**CLASS DESCRIPTIONS:**

**Contemporary/Art Quilts** – Often contain other media besides fabric. They feature unusual color combinations, complex piecing, and embellishments. Traditional patterns are often stretched, skewed, or flipped into new and different configurations. The quilts often have intense background fills, elaborate thread play, and heavy texture. Quilting designs liberally cross over seams to create newly defined spaces on quilts.

**Modern Quilts** – Are simple and utilitarian, but often include bold colors and prints. They also can include high contrast and graphic areas of solid color, minimalism, asymmetry, expansive negative space, alternate grid work, and improvisational piecing. Quilting is usually done with matching thread to create texture and is allowed to flow over the entire surface.
