For Immediate Release

**JET TO REVIVE GARAGE ROCK LIVE AT THE BIG E
See Them on the Court of Honor Stage on Sept. 28**

Australian rockers Jet have stood the test of time, and they continue to prove why they're one of the world's best musical outfits even now, 25 years after their formation. The Big E is proud to announce that they are the final stop when the band returns stateside for their Down the Moonlit Mile Revue Tour. They'll be headlining The Big E's Court of Honor stage, *sponsored by Mattress Firm*, as the finale of 14-date tour on Monday Sept. 28. A limited number of premium seats will be available for select shows starting Friday, March 27, at 10am ET. Free seating is available on a first-come, first-served basis. Tickets include Fair admission for the concert day and can be found at TheBigE.com.

Originally hailing from Dingley in Melbourne, Australia, Jet quickly conquered the world after forming in 2001. They sold more than 6.5 million albums globally and secured almost 10 times Platinum certification in Australia and Platinum in the United States and United Kingdom for their 2003 debut album, *Get Born*. The album produced a string of classic singles in "Are You Gonna Be My Girl," "Rollover DJ" and "Look What You've Done" and netted the band six times 2004 ARIA Awards.

Jet's follow up album, *Shine On*, followed in 2006 and was rammed full of another collection of melodic rockers including "Put Your Money Where Your Mouth Is," "Bring It On Back" and "Rip It Up." It achieved Platinum status in Australia on the back of standout headline shows around the world and an unforgettable Big Day Out music festival run in 2007.

The band reached the 20-year anniversary of their debut album release in 2023. To celebrate, Jet embarked on their first band shows in five years, playing *Get Born* in full, revisiting the timeless track list that won them a global fanbase—each song as invigorating today as it was 20 years previous.

Reflecting on the album, lead singer Nic Cester said, "*Get Born* was a rare and unique moment of total planetary alignment where we somehow managed to capture lightning in a bottle." In November 2023, Jet received the honor of being the 2023 ARIA Hall of Fame Inductees.

After a successful tour of Italy, the United Kingdom, Ireland and the United States, playing sold-out shows on their 20 Years of *Get Born* Extended Edition Tour, the band was thrilled to return to the U.S.A. for an extensive tour in May and June of 2025. They then headed to Europe to play the summer music festival circuit in July.

Jet is rolling on down the road on tour again, and this time all signs point to The Big E—don't miss them at the top of their game, 25 years deep into their career with razor-sharp, high-voltage Rock that proves

About The Big E

The Big E is the only multi-state fair in North America, and it celebrates the rich history, culture and traditions of the six New England states. As the principal event of Eastern States Exposition, The Big E has presented the finest in agricultural, innovative, commercial, industrial and artistic developments, as well as the highest caliber of variety entertainment, to the people of the United States for more than a century. The 17-day event has grown and become the largest event on the East Coast, recognized as the fourth largest fair in North America by its recent record annual attendance of 1.6 million fairgoers and counting. Head to TheBigE.com or follow us on social media to see what all the buzz is about.
