14. Exhibitors, leaders, advisors and parents found, after a chance to provide evidence and be heard before the Fair Management (CEO and staff) of unethical practices as set forth in the State and Local Rules or in actions inimical with the fair program shall result in the exhibit being disqualified and the forfeiture of any awards and/or privileges as may be deemed appropriate to the circumstances by the Fair Management. If the judging for the exhibit has not yet commenced the exhibitor, leaders, advisors and parents may be denied entry in any exhibitions at the fair. The Fair Management shall report any such incidences of unethical or inimical behavior established by the fair as provided for in this rule, to F&E in writing and such reports may become the basis for any fair to refuse entries from the exhibitor, leaders, advisors or parents for up to 5 years following the infraction.

NOTE: The deposit will be returned if the protest is upheld.  - b. In the case of protest, the unofficial judging results may be used to prepare the sale list and other necessary information.
6. At the discretion of the CEO judging can be delayed to allow time for the fair to resolve the protest if to do so does not unreasonably delay or disrupt the operations of the remainder of the fair judging and auction events.
7. Prior to judging the affected class, fairs may announce that an entry has been protested.
8. All questions concerning competition or non-protestable disputes or differences with staff or the exhibition not provided for under the State or Local Rules shall be referred to the CEO or their designee, whose decision shall be final.

Participation Rules

15. Ponies entered in classes in which horses are eligible to compete cannot be shown in pony classes at the same show. Fair Management can restrict ponies from entering certain classes by stating so wherever applicable in the exhibitor handbook.

Duties include but are not limited to:
 - a. Contacting or hiring of judges; and
 - b. Acceptance of entries or entry fees.
19. Minor children of Directors, Chief Executive Officer (CEO), Department Supervisor, Show Manager, staff and/or committee members may exhibit horses which are the result of the child's own earnings or a gift made to the child, provided the requirements of the pertinent rules are met. 21. Show Manager reserves the right to return entries, transfer entries or combine divisions or classes, and/or cancel any division or class in which, in its judgment, the entries are insufficient to secure adequate competition.
 - a. Any return of entries under this rule must be done on a nondiscriminatory basis.
 - b. The horse show management must divide classes of 50 or more. Separate prize money and ribbons shall be provided for each class.
22. Horse show management shall assign a number to each horse. The exhibitor must wear the number when showing the horse.

Distribution of non-money awards shall be determined by management.

Judges

26. The judge may judge for conformation before entering the show ring.
27. In halter horse classes, judges shall be expected to give reasons for their decisions, embracing the value and desirable qualifications of the animals for which premiums are awarded, whenever possible and reasonable.
28. Judges shall not discriminate against exhibitors wearing protective headgear.

EQUINE HEALTH RULES

1. All animals must be serviceably sound. The soundness of animals when determined by the official veterinarian or by the judge shall be final and cannot be protested. The horse show management may request the official veterinarian to examine any animal in competition. All penalties of the Horse Protection Act of 1970 shall be strictly enforced.
2. Exhibitors who refuse to allow their animal to be examined shall be disqualified from showing and such violation shall be reported to F&E. No refund can be made in these cases.

LOST OR DAMAGED DNA KITS. If you lose, misplace or damage your DNA Kit, a replacement kit will be available **ONLY** until DNA Kit Receiving Deadlines; **NO** DNA Kits will be released after these deadlines. (each DNA kit is \$5.00)

NO LATE DNA KITS WILL BE ACCEPTED. Submission of DNA Kits is ultimately the responsibility of the exhibitor. Failure of leader, advisor or parent to submit DNA Kit by deadline does not constitute a request for

variance. Any and all variance requests submitted regarding late submittal of DNA Kits will be denied, and no appeal to the Livestock Committee and/or Board of Directors will be accepted.

DEFICIENT DNA KITS (Incomplete) – Any DNA Kits that are submitted by the deadline but are incomplete due to missing signature on sample fee will be considered DEFICIENT. (Cattle are exempt from this in 2019 and will be presented as in previous years.)

It will be the responsibility of the local chapter to ascertain the validity of the chain of ownership between the local producer and the exhibitor.

Local chapters of statewide or nationwide species associations who wish to present awards at the Santa Barbara County Fair must indicate that desire in writing no later than November 1st of the prior year and must provide proof of the chapter’s standing in the statewide or nationwide association.

FIND IT! FIX IT! WIN \$4,000!!

JB DEWAR

FUELING EXCELLENCE SINCE 1933

High School Students! J.B. Dewar wants to award you CASH for restoring that classic machine: THE FARM TRACTOR!

You or a group of friends could win up to \$4,000. Just find a friend who wants to team up with you.. or do it yourself. There are three phases to the competition: the restoration of the tractor, the use of the workbook, and an oral presentation. All three phases are necessary to compete and we can help you along the way. Follow the instructions that are listed below to find out where to start and how to FINISH A WINNER!

