# YOUTH LIVESTOCK MARKET RECORD BOOK

## ATTENTION YOUTH (AGES 8 -18)

You **MUST** have attended the Mandatory YOUTH LIVESTOCK SHOW ETHICS AND ANIMAL CARE WORKSHOP by January 1 OR have a valid current ethics number on the entry form in order to show an animal at the South Florida Fair. Any entry forms marked "Ethics # on File" will be rejected.

NOTE: While most Florida fairs have adopted this Ethics program, the rules governing the exhibitors differ from fair to fair.

It is the exhibitor's responsibility to make sure you are in compliance with EACH fair you are showing an animal.

For a complete Ethics Class listing, go to: [www.southfloridafair.com/ethics](http://www.southfloridafair.com/ethics)

Record Books must be completed and turned in according to the rules that govern your species. Failure to do so may disqualify you to show your animal and will be determined by the South Florida Fair's Livestock Committee.

## This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are no margins, text, or other markings on the paper.

**PROJECT YEAR - Based on a calendar year. Current project year is same year as current Fair.**

**Notes for Project Inventory (Page 4):**

1. Date Acquired - List the date you obtained this item, on items older than 1 year; the year is sufficient.
2. Purchase Cost or Value - What did this item cost when you obtained it? (Fair market value)
3. Value at Beginning of Project- Same as purchase cost for items purchased current calendar year. On items from previous years this should be the value from last year's ending inventory or depreciated value of 10 percent of purchase cost per calendar year.
4. Depreciation of 10 percent - This will be 10 percent, per project year, of the original purchase cost for the items you will still have at the end of the project. This includes items you had at the beginning of the project, as well as items purchased during the current calendar year. Depreciation is the loss in value of your assets and is an expense.
5. Value at the End of the Project- This is the value at the beginning of the project, minus the depreciation.

Examples:

A B C D

Item Description	Date Acquired	Purchase Cost or Value	Value at Beginning of Project (column D from prior year)	Depreciation (10% of column A)	Value at end of project (B minus C)
