for the goats continuously since October 31, 2026.
Hair follicle samples will be collected from the first-place market goat in each class. Should the Reserve Grand Champion market goat come out of the same class as the Grand Champion Market Goat, then the second-place class winner will also have hair follicle samples collected. The Market Goat Committee may also collect hair follicle samples from any other market goat entry for the purpose of conducting a DNA analysis. Any market goat not having a positive match from the DNA analysis of this hair follicle sample, compared to the DNA analysis of the hair follicle sample taken from it at the time of enrollment in the validation program, will be disqualified.

Texas validation tags will be the show tag. A separate tag will not be issued.

3. To be eligible to exhibit at the 2027 Junior Market Goat Show, a goat must be bred by a member of the Texas Goat Breeder's Association, and have an official TGBA tag belonging to the breeder of the goat in its ear at check-in. Tags are to be obtained from the breeder of the goat. TGBA tags must be present in the ear of the animal at the time of validation through the Texas 4-H and FFA Goat Validation Program and must be recorded correctly on official validation paperwork. The TGBA tag must be present in the goat's ear at the time of show check-in. GOATS WITHOUT A TGBA TAG WILL GO STRAIGHT TO THE TRUCK!

4. Previous exhibitors of the Grand Champion Market Goat are ineligible to enter the Junior Market Goat Show.

5. Each exhibitor is entitled to enter no more than two (2) market goats.

6. Goats will be allowed to arrive from 12:00 p.m. (Noon) until 5:00 p.m., Saturday, February 6, 2027. All animals in line after 5:00 p.m., Saturday will be allowed to unload Sunday starting at 8:00 a.m. All trailers

must be on the grounds before 1:00 p.m. on Sunday, February 7, 2027. Weight cards must be turned in by 4:00 p.m. Sunday.

7. Goats will be stalled in the Gandy Ink Livestock Barn. To enter the grounds for livestock unloading and loading, all trailers will enter the fairgrounds on the west side at Gate 5 off of Grape Creek Road. At the direction of officials, trailers will be allowed to back up to the West Side of the Gandy Ink Livestock Barn for unloading. Once unloaded, vehicles will exit Gate 2, circle back towards Gate 6 off Lake View Heroes Drive to proceed toward the trailer lot.

8. Only one tack vehicle will be allowed per trailer to unload at the barn.

9. Official disposition forms must be picked from Show Management. Exhibitors will be required to turn in official disposition cards (Herein after referred to as weight cards) after the completion of the Self-Check-In process using the QR code system located on your disposition cards and around the show barn.

To check in, Exhibitors will scan the independent QR code located on the weight card. Exhibitors will be prompted by the QR code system to enter all information from the weight cards, such as breed, weight, etc. The Self-Check-In process is subject to change. All four weight cards must be filled out in addition to the information entered via the QR code. The information entered via the QR code at Self-Check-In must match the weight cards and will prevail in the instance of a discrepancy. All information must be entered into the QR code system and weight cards turned into show personnel by 4:00 pm on the day of check-in.

After completing the Self-Check-In, the QR code system will generate a confirmation email. It is the responsibility of the Exhibitor to ensure that all information in the email is correct. Exhibitors must submit the weight cards in their entirety to show personnel, who will then give the exhibitor a portion back that will be required for placement on the truck. It is recommended that exhibitors keep confirmation receipts from the QR code system throughout the duration of the show.

Superintendents will break classes immediately following the weight card & Self-Check-In deadline. Classes will be broken into 10 weight classes. There will be no pre-set weight breaks.

10. Market goats must weigh a minimum of 60 pounds and maximum of 130 pounds. Only wethers may be shown.

11. The Goat Show Superintendent has the right to weigh any entry at any time. Goats will be designated for re-weighing during the judging. Any entry weighing more or less than 4 pounds above or below the initial official show weight will become ineligible for any award or premium sale and may be assessed a $10.00/cwt. penalty. Goats coming back for the grand drive may be reweighed before the start of the grand drive, by superintendents. Any goat not within 4 pounds of his initial official show weight will become ineligible to compete, however will still sell in the premium sale as a division champion. ANGUS

1. All animals to be eligible to show must be recorded in the American Angus Association Record. Exhibitors must file with the Stock Show Office the name and herd book of each animal entered.

2. Only Black Angus are allowed in this show.

3. When any female is shown with a calf at side, the calf must be the cow's most recent natural calf, and the calf must be registered by show date and have the original registration certificate at check in.

4. Any product administered internally or used externally to alter the conformation and/or appearance of an animal for exhibition is prohibited. This includes the covering of white skin, false tail heads (or use of any false hair); use of graphite, powders, hemp or other similar substances. Exhibition of cattle displaying false hair will not be allowed, with the exception of false tail switches.