1. Find an old tractor that can be restored to its original luster. If you can't find one, give us a call and we'll help you get one. We may already have one waiting for you!
2. Get to completing your workbook. This is a very important part of the restoration process. It will provide an outline and instructions that will help you organize the following:
 - Documentation and description of the restoration, including a detailed expense report and time log.
 - Before and after pictures.
 - A report detailing all internal and external mechanical work performed.
 - A funny story that happened to you while you or your team restored the tractor.
 - A contract or written agreement between the tractor owner/donor and the individual(s) restoring the tractor.
3. Make two copies of all of the notes or documentation used, including the workbook, and turn them in to us for judging!
4. Oral presentation with judges!

PRIZES

All phases of the competition must be completed by noted due dates in order to be awarded prizes.

GRAND PRIZE- \$4,000, 1st RUNNER UP- \$3,000, 2nd RUNNER UP- \$2,000

Finish a Winner!

Sounds like a lot of work, right? Don't worry- the workbook will help you get organized. Plus we have plenty of helpers (that we are extremely grateful for!) that can help you with your project when you get stuck.

Below are a couple pointers on what the judges will be looking for or asking:

Appearance: The goal here is to amaze the judges with the tractor's overall appearance. Here, you can detail all the painting and polishing you did to make it look like it is brand new!

Mechanics: What we mean here is how much mechanical work was needed to get the machine running again? How many parts did you replace or rebuild?

Safety: We're going to ask you to tell us how attention to safety played a role in the restoration of the tractor.

DIVISION 305: CHALK DRAWING

Classes:

1. Youth (Ages 5 through 8)
2. Pre-Teen (Ages 9 through 12)
3. Teen (Ages 13 through 18)

Due to the “blend-ability” and softness of the colors, chalk drawings automatically take on an almost ethereal appearance. In *Mary Poppins*, they are downright magical! Wouldn't it be fun to pop into a drawing and explore it just like Mary and Bert? If a drawing could take you anyplace you'd like to go, what would you draw? An actual place like the moon, another country, or the top of Mt. Everest? Or, an imaginary place like Hogwarts? You decide!

CHALK DRAWING (continued)

Rules:

- Create your drawing on a 9" x 12" sheet of construction paper, any color. Do not attach drawings to any type of mounting board or backing.
- Please use ONLY regular chalk or chalk pastels to create your drawing. NO oil pastels.
- Required: Please write the location of your drawing in the bottom right corner of your paper using chalk, pencil, pen, or marker.
- Optional but not required: Drawings may be laminated or sprayed with a fixative to resist smearing.
- Entries will be judged on originality, creativity, appearance, and adherence to rules.

DIVISION 306: TIME TRAVEL ADVENTURES

Classes:

1. Grades Kindergarten through 2nd
2. Grades 3rd through 5th
3. Grades 6th through 8th

Do you love adventure stories about traveling through time? Do you think it would be better to travel forward or backward? Is it possible to visit another time without affecting the future...or the past? So many possibilities for great story telling!

Rules:

- An original short story about traveling through time. Be sure to include what method was used for the time travel.
- Stories can be between 1 -6 pages in length, with or without illustrations.
- Typed or handwritten entries are both acceptable.
- Entries will be judged on clarity of content, use of language, and adherence to rules.

Rules for Santa Barbara County Cattleman's Market Beef Carcass Class:

1. All Market steers are automatically entered in the Carcass Class.
2. All animals entered in the carcass class must be eligible and shown in the market beef classes for the exhibitor's respective divisions and will be eligible for all premium money and awards.
3. The animals will be sold through the Junior Livestock Auction Sale.
4. A USDA meat grader will determine the quality and yield grade of each carcass.
5. All carcasses must grade USDA choice minus or higher for premiums. The placing will be based on the quality grade and yield grade. The actual mechanics of applying these principles in a carcass class will be as follows:
 - A. Determine yield of boneless retail cuts to the nearest 0.1%.
 - B. Determine quality grade to the nearest one-third of a grade under present USDA standards.
 - C. Subtract 0.8% from the estimated boneless retail yield of cuts for each one-third-quality grade difference from higher prime. This combines the yield and quality factors into a carcass index.
6. The Carcass Class Dinner and Award Night will be held at the Lompoc High School Cafeteria, Wednesday **August 22, 2018** at 6:00pm.

4. Possession of any weapons or illegal drugs on the fairgrounds, or in the Adam's Park camping area, is prohibited.
5. Possession of alcohol or drinking alcohol, and/or being under the influence of alcohol by any underage exhibitor minor on the fairgrounds, or the Adam's Park camping area is prohibited.
6. Use of fireworks or sparklers is prohibited on the fairgrounds or in the Adam's Park Camping area.
7. Any exhibitor whose conduct jeopardizes the health or safety of another exhibitor, animal, or the public, will be immediately expelled from further participation in the Santa Barbara County Fair for the 2019 fair, and possibly future fairs. The exhibitor is to be removed from the grounds and camping area immediately and loses the opportunity to show and sell his or her animal(s) through the Junior Livestock sale. Health or Safety issues include, but are not limited to, the actions involving weapons, alcohol, illegal drugs, or fireworks, as mentioned in items #4-6 above, and not caring for, i.e. feeding and watering, the exhibitor's animal project. All animals exhibited by the violator must be removed from the fairgrounds by 3 pm the following day of the violation.

