MINIMUM PROJECT REQUIREMENTS

- Maintain ornamental plants at home or other commercial production nursery.
- Participate in the Plant Show & Sale held during the Sarasota County Fair.
- Maintain accurate project records and submit this Project Book at time of check-in at the Fair (included in the judging of the project).
- Participants must be between the ages of 8 and 18 as of September 1 prior to the March Fair.
- Participants must refer to the Fair Guidelines for specific details about entering plants.

PURPOSE OF ORNAMENTAL PLANT PRODUCTION PROJECT

Designed to encourage the production of high-quality ornamental plant material and reward young growers for their efforts. Learn ornamental plant identification, selecting quality ornamentals and maintenance of ornamental plants in a production environment.

WHY KEEP RECORDS?

- To have an account of your accomplishments in this project.
- Show self-improvement and service to others.
- Show others what you have done.
- Training for future work.

PLANT CARE & MANAGEMENT

Because your project is living, it requires regular care and management. Here is the place to explain what you regularly do for, or with, your plants on a daily, weekly, and monthly basis. Be as specific as possible.

PROJECT STORY OUTLINE

I. Introduction: Tell us a little bit about yourself. Tell how and/or why you became interested in plants and the Plant Show & Sale, specifically.

II. What did you learn (about yourself and/or about your plants)?

III. What trouble did you encounter (if any)?

IV. What would you change or do the same the next time you begin a plant project? (For example, different plants, different soil or fertilizer, pot, etc.)

V. What skills did I learn or improve?

VI. Summary: Leave the reader with the idea/impression you want them to have.

STORY ABOUT THIS ACTIVITY

Share with us what being involved in the Plant Show & Sale meant to you. What did you learn? What safety practices did you use in growing your plants? What criteria did you use when picking your plants? How did you manage your plants? What went well, what problems did you encounter, and what did you learn from them?

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.
