

Hog Ear Tagging Instructions

- Each exhibitor has an individual tag for both their primary and backup hog.
Please make sure if the exhibitor has a backup animal that they receive both tags. If a tag is not used, please return it at the livestock office.
- Tagger: Universal (red) or DuFlex (black handled) tagger
- Place the tag in the pigs left ear with the tag showing on the back side of the ear so it can be read from behind the animal.
- Example:
