The Fair Board expects compliance and cooperation by exhibitors in enforcement of those laws and regulations.

The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

Fitting, Feeding and Project Preparation

All participants in the Sweetwater Daggett County Fair must be involved and interact in the daily care and preparation of their fair projects.

We understand that Youth (4- H) and FFA are family-oriented organizations and help may be needed. Please use common sense when caring and/or preparing your projects for the fair. If you have questions, please contact the superintendent for that area.

Inhumane Treatment

- o The first offense may result in expulsion from the fairgrounds for all the exhibitor's animals, loss of premiums, prizes, and disqualification from the sale. This covers but is not limited to drug use, surgical alterations, failure to offer clean adequate water at regular intervals, failure to feed animals daily, beating of an animal, use of any foreign substance in or on the body, veterinary procedures to an animal, etc.

An appearance before the Fair Board is necessary before an exhibitor may participate in subsequent fairs.

- o The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
- o No owner, exhibitor, fitter, trainer, or responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individuals to disciplinary action.
- o Drenching as a method to source nutrition for an animal is prohibited. Only in the case of a licensed veterinarian prescribed drench is allowed.

Humane Treatment

- o Animals must be cared for daily. No abuse or neglect of any animal will be tolerated.
- o The first offense will result in expulsion from the fairgrounds for all of the exhibitor's animals.
- o Exhibitors are responsible for cleaning their own pens daily. This includes your tie out stall.

Marketability

- o Animals must have met weight requirements, been judged saleable by the official fair judge.
- o No improper drugs may have been administered to this animal before this sale pursuant to USDA slaughter restrictions.

At Veterinarians' discretion, an animal may be declared ineligible for the sale for reasons including but not limited to, illness, lameness, unsoundness. Animals declared as such shall be immediately removed from the fairgrounds following recommendations from a Veterinarian and a vote of the Fair Board.

Dangerous Animals

- Any animal that, in the opinion of show management, poses a danger to any other person or animal may be dismissed from the fair. It is your responsibility to ensure that your animal is safely halter broken and controllable

Show Provisions

- During official market/breeding class judging, the registered owner of that 4-H/FFA project are required to be the showman exhibiting it. If the owner of the 4-H/FFA project being shown needs assistance during the official class judging, they can request the aid from ONLY a currently enrolled & active youth 4-H/FFA member. This 4-H/FFA youth giving aid can STRICTLY do so by either acting as an accompanist to the owner of the livestock project being shown, or if an owner has more than one animal in a class, the 4-H/FFA youth giving aid can show the additional entry(s) in the official class judging.
- During official Showmanship class judging, exhibitors are required to show their own registered project. This must be done without ANY outside assistance (ex. Must be done without aid from active youth 4-H/FFA member or adult accompanists).
- All adults except those qualified to be in the show ring, must remain outside the show ring while the show is underway.
- Each species will be required to have 3 animals to complete a class. Failure to have 3 animals will result in combining classes or class elimination for that year.
- Any animal brought to the fair must be shown in their respective breeding or market classes.

State Fair

- All Youth exhibitors who are attending the Wyoming State Fair must complete and submit registration forms during the designated State Fair Meeting, Saturday of Fair.
- You must indicate if you are going to the Wyoming State Fair when you consign. If you go, you will be responsible for the animal after the county fair and during the state fair. Remember that you no longer own the animal.

Realize there is a risk of loss of the animal during this time and consider your decision carefully.

You are responsible for delivering your animal to the announced drop off by your buyer, immediately upon your return from the state fair. Failure to drop the animal off at the designated location could result in loss of sale proceeds.

THE FOLLOWING INFORMATION REPRESENTS THE WYOMING STATE FAIR POLICIES AND PROCEDURES RELATING TO THE JUNIOR LIVESTOCK SHOWS. SWEETWATER COUNTY FAIR FOLLOWS THE WYOMING STATE FAIR POLICIES & PROCEDURES.

IAFE NATIONAL CODE OF SHOW RING ETHICS

Exhibitors of animals at livestock shows shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to youth as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics," fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with youth exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers, and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

The following is a list of guidelines for all exhibitors and all livestock in competitive events:

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Youth (4-H) exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of volatile drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer, and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminates in the animals entering the food chain shall not be administered drugs other than in accordance with applicable federal, state, and provincial statutes, regulations, and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state, and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

5. Any surgical procedure or injection of any foreign substance or drug or the external application of any substance (irritant, counterirritant, or similar substance) which could affect the animal's performance or alter its natural contour, conformation, or appearance, except the external applications of substances to the hoofs or horns of animals which affect appearance only and except for surgical procedures performed by a duly licensed veterinarian for the sole purpose of protecting the health of the animal, is prohibited.
6. The use of showing and/or handling practices or devices such as striking animals to cause swelling, using electrical contrivance, or other similar practices are not acceptable and are prohibited.
7. Direct criticism or interference with the judge, fair or livestock show management, other exhibitors, breed representatives, or show officials before, during, or after the competitive event is prohibited. In the furtherance of their official duty, all judges, fair and livestock show management, or other show officials shall be treated with courtesy, cooperation and respect and no person shall direct abusive or threatening conduct toward them.
8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter, trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.
11. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

2026 WSF TAIL DOCK POLICY

Sheep presented for exhibit at Wyoming State Fair shall have no evidence of rectal prolapse, nor evidence of surgical tail removal. Following visual examination by the Animal Care Committee, evidence of either of these conditions is cause for immediate disqualification without recourse. Sheep presented for exhibit at Wyoming State Fair that are visually examined by the Youth Show Committee/Show Staff and determined to lack visible tail length may be evaluated by palpation for the presence of tail vertebrae. If no tail vertebrae are found it is cause for immediate disqualification without recourse. Disqualified sheep shall be released and removed from the exhibit area. Determinations and decisions of disqualification by the Youth Show Committee are final.

Wyoming State Fair and the Wyoming Department of Agriculture encourage exhibitors to practice the highest standards in animal agriculture. Therefore, all sheep shown at the Wyoming State Fair should be docked in a manner that does not compromise the animal's health and wellbeing.

ANIMAL HEALTH REQUIREMENTS

WYOMING STATE FAIR

The Wyoming Livestock Board (WLSB) State Veterinarian's Office may modify animal health requirements if there is a disease risk warranting change in our state or neighboring states. Please visit WLSB's website, wlsb.state.wy.us/public, for the most current information.

A completed Certificate of Veterinary Inspection (CVI) listing individual animal official identification must accompany all livestock exhibiting at the Wyoming State Fair. The CVI must be issued by an accredited veterinarian within 30 days of entry.

- Electronic CVIs will be accepted.
- Both electronic and paper CVIs must be readily available upon request.
- Wyoming Livestock Board (WLSB) veterinarians will be checking CVIs and potentially inspecting every animal.
- Animals with active ringworm lesions or warts easily visible without close examination are not permitted to exhibit.
- Any animal showing evidence of infectious, contagious, or communicable disease may be immediately removed from the grounds and held in isolation until further testing is completed or released to the owner's premises.

Interstate livestock requirements may be on wlsb.state.wy.us/public or at interstatelivestock.com. Questions may be directed to the Wyoming Livestock Board, 307.377.7515 or lsbforms-applications@wyo.gov.

Out-of-State Origin Animal Import Requirements

Import requirement information for out-of-state origin animals and entry permits may be obtained by calling the Wyoming Livestock Board at (307) 777-7515; <http://wlsb.state.wy.us>. Entry permits are required for bison, cattle, sheep, and swine.

Brand Inspection Requirements:

A Brand Inspection is required on all cattle, horses, mules, and sheep moving intrastate across a county line prior to entry. A Brand Inspection is also required on all cattle, horses, mules, and sheep leaving the Wyoming State Fair and Rodeo moving intrastate across a county line or interstate leaving the State of Wyoming. Documents need to be presented for inspection at the time of animal health check-in.

Scrapie ID Requirements for Exhibition Sheep and Goats

Sheep and goat exhibitors at Wyoming jackpots, county fairs, and state fair are reminded of the Wyoming Livestock Board (WLSB) and USDA APHIS requirements that ALL sheep and goats exhibited in Wyoming MUST be individually identified with USDA APHIS approved scrapie identification. This requirement includes wethers. Scrapie identification should be traceable to the premises of origin (where the animal was born) through ownership records.

The state requirement is consistent with the federal USDA APHIS scrapie identification requirement. WLSB and USDA APHIS personnel will be checking for compliance with this requirement at county and state fairs. To avoid enforcement action, exhibitors are urged to be in compliance by having their sheep and goats properly identified prior to arriving at the fair.

Cruelty to Animals

Absolutely no cruelty to or abuse of animals will be tolerated. Immediate disqualifications of the exhibitor and exhibit may result from confirmed abuse or cruelty.

Ethics

All exhibitors exhibiting animals must comply with the IAFE National Show Ring Code of Ethics (section #31), United States Department of Agriculture Wholesome Meat Act (from USDA) and the **Wyoming State Fair drug use and testing policy, which can be requested in writing from the Wyoming State Fair management.**

SUBSTITUTIONS AFTER THE PRE-ENTRY DEADLINE WILL RESULT IN DISQUALIFICATION.**
17. **A HORSE MAY BE SHARED BY MORE THAN ONE YOUTH; BUT ONLY ONE YOUTH IS ALLOWED TO ENTER THE HORSE ONCE IN THEIR AGE DIVISION. For example: One youth is 10 years old, one is 11 and one is 13. The two members who are in the intermediate age group will have to decide who will be the rider of the shared horse in each class.** A member may only show one horse in each event. Each horse can be shown only once per age division. Members using the same horse may have to choose between classes and/or exhibitors.
18. **SAFETY: SAFE HORSEMANSHIP GUIDELINES MUST BE FOLLOWED AT ALL TIMES DURING THE YOUTH HORSE SHOW** to protect exhibitors and spectators. Unsafe practices will be prohibited (i.e., riding double, riding bareback, riding with halters only, riding at a speed greater than a walk outside of arenas, etc.). All animals must be under control at all times during the Youth Horse Show. Unruly animals may be excused.
19. Youth horse exhibitors no longer need to qualify to enter and ride in performance classes at the Wyoming State Fair. All youth horse classes are open to any bona fide, eligible Wyoming 4-H or FFA exhibitor who has exhibited in their respective and most recent County Fair. All horses entered at WSF must be the same as certified by the 4-H or FFA member in his/her project. If railwork is/could be required (horsemanship, hunt seat equitation, etc.) youth can only enter ONE time on ONE horse. 1. **ELIGIBILITY OF FLEECES:** Each fleece entered must have been grown by a Wyoming Youth (4-H)/FFA member and be from sheep recognized as part of current project work and have been shorn in 2024 or 2025. 2024 fleeces shown at a 2024 Fair are not eligible for the 2025 Sweetwater County Fair. Each fleece must represent not more than 12 months' growth, except that in the case of yearling fleeces, where 16 months growth will be allowed.

2. **FLEECE QUALITY:** Any fleece entered in competition shall be discriminated against if:

- a) tied with other than paper twine
- b) showing any paint or tar brands (soluble branding fluids permissible)
- c) showing excessive dung locks or tags
- d) discolored by excessive moisture
- e) cotted
- f) showing a weak staple or break in fiber
- g) containing any excess burrs or other vegetable matter. Fleeces showing black fibers will be disqualified.

3. **PREPARATION OF FLEECES:**

1) Spread out the fleece on a clean table or floor, skin side down, taking care not to pull or open fleece as it is handled. The fleece will look like a pelt or hide. At this stage, before rolling or tying, remove all heavy tags, stained wool, and obvious foreign matter. Rolling the fleece takes four easy steps:

- a) Begin at one side and loosely fold 8 to 10 inches of the edge toward the center of the fleece.
- b) Do the same on the other side, but fold toward the center two times-until the twice folded portion lies on top of the first fold.
- c) Fold in the head wool.
- d) Roll the entire fleece from the breech toward the shoulder and long side wool. Fleece is now ready to be tied. Using paper

fleece twine, wrap it in two directions and tie as you would a package. There should be no loose ends hanging from the fleece. It should be loose enough to make judging easy yet compact enough to prevent it from falling apart when handled.

PREMIUMS: SEE PAGE 38

Refer to Showmanship Contest Rules, page 36

CLASS

- 01 Senior
- 02 Intermediate
- 03 Junior

Note: Business casual attire is recommended. Youth should dress professionally and appear well groomed. Clothing should complement the dog and handler team while not distracting the judge, other handlers, or other dogs. Sunglasses, shining clothing or jewelry, low-cut shirts, shorts, flip-flops, etc., are all distracting attire. Deductions may be made for unsafe or distracting attire.

