**Q. Do I have to buy tokens to buy beer?**

A. Yes. Beer sales will be by token this year – tokens are available adjacent to the beer stands in Sections A/B, D, F & G and in the Tack Room Saloon. The Ticket office will also have tokens available for sale. All guests who look under 30 years old will be required to get their ID's verified and get a wrist band when purchasing tokens or entering the Tack Room. The main stage tent will take tokens or credit cards for beer purchase and will be verifying ID's also.

**Q. Do I have to show my ID to purchase alcohol?**

A. All guests should be prepared to show their ID if a server asks, the policy for the rodeo is to use the ID verification machines and check ID's for those who look under 30 years of age when purchasing tokens and/or when being served at the beer stands, Main Stage Tent or Tack Room Saloon. After ID verification guests will receive a plastic band verifying them 21 and over that can be left on the entire event and they will not need to stand in line to get the ID verified unless they lose the wrist band. Even with a wrist band patrons may be asked to show their ID when purchasing alcohol.

**By entering the St. Paul Rodeo Grounds you are agreeing to abide by these policies.**

# St. Paul Rodeo Emergency Procedures

## Acute – suspected cardiac arrest, stroke, traumatic injury

- If during a rodeo performance, **Find closest First Responders** or **call 503-633-4357** (Fire, Paramedic - see locations marked by arrows on map on reverse) send someone to alert First Responders of the situation – (either of these options provides more timely response than 911 as First Responders will be on rodeo grounds during rodeo performance and this local number reaches them directly).  
If alone and/or unable to send someone, stay with victim and Call the local number **(503-633-4357)** or **911**
- Law enforcement officers can notify First Responders
- If NOT during rodeo performance, Call **911**
- Information to provide First Responders or **911** Dispatch:
  - Location of victim
  - Estimated age & gender of victim
  - Brief description of what is happening
  - If a CPR certified person available at the scene, initiate CPR protocol if indicated while waiting for First Responders arrive.
  - Clear area around victim for Responders to provide aid.

## Non-Acute – laceration, minor injuries

- Send or escort (if you are able to leave your post) victim to First Aid tent outside the main ticket office (Green arrow on map)

## Fire

- Alert First Responders closest to location (see map)
- Provide accurate location of fire
- Find fire extinguisher (see red dots on map)
- If fire spreads, ushers and security will help direct people
- If no dangerous animals in arena, security will open gates into the arena to provide evacuation route if indicated.
- Be vigilant - confirm no smoking/ no vaping

## Other Emergencies – Earthquake, Terrorist Attack, Active Shooter, Collapse

- There is a plan in place with Emergency Providers (Police, Fire, Medical, Security)
- An Emergency Operation Center would be established away from the center of the event (Fire Department, Parochial School, High School)
- It is a unified command center, communication hub
- Concern would be potential grid lock from visitors rushing to leave the arena, blocking Emergency Services.
