## **IAFE (INTERNATIONAL ASSOCIATION OF FAIRS AND EXPOSITIONS) CODE OF SHOW RING ETHICS**

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers, and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership, and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state, and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state, and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory, to which it is sent, is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, confirmation, or appearance, except external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individuals to disciplinary action.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including *Fairs and Expos* and any special notices to members.

The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

## **Livestock Exhibitors, Advisors, Leaders & Parents:**

*Whether you are exhibiting animals or just admiring them from afar, preventing animal-borne diseases begins with clean hands, gear, and for exhibitors, clean surroundings. The Silver Dollar Fair and the Play It Safe Campaign is asking for assistance from Exhibitors, Leaders, Advisors and Parents in procedures that prevent disease. It is our hope with your help we can prevent animal related diseases such as E.coli 0157:H7.*

The Fair asks that you practice the following guidelines, and that you help educate the public about these concerns.

### **If you have an animal of any kind at the Fair:**

- Do not eat or drink in animal areas or Livestock Barns.
- Always wash hands thoroughly before drinking, eating, or handling food
- Always wash hands with soap and water after touching animals, pens, and enclosures, and after contact with animal bedding and/or feces.
- Please ask children not to climb on animal pens or other enclosures. Ask children not to sit or play on the ground in animal areas.
- Make sure animal feed/water is not accessible to the public.
- Store tools for waste removal in areas not easily accessible from the public.
- Promptly remove manure/soiled animal bedding from the area. When cleaning pens, place used bedding in waste bins.
- Assist in keeping aisles clean and free of animal & bedding waste
- Disinfect animal-area hard surfaces whenever possible.

### **Remember these important tips and help educate fair goers with these important tips:**

- Keep food and beverages out of animal areas.
- Assist young children in washing their hands.
- Toys, pacifiers, spill-proof cups, baby bottles, blankets & other personal items can become contaminated – keep personal items away from the animal’s environment. Wash contaminated items before returning to children. It’s best to keep them put away in a sealed bag.
- Wipe off wheels of strollers or wagons brought into animal areas. The wheels have touched the ground and must be cleaned before being handled or loaded back into your vehicle.
- Don’t allow children to sit or play on the ground in animal areas.

**Hand-washing Stations are in several locations in the Livestock Area for your convenience and the convenience of Fairgoers. REMEMBER: Always wash your hands before consuming food or beverages!**

*The Play It Safe campaign is produced in partnership with the California Department of Food and Agriculture Division of Fairs and Expositions, Western Fairs Association, and the California Fair Services Authority.*

## **ELECTRICAL EXTENSION CORD & POWER STRIP SAFETY**

- **ALWAYS** make sure that cord is rated for the load (amperage) it will carry. Cord size vs. Load rating is as follows: (awg = American wire gauge)
  - 10 awg cord = 30 amps max.
  - 12 awg cord = 20 amps max. (Best size overall)
  - 14 awg cord = 15 amps max.
  - 16 awg cord – 10 amps max.

Note: The larger the awg number the smaller the wire.

- **ALWAYS** make sure the cord is rated for hard usage.
- **ALWAYS** inspect for defects such as fraying or broken insulation, exposed conductors, or missing ground blade.
- **DO NOT** drape/run a cord over/through metal framework, ductwork, pipe, walls, or doors. This could damage the cord and cause a shock/fire hazard.
- **DO NOT** use an extension cord that has the unused length coiled or looped. This generates heat and could cause a fire.
- **DO NOT** allow electrical cords to lay on the ground outside of the exhibitor's stall pen or tack space or in any public walk spaces.
- **DO NOT** alter a cord to perform a task it is not designed for.
- **DO NOT** remove the grounding prong from a three-wire cord to fit the plug in a two-pronged receptacle/cord.
- **DO NOT** plug extension cords together to reach an outlet. One appliance per cord unless the cord is rated, and factory supplied with multiple plug-ins.
- **DO NOT** use adaptors to plug in extra appliances into extension cords.
- **DO NOT** plug power strips into extension cords. Power strips should be plugged into receptacles only, and extension cords plugged into power strips.
- **DO NOT** enter, alter, or attempt to direct wire into any fairground electrical panel.
- **DO NOT** remove and/or replace any circuit breaker
- **DO NOT** use "cam-lock" type connectors to splice single pole conductors.
- **DO NOT** splice extension cords.
- **DO NOT USE** space heaters, electric skillets, toasters, coffee makers, hot plates, or any other appliances in livestock barns.
- **NO** storage of flammable or combustible liquids or machines.
- **NO** generators or port-a-coolers or any device run by generators will be allowed in barns or fitting areas. The number of livestock cooling fans may be limited based on space and electrical service available.
- **DO NOT** block or obstruct fire hoses, fire extinguishers or other fire equipment.
- **ALWAYS** report electrical problems to fair management.