OBEDIENCE

1. A Youth (4-H) member may compete in only one obedience class per dog with a total maximum of two dogs. Their first dog is referred to as the "A" dog. The other dog is referred to as their "B" dog for class entries. An exhibitor competes in an "A" class with their first dog and in a "B" class with their second dog.
2. The first-year class beginner novice class is for members who are in their first year of the dog project, not the first year with a new dog. It is designed as a training class for members who do not feel competent to start in the On Leash class. **Members may compete in the first-year beginner's novice class only once.**
3. A Youth (4-H) exhibitor with a dog shown previously in obedience classes by another youth (4-H) handler or a dog that has a title from another organization or has three qualifying scores from the designated annual county youth (4-H) show, must show the dog by these guidelines:
 - a. Junior and Intermediate age exhibitors may move back or down one level.
 - b. Senior age exhibitors must show the dog at the highest level the dog has achieved.
4. A dog receiving a qualifying score of 170 points at the designated annual county youth (4-H) show may advance the following year to the next higher class but must advance after receiving 3 qualifying scores. Once the higher level of obedience is selected for the dog, the member may not drop back/down to the lower level with the same dog.
5. High in Trial will be calculated based on the raw qualifying score plus five additional points with each increase in level of difficulty.
6. Score Sheets: The Wyoming 4-H dog score sheets were designed for the benefit of youth (4-H) members. They are intended as guides for judges. Judges use their discretion in deciding the seriousness of errors.
7. All dogs must enter/leave the show ring and compete with a leash.
8. Bait and/or toys are not allowed in obedience competition.
9. Dogs soiling or urinating in the ring will be disqualified and receive no score.
10. Males and females will be shown in the same class. Females in heat will be shown last and must be kept away from the obedience ring until call time.

CONFORMATION

1. All dogs must enter and leave the ring on leash.
2. Classes will be subdivided by breeds within a class if numbers warrant. First place winners in classes 12-21 will compete for the Best in Show trophy in conformation.
3. Exhibitors entering more than one dog in any class may be assisted only by another 4-H member if the dogs must be shown at the same time.
4. Classes 12-19 will be judged according to AKC standards, but it is not necessary that dogs be registered; they must be purebred – both animal parents of the same breed.
5. Classes 20 and 21 are for cross-bred dogs—parents of different breeds—and will be judged according to the predominant breed characteristics and/or soundness, gait, condition, and grooming.
6. Before entering your dog, check the list of breeds that are eligible for each group. It can be found online at <http://Wyoming4H.org> under the dog link of the projects tab.
7. Business casual attire is recommended. Youth should dress professionally and appear neat and well-groomed. Clothing should complement the dog and handler team while not distracting the judge, other handlers, or other dogs. AGILITY

1. Dogs must be at least one year of age by May 1st.
2. State entrants must achieve qualifying scores at their county level before competing in the State 4-H Dog Show. The level at which a member qualifies at the county level is the level in which they will compete at the State 4-H Dog Show.
3. A dog receiving a qualifying score of at least 75 points at the county 4-H show may advance the following year to the next higher class but must advance after receiving the following:

Level	Must advance after receiving....
Levels 1, 2 and 3	Three scores of at least 75 points
Levels 4,5,6, and 7	Three scores of at least 75 points

4. Once the higher level in agility is selected for the dog, the member may not drop back to the lower level with the same dog.
5. Youth, with a dog shown in previous years by another youth (4-H) member, or a dog that has a standard agility title from another organization or has received three qualifying scores from the designated annual county youth (4-H) show, must show the dog under these guidelines:
 - a. Junior and Intermediate aged 4-H youth may move "back/down" one level.
 - b. Senior aged 4-H youth must show the dog at the highest level that the dog has achieved.
6. All dogs must enter and leave the ring on leash. For Levels 2-7, the handler enters the ring on leash and sets up the dog in a position to begin the run. When the judge signals to begin, the handler removes the leash, places it on the ground, and begins the run. The dog may sit, down, or stand to begin the run. After the dog has performed the last obstacle, the leash is attached and the handler exits the ring.
7. In Levels 2-7, the handler may take a small toy or treat into the ring. Before the leash is removed at the beginning of the run, the toy or treat must be placed in a pocket so it will not fall out. It may not be removed until the leash is attached at the end of the run.
8. Dogs in season will run at the end of each class.
9. A time for all handlers (only) to familiarize themselves with the course they are competing in will be established and announced.
10. Fastest times will be used to break ties on scores at all levels.
