4-H FACTS

What is 4-H?

LOTS of Things!

4-H is fun!

4-H is for all youth ages 5-18.

4-H is for adults.

4-H is part of the Nebraska Extension; (UNL) Institute of Agriculture and Natural Resources; and National Institute of Food and Agriculture (NIFA)-United States Department of Agriculture.

Non-Formal Education

4-H is a non-formal practical, learn-by-doing educational program for youth ages 8-18 years old. All ages stated for county events must be that age as of December 31 of previous year. Eligibility to exhibit at fair: regular 4-H & FFA members ages 8 to 18 & Clover Kids ages 5 to 7 years old.

Learn-By-Doing

4-H is education for life that uses a learn-by-doing approach which enables young people to learn what is useful to them. It enables them to adapt what they learn to everyday life through action and reflection. 4-H gives youth the opportunity to experience a sense of accomplishment and success, key ingredients to gaining positive self-esteem.

A Family Affair

4-H is a family affair. 4-H'ers and family members are encouraged to attend meetings together. Working on projects can take place at home, in the yard, or around the kitchen table - with guidance from parents, siblings, a neighbor, friend or other adult. 4-H members need the support and encouragement of their families. Growing together through 4-H enhances family strengths.

4-H Mission Statement

To develop youth and volunteers by utilizing the knowledge base of the land-grant university system. Through non-formal education, participants will acquire knowledge, develop life skills, and strengthen values that enable them to become increasing self-directing, productive, contributing citizens.

4-H Colors

The 4-H colors are green and white. Green symbolizes nature's most common color and represents life, springtime, and youth. White symbolizes purity and high ideals.

4-H Emblem

A green four-leaf clover with a white *H* on each leaf. The *H*'s stand for Head, Heart, Hands and Health, the foundation of all 4-H programs. The official emblem is copyrighted and may be used only as approved by 4-H.

4-H Motto

"To Make The Best Better"

4-H Slogan

Learn By Doing

4-H Pledge

I Pledge:

My *head* to clearer thinking

My *heart* to greater loyalty

My *hands* to larger service

My *health* to better living

For my club, my community, my country, and my world.

Practical Skills

4-H participants learn *practical skills* such as fitness, meal preparation, rocket building, clothing care, animal, and human nutrition, first aid, woodworking, gardening, and many other skills through the more than 150 projects available.

Life Skills

Other skills that are defined as *life skills* are a part of every 4-H project. A life skill can be defined as "an ability that is necessary and useful throughout life." These skills include the "thinking," "doing," and "feeling" abilities used in many situations. The life skills learned through 4-H are those which contribute positively to productive, healthy, and competent lives. They include:

HEAD

- Thinking Critically: Having curiosity about our world and the desire and ability to learn more about something of interest.
- Solving Problems: Consider a problem, make a decision, see how the decision affects others, and take responsibility for the decision.

HEART

- Respecting Self, Others, and the Environment: Knowing what is unique or special about oneself, others, and the environment.
- Communicating: Learning how to give and receive messages appropriately.

HANDS

- Preparing for a Career: Exploring career opportunities and developing skills for them.
- Serving Others: Recognizing each person has a responsibility to the community.

HEALTH

- Healthy Lifestyles: Learn what is good for mind and body and practice those things.

The Important Things Are Not Ribbons

*There once was a boy who won ribbons, mostly blue
Came home from the fair with a big trophy too,
With a voice glad and proud He said to his dad,
"Tis the very best year that I've ever had."*

*Said his very wise Dad, "Son, I'd like to hear,
Why you think that this was such a very fine year."
"Why, dad, you well know all the prizes I've won:
How I've come out on top in most things I've done."*

*"Just look at the ribbons that hang on my wall,
And think of the money I've made since last fall.
From premium checks and a big auction price
You can't help but think cash and ribbons are nice."*

*But the man said, "My son you're not thinking right,
Blue ribbons, 'tis true are better than white:
But ribbons will fade, and trophies grow old,
Moneys soon spent and fame soon grows cold."*

*"The important things, son, are not ribbons or pins,
And sometimes it's really the loser who wins.
Now here are the things most important, it's true
Your 4-H experience has accomplished for you.
"You've seen how a business meeting is run.
This knowledge will help you in years to come.
You've conquered the fear of addressing a crowd,
You've learned how to stand up and tall: nice and loud."*

*"Patience you've learned in your projects too,
As well as your skills that will always help you."
"You've learned the fine feeling it gives you to lend
A glad helping hand to a stranger or friend."*

*"You've learned to cooperate with majority rule,
To give in with grace and not be a fool,
Who must always have his very own way,
Be in club work, in School or at play."*

*"You've learned how to lose without making a beef
You know the judge judges to his best belief
You've learned how to win without boasting too loud,
A kid can lose friends if he's overly proud."*

*"These are the things most important to you
You'll remember and use them all your life through
They'll help you become a mighty fine man,
They'll do more for you than a prize ever can."

Weigh Card/Weigh Back procedures for market livestock.

Market livestock will follow the weigh card/weigh back system as outlined below.

Families will be responsible for accurately recording exhibitor information, animal identification and weights before turning in cards. Each family will receive a carbon copy card in their exhibitor packet for each animal. Families will fill out this card with animal information, exhibitor information and self-declare their own weights. You will then bring this card to the check-in table. Once cards are turned in, no changes will be allowed. Scales will be available to use.

- Weigh Cards - Exhibitors will self-declare weights of all market animals (an official weigh-in will not be conducted by show officials). Weigh cards must be completed and turned in during the designated check-in time and location. Animals DO NOT need to be present at the time of turning in their weigh cards. The weight listed on the weigh card will become that animal's official declared weight to be used for assignment to a class and for weigh back purposes.
- Weigh Backs - A weigh back will be incorporated for all 1st and 2nd place purples in each market class. A 5% variance from the weight declared at check-in will be allowed. Animals not meeting the 5% variance from the declared weight at check-in will be lowered one ribbon group and will not be eligible for any champion awards.

Market animals will not need to be brought to the check-in table. Ear tags will be verified during check-in for your class to verify the correct animal is brought to the correct class. Ear tattoos on breeding beef will be verified during check-in. Ear notches on swine will also be verified. Registered breeding animals will have registration papers verified.

Commercial breeding ewes, gilts and meat goat does will self-declare weights. Classes will be divided by weight.

A How-To Video to show you how that system works will be available from the Extension Office.

IAFE (International Association of Fairs and Expositions) National Code of Show Ring Ethics

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior (4-H) as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition, the "IAFE National Code of Show Ring Ethics", fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors (4-H members) are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers, and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors (4-H'ers) are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state, and provincial statutes, regulations, and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state, and provincial statutes, regulations and rules affect the animal's performance or appearance at the event. If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise. At any time after an animal arrives on the fair or livestock show premises, all treatment involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.
11. The act of entering of an animal in a fair or livestock show is giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.
