H. History and General Background Information

The Barba Promotions has been operating at the 10th District Agricultural Association Speedway in Yreka, California since 2019. The Speedway has been in operation since the 1940’s with racing activity occurring seasonally from late March to the end of October. Historically 20 or less events per year have been held. Most races are held Fridays and Saturdays with an occasional Sunday or Holiday race. In our current research it appears that most racetracks are limiting the number of races so the community sees it more of an event than every weekend.

- Contractor shall meet the requirements as outlined in the California Fair Services Authority Insurance Requirements, Attached as Part VII (Forms). For insurance purpose, automobile racing is considered a “Hazardous Activity” under Insurance Requirements. Contractor will also need to provide Liquor Liability coverage, to cover Beer Concession Stand. Contractor shall provide the DAA with Evidence of Coverage and Insurance Certificate 30 days prior to the first scheduled racing event to be held on the 10th DAA facility. General Liability insurance for “Non Hazardous Activity” will need to be on file for the duration of the contract period.
- Contractor agrees to indemnify, defend and save harmless the State of California, the California Fair Services Authority, 10th District Agricultural Association, Siskiyou Golden Fairgrounds, the County in which the County Fair is located, their directors, officers, agents, servants, and employees (collectively “Indemnitees”) from any and all claims for loss, damage, injury or liability (collectively “Losses”) of whatsoever nature and howsoever the same may be caused or may arise resulting directly or indirectly from the use of the 10th DAA facility by contractor, or those claiming under Contractor excepting only Losses caused by the sole, active negligence or willful misconduct of an indemnitee.

The words “should” or “may” indicate a desirable attribute or condition but are permissive in nature and may affect the score the proposal receives.

4. Grounds for Rejection of the Proposal

A proposal shall be rejected if:

- It is received at any time after the exact time and date set for receipt of proposals as stated in Part II, paragraphs C and E.

All proposals may be rejected in any case where the DAA determines, in its sole discretion, that:

- The bids are not competitive
- Where the financial offering is not reasonable

- Any reason exists to reject the proposals

5. Right to Reject Any or All Proposals

PLEASE NOTE: Failure to file notice of protest by the conclusion of the fifth working day after notice of intentions to award a contract has been posted and a complete detailed written statement within five (5) calendar days of filing the protest stating grounds for protest will result in the protester's protest being deemed untimely and grounds for protest waived. One copy of each bidder's proposal shall be retained for office DAA files.

2. Confidentiality of Proposals

The DAA will hold the contents of all proposals in confidence until issuance of the Notice of the Proposed Award; once issued and posted, no proposal will be treated as confidential. If a bidder maintains that certain information is proprietary, all proprietary or other legally protected material must be identified at the time of submitting the proposal to retain the claim of confidentiality.

The materials may be used by the DAA to justify the awarding or not awarding a contract if a protest is file.

3. Modification or Withdrawal of Proposals

Any proposal which is received by the DAA before the time and date set for receipt of proposals may be withdrawn or modified by written request of the bidder. However, in order to be considered, the modified proposals must be received by the time and date set for receipt of proposals in Part II.