5. DNA marker or blood type for parentage verification – Under Association Rules, each animal for which entry application (registration) is received, may be subjected to a DNA marker type or blood type test to verify ACCURACY OF PARENTAGE as covered under Association Rules. Staff of the American Angus Association must supervise the collection of DNA or blood samples. Animals are often sampled at shows, fairs, or events where the American Angus Association contributes premiums or where Association personnel participate.

6. If a recorded parent is excluded (as a parent) as a result of DNA or blood type, the owner may request, at his own expense, the Association to determine the actual parent. 1. All rules apply to the Junior Texas Stars Wether Doe Show. Please refer to the General Rules and Junior Show Rules.

2. To be eligible to exhibit in the 2027 Junior Texas Stars Wether Doe Show, does must be validated in the Texas 4-H and FFA Wether Doe Validation Program. Hair follicle samples will be collected from the first-place doe in each class. The Junior Texas Stars Wether Doe Show Committee and Show Management may also collect hair follicle samples from any other doe entry for the purpose of conducting a DNA analysis. Any doe not having a positive match from the DNA analysis of this hair follicle sample, compared to the DNA analysis of the hair follicle sample taken from it at the time of enrollment in the validation program, will be disqualified.

3. All entries must be owned and be the bona fide project of a junior exhibitor, regularly enrolled in a Texas 4-H Club or FFA Chapter, by October 31, of the year preceding the show, and must have been personally fed and cared for under the supervision of a County Agent or Teacher of Vocational Agriculture.

4. Health papers are not required.

5. There is a limit of three entries per exhibitor.

6. To enter the grounds for livestock unloading and loading, all trailers will enter the fairgrounds on the North side at Gate 5 off Grape Creek Road. There will be two lots indicated for trailer staging. At the direction of officials, trailers will be allowed to pull up to the South Livestock Barn for unloading. Once unloaded, vehicles will exit Gate 2, circle back towards Gate 6 off Lake View Heroes Drive to proceed toward the trailer lot.

7. Official disposition forms must be picked from Show Management. Exhibitors will be required to turn in official disposition cards (Herein after referred to as weight cards) after the completion of the Self-Check-In process using the QR code system located on your disposition cards and around the show barn.

To check in, Exhibitors will scan the independent QR code located on the weight card. Exhibitors will be prompted by the QR code system to enter all information from the weight cards, such as breed, weight, etc. The Self-Check-In process is subject to change. The weight card must be filled out in its entirety in addition to the information entered via the QR code. The information entered via the QR code at Self-Check-In must match the weight cards and will prevail in the instance of a discrepancy. All information must be entered into the QR code system and weight cards turned into show personnel by 6:00 pm on the day of check-in.

After completing the Self-Check-In, the QR code system will generate a confirmation email. It is the responsibility of the Exhibitor to ensure that all information in the email is correct. Exhibitors must submit the weight cards in their entirety to show personnel.

8. Superintendents will break classes immediately following the QR code check-in deadline. Classes will be broken into 9 weight classes in three divisions. **The number of classes is up to the discretion of the committee and show officials based on the number of entries weighed in.** There will be no pre-set weight breaks.

9. The only tags does may have in their ears are state validation, Texas Goat Breeders Association (TGBA), & scrapie tags. All others must be removed i.e. breeder tags. The TGBA tag **MUST** be in the animal's ear and recorded on official validation paperwork **BEFORE** the validation deadline. The TGBA tag must be in the goat's ear during check in and throughout the show.

To be eligible to exhibit in the 2027 Junior Texas Stars Doe Show, a goat must be bred by a member of the Texas Goat Breeder's Association, and have an official TGBA tag belonging to the breeder of the goat in its ear at check-in. Tags are to be obtained from the breeder of the goat. TGBA tags must be present in the ear of the animal at the time of validation through the Texas 4-H and FFA Goat Validation Program and must be recorded correctly on official validation paperwork. The TGBA tag must be present in the goat's ear at the time of show check-in.

10. Does must weigh a minimum of 50 pounds and there is no maximum. Only does may be shown.

11. The Doe Show Superintendent has the right to weigh any entry at any time. Does will be designated for re-weighing during the judging. Any entry weighing more or less than 4 pounds above or below the initial official show weight will become ineligible for any award or sale slot.

12. At the time of show, does must not possess more than their first set of yearling teeth.

13. Dehorning of the goats is not suggested. However, horns should be tipped and rounded. Goats with horns sharper than deemed safe by the show superintendent or Show Management will be required to be tipped or rounded or the animal will be isolated and not shown. Removal of horns on grounds is not permitted. No sharp points allowed on horns.

14. Hair may not exceed 1 ¼ inches above the hocks and knees. It is suggested to use a 1" guard to clip the doe before arrival. A complimentary hair check will be available from 3:00 p.m. to 5:00 p.m. on arrival day, February 6, 2027. Battery operated clippers will be allowed for touch-ups on arrival day. Superintendents and Show Management Reserve the right to determine what constitutes a touch-up. Hair length is also subject to inspection during the show. Approval of hair length during the complimentary check time does not waive the doe from liability during show time. Does will be checked for improper hair length, artificial

hair, use of powdering, color alterations, and adhesives. Improper fitting will subject the doe to disqualification.

15. Blow & Show ONLY! No painting, adhesives, powdering, artificial coloring, or use of artificial hair is allowed.

16. No electrical equipment of any kind is allowed (excluding blowers). HEAT LAMPS, ICE PACKS, OR PROPANE HEATERS WILL NOT BE ALLOWED IN THE BARNS!!

17. Goats may be washed after arrival.

18. No external parasites will be allowed. If a goat is found to have external parasites, it will be disqualified.

19. All division champions and reserve champions will be automatically eligible for the sale. However, a division champion or reserve is NOT guaranteed a top 5 Scholarship.

20. The judge will select up to 15 preliminary sale candidates at the judge's discretion from each division. Any does selected as preliminary candidates must remain at the show and will be called back to determine sale order. A preliminary selection is no guarantee the animal will make the sale.

21. The judge will select a minimum of 25 animals at the judge's discretion for the sale and all animals selected must be sold. There is no limit to the number of entries an exhibitor may sell.

22. **All does which qualify for the Texas Stars Doe Sale sell as is. All Sales are final, unless exhibitors with does testing positive for residues are subject to Ethics Committee consequences. Positive drug tests will be relayed to the buyer of the doe, and sale proceeds less sale commissions can be returned to the buyer. The buyer and seller will then be responsible for arrangements regarding the doe. Neither the exhibitors nor the San Angelo Stock Show and Rodeo Association offer any guarantees covering the health, status, breeding abilities or pedigree status of any animal purchased in the 2027 Texas Stars Doe Sale.**

23. Scholarships will be awarded pending results of all DNA and Drug Testing results. To be awarded the scholarship, DNA tests must confirm a positive match, and Drug tests must confirm negative for any and all residues.

24. Exhibitors must be present and exhibit their animal to receive the scholarship. All other rules of the San Angelo Stock Show and Rodeo Breeding Livestock Show Scholarships are applicable to contestants in this show.

25. A scholarship cap of $12,500 will be enforced per exhibitor for cumulative scholarship earnings in the Texas Stars Wether Doe Show. Exhibitors may continue to exhibit and participate in the sale once the scholarship cap is met, but will no longer be eligible for additional scholarships in this show.

1. All rules apply to the Open Breeding Sheep Show. Please refer to the General Rules.

2. Each livestock entry card must contain full name, address, and social security number of exhibitor, the name of breed, and the number of head entered. It will not be necessary to give the name of the animal, registry number or name of sire and dam until the certificates of registry are presented to the superintendents. **Health papers are NOT required for Texas origin sheep; please check the Animal Health Regulations for complete details.**

3. All sheep will be judged according to the classification on Breed Association score card (breed standards).

4. All breeding sheep must be registered in the flock books of their respective breeds, and bear such identification as that breed association requires, before entering the ring. Sheep not carrying ear tags or tattoo at time of showing will be barred from competition.

5. The breeder of an animal is the owner of the dam at the time of service. If an individual showing sheep in the registered classes is such a breeder, the lamb must be registered in his/her name by opening day of the show.

6. If an individual is showing a sheep in the registered classes that is a gift from some breeder, or if the sheep has been purchased from some breeder, the transfer certificate must be dated on Association records on or before January 15 of the year after this show.

7. In **all breeds** of the Open Breeding Sheep Show, classes are provided for lambs, two-tooth sheep and four to six-tooth sheep. Sheep in the lamb classes must retain all lamb teeth and be at least 6 months of age. Sheep which have dropped one or more milk teeth, or show one or both teeth of the first permanent pair of incisors are eligible only on the two-tooth classes. Sheep showing the first two pair or three pair of permanent incisors are eligible to show in the four to six-tooth classes only. In order to be able to move a ewe lamb or buck lamb up, you must fill the class first. **Exhibitors must tooth their own entries. Show Management will check ages before projects enter the ring.** Show management has the right to check teeth on entries at any time including in the show ring, and may move or dismiss entries accordingly.

8. Each exhibitor may show three and place two entries in each single class but may show only one entry in a group class.

9. Any animal exhibited in a group class (i.e. a pair of Rams) must be entered in its respective class (i.e. Ram class) in the show, as well.

