

## **TO ALL VENDORS & EXHIBITORS**

**Each year you receive a copy of the St Lucie County Fair's Rules and Regulations. When you sign your space agreement you are bound to follow these rules and regulations.**

**Those of you who may have multiple employees or volunteers are signing the agreement and must make sure your employees and volunteers follow the rules and regulations. There are rules that have been highlighted in part, (#10 & #16). Both have been abused by some groups.**

**Our insurance carrier and attorney have strongly suggested that we enforce these rules and regulations. The St Lucie County Fair Association Board of Directors and management are letting all vendors and exhibitors know that this will be done and that any infractions of the rules and regulations will be handled by telling the "agreement names vendor/exhibitor" to leave the fairgrounds and the space(s) will be returned to the Fair.**

**This means that you must make each individual that you employ or that volunteers for your business or organization aware of the Fair's rules and regulations.**
