Jeffrey Allen Inc - Golf Car Rentals

Frequently Asked Questions

Q. How do I confirm my reservation?

A. Your dates and equipment are reserved when we have received ALL of the following:

- the signed Master Rental Agreement
- the signed Rental Quote
- a copy of your Certificate of Insurance (COI) that meets our requirements and covers the rental dates
- 50% of the total quote as a booking deposit

Q. What if I need to cancel my rental?

A. Contact us immediately at 800-282-6256 or rental@jeffreyalleninc.com. Rentals cancelled 30 days or more prior to the scheduled commencement date are eligible for a deposit refund. Deposits on rentals cancelled less than 30 days prior to the scheduled commencement date are nonrefundable.

Q. What if I am not available to meet the delivery truck at delivery or pickup?

A. Please contact us well in advance to make arrangements. If you do not contact us in advance you will be billed for additional transportation fees associated with the additional trip(s) and/or waiting time(s) incurred. Please note that by not being present at either delivery or pickup, you waive your right to inspect the equipment for damages and you will be liable for all damaged or missing items.

Q. Are evening or weekend deliveries/pickups available?

A. Generally, yes, but this must be coordinated in advance, and there are additional fees for deliveries and pickups outside our normal business hours. Please inform us of any special requests like this when requesting your quote.

Q. Can you provide an attendant or repair technician for my event?

A. Generally, yes, but this must be coordinated in advance, and there are additional fees for this. Please inform us of any special requests like this when requesting your quote.

Q. For gasoline powered equipment, do I need to return it with a full tank of fuel? Do I need to provide fuel during my rental?

A. We will deliver the equipment with a full tank of fuel but you do not need to return it full. Please leave at least enough fuel in the tank to drive the equipment onto the trailer when we pick it up. Refueling the equipment during your rental period is your responsibility. Use unleaded gasoline only.

Q. For electric powered equipment, how do I charge it? Do I need to do anything else with the batteries?

A. It is best to charge the batteries by leaving it plugged in for 8 hours of un-interrupted charging time. You are also responsible for keeping the batteries properly watered. Use ONLY distilled water!! Using any other type of water, such as tap water or spring water, will result in costly damage to the batteries.

Customer Initials ci

Q. Who can drive the rental equipment?

A. Anyone who is of legal driving age and possesses a valid U.S. driver's license.

Q. What should I do if the rental equipment stops working?

A. Make sure to follow the operation and storage instructions on the windshield decal during your rental period. If the equipment stops working, call us at 800-282-6256 and inform us immediately. We will repair or replace the equipment as soon as possible.

Q. How do I keep the rental equipment safe and secure?

A. Always remove the key and secure the equipment with chain and lock when it is not in use. At your request, we can usually provide a chain and lock at no charge. Note that you must return all chains, locks, and keys back to us when you return the rental equipment. Non-returned or damaged chains or locks are \$75/each. Non-returned or damaged lock keys are \$30/each.

Q. What happens if a rented item is lost or stolen during the rental period?

A. Contact us immediately at 800-282-6256 or rental@jeffreyaalleninc.com. You will be required to file a police report and we will walk you through the rest of the process.

Q. How do I avoid being charged extra fees?

A. Return the equipment in good working order and clean condition. Do not leave any trash, debris, or excessive dirt/mud on the equipment - this will result in additional cleaning fees. Do not place any tape, glue, or other adhesives anywhere on the equipment or the windshield - this will result in additional cleaning fees and/or damage fees. Do not leave the key in the ON position unless driving the equipment – this kills the battery and may result in damage fees. Make sure that all chains/locks/key(s), vehicle key(s), and accessories/attachments are returned when the equipment is returned.
