Siskiyou Golden Fairground Planning for 2021 Fair August 11-15

YREKA, CA – The 2020 Siskiyou Golden Fair was reduced to a junior livestock market animal grading and sale with virtual competitive exhibits. “2020 created challenges that no one could have predicted and with the support of our community we were able to provide support our agricultural youth, for 2021, we would like to have an event that celebrates all that is Siskiyou County during our annual fair August 11-15,” stated Cliff Munson, CEO. The 2021 fair will be a well thought out event that will limit daily attendance to 50% of capacity, and ensure that patrons will have that will include protocols and procedures to ensure that we can we will be creating several plans that will be used depending on where we are on the four phase plan that is being used in California”, stated Cliff Munson, CEO, “This fair started as an agricultural show featuring competitive exhibits in 1859 and we are going back to our beginnings to showcase our community in 2020.”

“Making the decision to cancel this year’s Fair was not taken lightly” said Board President Jason Finley. The Fair is truly a labor of love that our Board of Directors, staff, vendors, partners, exhibitors, volunteers, and community start planning just days after the annual fair closes each year. After months of gathering information from the Center for Disease Control (CDC), State and Local Public Health and the California Department of Food and Agriculture, we finally have enough evidence based on the most current information, that mass gatherings will not be happening in California for the unforeseeable future.

The timeline was crucial in making this determination, Vendors, Paul Maurer Shows Carnival and Concessionaires are a vital part of the Siskiyou Golden Fairgrounds and the entire network and we owe it to them to give sufficient time to alter their plans for this summer. The fair does not come together quickly, it is a year long culmination with hundreds of hours of planning and preparing.

By our 2020 fair dates, August 12-16, there is no way to project Siskiyou County being in Phase 4 of Governor Newsom's plan and currently the agreed upon number of participants that will be allowed at any event where social distancing requirements must be recommended and enforced is so low that it would be economically unfeasible to move forward with the 2020 fair. "We are cognizant of the health and safety of our community at all times" stated Cliff Munson, CEO, "The Siskiyou Golden Fair has been a family tradition for our community for 161 years and a source of livelihood for many individuals, businesses and local non-profit organizations. Our hearts go out to all our partners in the fair, the exhibitors and especially the youth that will miss the total Fair experience this year."

For the junior livestock exhibitors with market animals the fair represents a culmination of months and in some cases years of hard work. Through livestock projects junior exhibitors gain animal husbandry knowledge as well as responsibility, time management and problem-solving skills that last a lifetime. The Board of Directors and Staff are committed to recognizing the hard work of our youth and will work closely with our Junior Livestock Auction Committee to help these youth complete their projects. Please watch for more updates in the weeks ahead as to the process that will be used and how our community can help support the young people with market livestock projects.

After being defunded in 2011, the California Fair Network, 77 fairs strong, has continued to serve over 35 million Californians each year – during annual fairs where communities share their history, heritage and culture, as emergency shelters during natural disasters, as pandemic testing centers, as hospitals, as warming shelters, as fire camps and on a local level as event centers for wedding, funerals, cultural events, fundraising centers for non-profits and everything agricultural.

Our community is important to us and many of you on the front lines, the heroes really during this difficult time, are an integral part of our fair family – health care workers, essential employees of business that remain open to serve our community, law enforcement, fire and first responders and the truckers, farmers and loggers that are keeping our county going – We salute you!

Please stay healthy and strong Siskiyou County! We will be back to celebrate with you all on the historic grounds of the Siskiyou Golden Fairgrounds August 11-15, 2021.
