The San Juan County Fair is taking place this year through a series of online and in-person events. WSU 4-H Staff and volunteers have designed a program that also allows for online and in-person offerings. While there will not be traditional rides, food, and other things we associate with the Fair, we hope that what we offer will be simple enough to not overburden families without sacrificing the opportunities for youth recognition and development.

Our hybrid fair will include opportunities for youth to learn, have fun, showcase their skills, and build relationships within our community.