**CORDS MAY BE CONFISCATED IF THESE RULES ARE VIOLATED.**

## Club and Chapter Clean Barn Awards Department: Division 3901 - 3903

The Silver Dollar Fair will sponsor the cash awards for the 4-H Clubs & FFA Chapters with the best maintained and presented stalls. Please see the “Play it Safe” information page for important information to help protect exhibitors and the public from animal related diseases. Results will be posted at the livestock office Sunday, June 15th.

1. All pens must be cleaned before 9:00a.m. each day. Exhibits will be judged at least twice daily, during event hours.
2. The exhibitor is expected to use bedding as needed to keep pens and animals clean.
3. Livestock pens/stalls must be suitable for public display and maintained in a clean condition. Animals must be cared for to the satisfaction of Fair Management in order for exhibitors to be eligible for premium awards & participation in the Junior Livestock Auction.
4. Aisles and public walkways must be kept clean and clear of tack and/or equipment. Exception: animal fitting allowed with permission from Livestock Staff and/or Fair Management. No chairs, tables, displays etc. in the aisles.
5. Bedding removed from pens and stalls must be placed in manure bins provided by the fair. Aisles must be kept free of bedding & animal waste. These bins are to be used for bedding & manure ONLY (no garbage).
6. Animals must be kept groomed and clean at all times.
7. Exhibitors must have a stall card providing their name and club. If the exhibitor has breeding animals, stall cards must include animal information (breed, sex, id info, etc). **Signage must remain on pen until after auction for market animals or the organization will not be eligible for the award. Signage for breeding and feeder animals must remain on pens until animals are released from 6:00a.m. - 11:00a.m. Sunday, June 15th or organization will not be eligible for award.**
8. All stalls, displays and booths are subject to inspection by the State Fire Marshal in regard to fire hazards. Non Flammable materials must be used for all decorations. No decorative electrical lights will be allowed in livestock barns for pen or display decoration. Background materials for pen decorations must not be of a solid material such as plastic or plywood. Pens behind and to each side of you must be visible and the view of neighboring pens must not be blocked. If materials do not meet flammability compliance, they must be removed.
9. Electrical cords will not be allowed to lay on the ground outside of the exhibitor's stall/pen/tack space or in any public walk spaces. The number of fans may need to be limited per exhibitor or animal based on space and electrical service available. SEE ELECTRICAL EXTENSION CORD & POWER STRIP SAFETY on previous page. No generators will be allowed to operate in the livestock barns. NO portable coolers allowed.
10. State and Local Rules apply to all entries.

## Showmanship Department: Division 4001 - 4011

1. Livestock shown in Showmanship must be owned, entered, fitted and shown by the exhibitor in an appropriate market or breeding class. **Only animals owned, fitted and entered by the exhibitor in Junior Livestock Department Classes are eligible to compete in Showmanship.**
2. If the exhibitor has a market animal that is weight sifted and as a result may not show in an individual market class, the exhibitor may use this animal for showmanship class if and only if this animal is the only animal the exhibitor has brought to the Fair.
