COMMITTEE REPORTS (Informational/Action):

- Junior Livestock Auction Committee Director Mercier reported they are still working on the beef and hog issue due to processing space; looking for options to hold the steers for a week to help with the problem. The Farm Bureau and Raley's are on board for the breakfast. The new Belcampo owners want to be involved in the auction in the future. The committee asked to have new backdrops and will hire their own Photographer and take their own pictures of the exhibitors and animals, so they are consistent. No public comment.
- Junior Fair Board There was no representative at the meeting. CEO Munson reported that they assisted at the PreFair event on June 25th. Director Allen said they represent themselves very well and Cheryl Foster is doing great with the group. No public comment.

FRIENDS OF THE FAIR: There was no representative present. There has been no communication or contact from any of the board members since the last fair board meeting. Jill England, their attorney in Sacramento, contacted the Lily Foundation attorney in Los Angeles who directed them to work solely with Darrin Mercier. Right before this meeting an email was received from Ms. England. It stated the changes requested in the Lily Foundation Agreement including indemnify wording and a termination clause; separating it from the Tulelake-Butte Valley Fair agreement and asking for reimbursement for costs associated with the annual tax returns from 2018 to 2021. Mr. Marc Whiteman from Edward Jones

mentioned that he had received the letter from Darrin Mercier, approved by Edward Jones and placed in the FOF account stating that specific members of the Friends of the Fair board could inquiry on the account. To this date, Mr. Whiteman has received zero contacts. The contact from the attorney is at least forward progress and Mr. Mercier will review the document against the original agreement and talk with Ms. England to discuss it further. The next meeting is the volunteer meeting on July 20th in the Beer Garden. No public comment.

BUSINESS REPORT & INFORMATION (Action by Board):

• Billboard Contract with Rain Rock Casino/Karuk Tribe – There is no update. No public comment.

2022 FAIR (Information/Action): CEO Munson reported that things are moving along. It was discovered that some repairs are needed in the Grandstand Beer Concession that we are currently working on. Ticket sales are approximately 50% lower than last year at this time, mostly being carnival. Posters are out and being delivered around the county. CEO Munson handed out a schedule highlighting major events and information for the board to be aware of. No public comment.

 Beer Garden Concession & 10th DAA Friends of the Fair 2022 Concession Contract – After some discussion, there was no action taken. No public comment.

CEO REPORT (Information/Action): CEO Munson reported that he will be going to the Jackson County Fair to judge on July 12th. He also stated that the fence was cut over the weekend down in the shop area where gas cans were taken, the pickup fuel tank was punctured, and fuel syphoned. We found out the cameras have not been working there for several weeks. Hue & Cry are scheduled to come on July 15th. No public comment.

DISCUSSION & POTENTIAL ACTIONS FOR THE 2022 SISKIYOU GOLDEN FAIR

(Information/Action): CEO Munson gave an overview of the current situation. On Friday, July 29th the McKinney Fire began and over the weekend grew to over 50,000 acres and evacuations were mandated. Cal Fire understood the annual fair was coming up and were trying to work with staff, however the fire has zero percent containment, and the fairgrounds is the most reasonable place to accommodate fire personnel. It was determined that Cal Fire would assume all parts of the grounds and a fair would not be able to be put on. There was a community meeting put on by all agencies involved in the fire and the 10th District JLAC Board met as well. Director Mercier made a motion, seconded by Director Burrone and carried to cancel the 2022 Siskiyou Golden Fair due to current circumstances of being in a state of emergency, being a state facility and Cal Fire requesting the grounds, in addition to the health risks and safety of the public.

June 9, 2022

To the Board of Directors
The 10th District Agricultural Association

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated January 11, 2022, our responsibility, as described by professional standards, is to express an opinion about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles. Our audit of the financial statements does not relieve you or management of your responsibilities.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope previously communicated to management in our meeting about planning matters.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by The 10th District Agricultural Association are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2021. We noted no transactions entered into by the Association during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The disclosures in the financial statements are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

DECEIVED JUL 13 2022

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated June 9, 2022.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves the application of an accounting principle to the Association's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Association's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of Board of Directors The 10th District Agricultural Association and management of The 10th District Agricultural Association and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Scinto Group, LLP

To the Board of Directors
The 10th District Agricultural Association

In planning and performing our audit of the statement of financial position of the 10th District Agricultural Association for the year ended December 31, 2021, in accordance with auditing standards generally accepted in the United States of America, we considered the 10th District Agricultural Association's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, we do not express an opinion on the effectiveness of the Association's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the following deficiencies in the 10th District Agricultural Association's internal control to be material weaknesses:

SEGREGATION OF DUTIES

Due to the limited number of people working in the office, many critical duties are combined and given to the available employees. Between two people the following duties are completed: prepare and sign checks, reconciliation of the bank accounts, performing all payroll duties, and maintaining the general ledger. To the extent possible, duties should be segregated to serve as a check and balance on the employee's integrity and to maintain the best control system possible. We feel segregation could be improved/if the Association were to implement the following procedures:

 Different employees should perform the separate duties of signing checks, processing cash receipts and cash disbursements, and maintaining the books of original entry.

an eye for your future

Letter of Recommendation Page 2 of 2

 Segregate bank account reconciliation duties from cash receipts and/or cash disbursement duties.

We understand that given limited resources it is not cost efficient to hire more staff to properly segregate all accounting functions.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the 10th District Agricultural Association's internal control to be significant deficiencies:

COMPENSATED ABSENCES BALANCE

During our audit we noted that that one of the Association's employees, Cliff Munson, had an accrued vacation leave over the maximum accrual amount of 640 hours. Although the over accrual resulted in a difference that was immaterial to the financial statements as a whole, we suggest that management take action to bring all employees into compliance with their vacation accrual policies.

TO: All Fair Board Presidents and CEOs

SUBJECT: AB 1499 (New Fair Funds) Employee Work Conditions Reminder

The Fairs and Expositions Branch (F&E) would like to remind the Network of California Fairs that the requirements of the Memorandum of Understanding (MOU) they signed in 2020 to be eligible to receive AB1499 funds are still in effect. "New Fair Funds" are provided via grants with an expiration date; however, the requirement to honor employee work conditions continues in effect until CDFA and the fair agree in writing to end the MOU. Fairs that fail to abide by the terms of the MOU may become ineligible to continue receiving AB 1499 funds.

The required work conditions apply to temporary employees (125-day employees hired by District Agricultural Associations - DAAs), as well as the employees of fair lessees. Employees covered by a valid collective bargaining agreement are exempt if the agreement expressly provides for wages, hours of work, working conditions, and meal periods. Full-time carnival ride operators are also exempt from the required work conditions. Non-DAAs should consult with their respective Human Resources Department or legal counsel for advice and direction regarding the obligation to provide the required work conditions.

As a reminder, the required work conditions are:

- 1. A meal period of not less than 30 minutes for a work period of more than five hours per day unless the work period per day of the employee is less than six hours and the meal period is waived by mutual consent of both the employer and the employee.
- 2. A second meal period of not less than 30 minutes for a work period of more than 10 hours per day, unless the work period per day of the employee is less than 12 hours, the second meal period is waived by mutual consent of both the employer and the employee, and the first meal period was not waived.
- 3. Compensation at the rate of no less than one and one-half times the regular rate of pay for any work in excess of eight hours in one workday, any work in excess of 40 hours in any one workweek, and the first eight hours worked on the seventh day of work in any one workweek.
- 4. Compensation at the rate of no less than twice the regular rate of pay for any work in excess of 12 hours in one day.