Policies for Animal Treatment

1. Any effort to artificially change the conformation or appearance of an animal by treating the animal, internally or externally, with any irritant, counter-irritant, or other substance is considered unethical, inhumane, and is prohibited. Treatments that are prohibited include, but are not limited to, the use of artificial hair coloring (sprays, etc.), excessive use of common products such as fly spray, ointment or liniment or other similar products. Excessive use is defined as the use of a substance to the point that it irritates the animal.
2. Adding false hair or hair-like material, fleece or skin to any portion of the animal's body is illegal and will result in immediate disqualification. Causing the animal to ingest any liquid or substance not considered part of an accepted and normal livestock diet, or in quantities not considered normal for livestock, is deemed illegal and inhumane. For example: the use of alcoholic or carbonated beverages as a drench or filler.
NOTE: The use of drench guns in any form is illegal and will result in immediate disqualification.
3. The use of tranquilizers, sedatives, or depressants, which alters the physical or physiological state of the animal, is illegal. Exceptions to this rule would be a Licensed Certified Veterinarian's treatment for a recognized disease or injury, or recommendation for tranquilizing breeding animals in heat that might compromise the safety of others. The livestock office must receive notification from the Licensed Certified Veterinarian of the details of any such prescribed treatment. The substances used in this treatment must have been approved by The Food and Drug Administration for use in meat producing animals.
4. It is the responsibility of the exhibitor to feed, water and care for any animal they have entered in the fair throughout the entire fair, including any period following the sale of the animal prior to the end of the fair. All market animals including small stock must be given a final feeding and watering at approximately 5 p.m. on Sunday, July 14th, 2019 to ensure that the animal arrives in a healthy condition at the processing plant. Market beef exhibitors are responsible for loading their exhibit animal on the shipping truck.
5. Any animal that appears ill or injured while at the fairgrounds must be reported to the livestock office immediately. A veterinarian must check any animals considered unhealthy. If it is determined that the animal is carrying a communicable disease, the animal will be removed from the fairgrounds at the owners expense. The fairgrounds will not assume the cost for this action. The exhibitor must assume the full expense of the veterinarian's services.
6. Any animal that is unmanageable or that could be a safety hazard to the public will be removed from the fairgrounds. The Livestock Superintendent/Fair Management makes this decision final.
7. It is considered abuse to excessively shrink or exercise an animal.
8. Ice may not be directly used on an animal. Only ice in a bucket of water is permitted. No cooling devices, electrical stimulation tools or shockers may be used.

9. Physical abuse of an animal will not be tolerated. For example: when moving hogs, care should be taken not to excessively beat or hit an animal (either by a person or with an object).
10. For the safety of the animal and the public, animals are not to be left unattended on fitting tables or in blocking chutes.
11. All lambs must be shown with their front feet on the ground as practiced by acceptable showmanship procedures. If this policy is not followed, the judge may ask the exhibitor to leave the ring, or may place the exhibitor at the bottom of the class.
12. During animal weigh-in, while at the scale, a certified veterinarian will check animals for any infectious disease. Those animals determined to have an infectious disease will be asked to immediately leave the fairgrounds. For example: animals found to have live Ringworm or Sore Mouth will be asked to leave the fairgrounds. It is strongly suggested that the health of each animal be evaluated prior to coming to the Fair. The Fair Association is not responsible for any costs associated with the transfer or care of these animals.
13. Any abuse of an animal by the exhibitor upon leaving the scale after weighing in is cause for the exhibitor and animal to be removed from the fairgrounds removed from the fairgrounds and not be allowed to compete at the 2019 fair nor the 2020 fair.

2. If the violation occurs after the auction, the exhibitor will receive only the market resale value (as determined the day of the auction) for the animal. Any remaining money paid by the buyer in purchasing the animal through the auction, will be placed into a general scholarship fund or put towards educational purposes at the fair. The buyer will receive the animal.
3. **If it is determined that an exhibitor has violated the Fair's Code of Excellence or other exhibit policies, the exhibitor will be removed from the grounds and may not exhibit livestock at the following year's fair.**
For example: An exhibitor who violates a rule and is removed from the grounds in 2019 will not be allowed to exhibit livestock at the 2020 Fair. The exhibitor may then request in writing to exhibit livestock at the 2021 fair. This request will be reviewed by the Board of Directors prior to an official entry being accepted.
4. The Santa Barbara County Fair Board supports the Fair's direction to focus more on the exhibitors excelling in leadership, education, and citizenship with their livestock project.
5. The Santa Barbara County Fair Board has decided that minor violations of exhibitor conduct, not involving health or safety concerns, may be given one verbal warning.
