Revisions: The current version of the competition handbook is available on The Big E's Website at www.thebige.com/wine and may be subject to revisions prior to actual publication and printing. Please check back frequently.

Notification of the Competition: Although every effort is made to reach the roughly 200 wineries throughout the Northeast, Eastern States Exposition (ESE) is not responsible for failure to notify or contact any one winery. The entry deadline is June 15, 2022.

Integrity of the Competition and of the Results

The integrity, validity and reliability of this competition are paramount for the volunteers and the professional managers and staff who make this competition possible.

- In addition, the seasoned, trained, dedicated and respected professional management and staff are committed to professional excellence and unimpeachability in the wine judging arena.
- Great care has been taken to select qualified judges who have proven the high caliber of their palates in personal and professional pursuits.
- Generally accepted judging criteria that produce world-class standards of excellence will be used.
- Conflicts of interest have been scrupulously avoided in every aspect of this competition.

All aspects of this wine judging have been and will be conducted to ensure that the results have the highest degree of integrity and are fully worthy of ESE.

Eligibility Requirements

- Any wine currently produced in the New England and New York is eligible for entry. Type of products include but not limited to: vinifera, hybrid and native grape wines, meads, fortified wines, sparkling wine, port, sherry, low-alcohol wine, de-alcoholized wine, fruit wines, hard cider or vermouth.
- An official entry shall consist of two (750ml) bottles of wine or the equivalent in other formats.

Judging

Any placement in or removal from a class will be at the discretion of show management. The judges will use the 20 point UCLA-Davis Scoring System and are instructed to grant no points when, in their opinion, wine is unworthy. If the judges are faced with an obviously flawed bottle of wine, the second bottle of the same entry will be opened and tasted. The judges may move wines into another class or disqualify a wine, if it has been entered in the wrong class, or the class is unworkable because of class size.

- Wines are categorized by Red - Vinefera/Hybrid, White – Vinefera/Hybrid, Sparkling and Non-Grape Wines divisions. Sub-categories are determined based on classifications.
- This is a double blind judging.
- Each wine will be studied thoroughly and separately and are considered on an individual basis on the day of the judging.
- A minimum of three qualified judges will evaluate each wine.

 - c. In the event of misleading advertising by an award-winning entrant relative to a particular award or awards, The Big E, at its discretion, reserves the right to disqualify both the offending wine and the responsible winery from this and future competitions.
