Guidelines:

1. All State Fair General Rules and Crops and Plants Department Rules apply. By making an entry, you agree to read and abide by these rules.
2. An email will be sent to all exhibitors who provide an email address reminding them of instructions for delivery. Tags will be held until delivery of items.
3. A competitor shall be permitted to make only one entry in each class, but may enter in as many individual classes as desired.
4. Each entry shall be composed of specimens of only one variety or strain except where indicated.
5. Plants must be grown by the individual competitor and have been in their possession and established in its container for at least three months. Please include variety name, if known, under “description” of online entry

6. Only plants entered in the correct class will be judged. You are responsible for correctly identifying the class for each plant entered.
7. Plant and container must NOT weigh more than 40 lbs. Containers used as hanging baskets MUST have sturdy hangers.
8. Plants identified as diseased, infested or in broken containers will not be judged or displayed.
9. Plants will be watered by State Fair staff during the Fair; otherwise, the State Fair assumes no responsibility for exhibited plants or plants not displayed.
10. The Fair assumes no responsibility in case of loss or damage to exhibits.
11. No plants may be removed until release time and must be checked out with Superintendent. Tag stubs (claim checks) must be presented before entries are released.
12. Prize-winning exhibits removed by the competitor prior to the official release time will forfeit monetary awards.
13. It is the competitor's responsibility to pick up or dispose of entries. After the last scheduled pick-up time, all remaining products will be considered abandoned and the Fair will in no way be responsible for them.

All entries are subject to spraying with fire retardant, as required by the Fire Marshall.

Judging Criteria

Cultural Perfection 60
 Plants should have vigorous, healthy appearance and form including foliage, flowers and/or fruit, which is characteristic of a well-grown plant. There should be no indication of pests or disease and have a good shade of color typical to the variety.

Grooming: 20
 The entry should be clean and well groomed. No dried flowers, pollen, dirt, careless labeling, spray residue, spots, etc. Be aware of over grooming. Too much trimming may be penalized. A good rule of thumb is "taking nothing away... adding nothing" other than general grooming.

Distinction 10
 when compared to other entries of its class the entry has one or more observable superior quality that sets it apart as a specimen.

Container 10
 There should be good balance between the sizes of plants and the container. The container should be full enough to prevent the appearance of leggedness or overcrowding. Plants should be well established in their container.