10. Enter Gate 2 at the south side of the San Angelo Fairgrounds directly to the southwest of the South Livestock Barn. At the direction of officials, trailers will be allowed to back up to the West Side of the South Livestock Barn for unloading. Once unloaded, vehicles will exit Gate 2 and circle back towards Gate 6 off Lake View Heroes Drive to proceed towards the trailer lot.

11. Exhibitors may select their own pens upon arrival with each exhibitor being allowed 1 pen for every 2 head.

12. All Rambouillet sheep must be shorn on or after October 20th of the year preceding the show.

13. In the Other Registered Breed division, sheep may be shorn as desired by the exhibitor, or per breed registry requirements. Other stock shows may have different requirements, so if you are planning to attend and show at any other shows to know their specific rules for your breed.

14. All Southdown, Hampshire, and Dorper sheep must be slick shorn within one week prior to show. Foretops and boots may be left on Southdown sheep. Boots may be left on the Dorper sheep and all Dorper sheep must have docked tails.

15. There will be two Dorper sheep shows: 1) Dorper (white with black heads) and 2) White Dorper (all white); must indicate which show on entry forms.

16. American purebred Dorper ewes must be at least 7/8 blood and will show with full blood South African ewes. American purebred Dorper rams must be at least 15/16 blood and will show with full blood South African rams.

The scholarship scramble will be held on Saturday, April 10th, 2027, in the CRC Roofers Coliseum during a PRCA rodeo performance.

2. Qualifications for contestants:
   A. The first 80 complete and correct entries received in the Stock Show Office will be eligible. (Entries open November 1, 2026, and the entry deadline is January 1, 2027)
   B. Ages 13-18. Must have reached 13th, but not 19th birthday on or by August 31, 2026.
   C. Open to all 4-H and FFA contestants in the state of Texas.
   D. Must have been actively participating in Texas 4-H Club work for one year prior to February 1, 2027, or enrolled in a Texas Vocational Agricultural class for the fall term just preceding.
   E. Contestants will be selected by 4-H and FFA supervisors.
   F. Contestants are only allowed to compete in one of the four preliminary scrambles.

3. There will be four (4) go-rounds, one each during performances on Saturday, February 6, 2027, at 3:00 p.m., Saturday, February 6, 2027, at 5:00 p.m., Saturday, February 13, 2027, at 3:00 p.m., and Saturday, February 13, 2027, at 5:00 p.m.

The top 4 in each go-round (16 total) will compete on Saturday, April 10, 2027, at 7:00 p.m. in the Scholarship Scramble.

4. There will be a five (5) minute time limit to catch a calf and lead it across the finish line. If calves remain after five minutes, one (1) minute will be allowed to catch and halter a calf. Judges will score according to this time frame and decisions of the committee are final.

5. Buckles will be awarded to the first place winner in the first four go-rounds.

6. Ten (10) calves will be turned into the arena the first 4 go-rounds, with 8 in the Scholarship Scramble. Contestants and calves will be placed in the arena as determined by management.

7. Contestants will carry into the arena a halter with attached ten foot rope. Neither the halter nor the rope will be used as a lariat. The halter must be placed on the animal in the usual way. The halter and rope will be supplied by the San Angelo Stock Show. No shoes with spikes, cleats or knobs on soles can be worn.

8. Contestants will not be allowed to work as a "team". Each contestant will attempt to catch and lead one of the calves. Each contestant catching a calf will be required to lead that calf across the finish line without aid. **The contestant and the calf must both cross the finish line to complete the catch.** The contestant will not be permitted to fasten the rope to himself/herself in any manner after catching the calf to aid in leading the calf over the finish line. If two or more contestants catch the same calf, they will be ordered by the referee to release the calf.

9. If a contestant has hold of a calf, no other contestant will be allowed to touch the calf unless it breaks away. If a calf is caught by the tail, the contestant catching the calf shall be allowed a reasonable amount of time to place the halter; however, at the direction of the referee, the contestant will let the calf go.

10. Poor sportsmanship and any undue roughness will automatically disqualify the contestant and will not be tolerated by the referee. This scramble will be refereed by a group of not less than four (4) referees.

11. Each contestant must submit an entry form and Minor's Release to the Stock Show Association through his/her County Extension Agent or Ag Science Teacher. After all releases have been checked and accepted by the Stock Show, each contestant will be notified of his/her acceptance as a contestant and the date and time he/she is to participate.

12. The Interscholastic League State Executive Committee, in cooperation with the State Board of Vocational Education has formulated a plan permitting calf scrambles and still protecting a contestant's amateur standing. This is done by placing the matter under the supervision of the Vocational Agricultural Department of the school and 4-H Club supervisors, and prohibiting the participants from receiving anything of cash value for winning the athletic part of the program.
