Rebates normally or routinely offered to all customers for the purchase of their Goods and Services are acceptable and are the property of the Town.

Nothing in this section shall preclude an Official, Employee or Agent of the Town from attending seminars, courses, lectures, briefings, or similar functions at any Vendor's facility or at any other place if any such seminar, course, lecture, briefing, or similar function is for the purpose of furnishing the Official, Employee, or Agent with knowledge and information relative to the Vendor's products or services and is one which the Town Manager determines would be of benefit to the Town.

The expense of any such disclaimed transaction will become the personal liability of the individual who acted improperly.

i. Vendor Contact During Open Solicitations

In order to provide consistent information to vendors and eliminate preferential treatment, persons seeking an award of a Town contract may not initiate or continue any verbal or written communications regarding a solicitation with any Official, Employee or other Town representative other than the representative named in the solicitation between the date of the issuance of the solicitation and the date of the final contract award. 8. Emergency Purchases

Emergency Purchases may be required when public safety, severe weather, sewage overflows, water main breaks, flooding, hurricanes, or other natural or manmade situations arise. Purchasing authority levels and competitive purchasing methods may be waived during an emergency. Emergency purchases are to be made only when the normal functioning and operation of the Town would be seriously impaired if standard procedures were followed.

- A department head needing to exceed his authority level should notify the Town Manager of the emergency purchase. A requisition, including the nature of the action, for the emergency purchase should be entered and approved as soon as practicably possible.
- If the Town manager needs to exceed their authority level, they should notify the Mayor of the emergency purchase as soon as is practical. The Council should be briefed on the emergency and nature of the purchase at the next meeting of the Council.
- If any emergency purchase causes a budget line to be exceeded, the department head will be responsible for necessary transfers and notify the finance director if a budget amendment will be required.

9. Piggyback Process

The use of other state, government agency, or government association (Florida League of Cities, Florida Sheriffs' Association, etc.) contracts that have been secured through a competitive bid or RFP process satisfies the need for a quote or bid.

- Access should be for a larger public agency contract in order to gain significant volume discounts.
- The Department Head will verify the competitive process used by the originating agency.
- The Town will enter into a separate purchase order or agreement with the vendor for the Town's specific scope of work that is substantially similar to the original contract.
- Details of the other agency's contract, term, amount, and contact information shall be submitted as supporting information for the requisition before approval.

10. Change orders

If a change order is needed, the approval level needed shall be based on the existing authority level, unless the change order caused the total cost to exceed that authority level, in which case the approval from the appropriate authority will be required except as noted below:

- A Department Head or Town Manager may not add to the scope of a contract approved by the Town Council without first obtaining Council approval.
- Multiple change orders or purchase orders shall not be used to circumvent the authority level of the department head, the Town Manager, or the Town Council.
- For projects \$25,000 to \$250,000, the Town Manager shall have the authority to approve up to \$25,000 for all change orders combined. For contracts \$250,000 and above, the Town Manager shall have the authority to approve up to 10% of the original contract amount for all change orders combined but shall not exceed \$100,000.
- No change order shall be approved unless adequate budget funds exist.
- To exceed the limits stated above, approval from the council with a majority vote will be required. At this time the council will decide whether to reset the limits as specified above or require each change order thereafter to come before the Council.
- A request to the council to exceed the above limits shall contain a change order report that will consist of the original scope of work, original contract price, the current change order price, all subsequent change order costs itemized, and a brief description of each change order.

11. Sealed Bid Processes

a. Invitation to Bid

Invitations to Bid (ITB) are prepared and issued to prospective Bidders, with the goal of obtaining competitive responses. Invitations to bid are prepared by the appropriate department head. If the services or product that the Town is soliciting does not clearly fall under any department, then the Town Clerk will prepare the invitation to bid. An invitation to bid is primarily used to obtain pricing of goods for which the specifications, unit quantities, or designs have already been established.

Public notice (such as publication in a newspaper of general circulation, posting on the Town's Internet Web page, and at least one trade specific site or publication, such as DemandStar) of the ITB must be given a minimum of thirty (30) calendar days prior to the date set for bid opening, unless it can be demonstrated that an urgent requirement for Goods or Services exists, in which instance, the requirement for public notice may be reduced by the Town Manager.

Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the Invitation to Bid. All relevant information, including each Bid amount, Bidder's name, and project estimate and budget, will be recorded on a summary sheet. The summary sheet shall be signed by the Town Clerk or recording secretary of the ITB opening.

Split or partial bid awards may be awarded with the same guidelines and restrictions as those provided for split or partial quotation awards.

Tie Bids: In the event two or more identical bids are received, the following procedure will be used when the basis of award is low bid:

- i) To the extent permitted by law, a tie bid from a Person within the town limits of Orange Park would be recommended to the appropriate approving authority for an award over one without an office in the Town. A Person within the limits of Clay County would be recommended to the appropriate approving authority for an award over one without an office in Clay County. A Person within the state of Florida would be recommended to the appropriate approving authority for an award over one without an office in Florida.
 - a) If the procedures in (a) above does not result in an award, then, the tie Bidders will be contacted and advised of the tie and asked if they wish to reduce their bid in writing submitted in a sealed envelope to be opened at the time and place stated by Town staff. If one or more of the tied Bidders agrees to participate, award will be made to the new low bid. If none of the tied Bidders agree to participate or if the new bids are tied, then Town staff shall break the tie by following the procedures described below, as necessary.
 - b) If the procedures in (a) and (b) above do not result in an award, then, to the extent permitted by law, a tie Bidder deemed in the Town's sole discretion to provide the most environmentally preferable goods or services would be recommended to the appropriate approving authority for an award over one deemed environmentally inferior.
 - c) If the procedures above do not result in an award, then, the Department Head in the presence of two or more witnesses will flip a coin. Award will be recommended to the appropriate approving authority.

Correction or withdrawal of inadvertently erroneous bids is permitted in accordance with the terms indicated within the ITB; however, minor irregularities may be waived by the Town. No bid may be withdrawn for a period of ninety (90) days after the time scheduled for bid opening, or as otherwise stated in the Invitation to Bid.

Late bids will be rejected and returned unopened.

Bids will be evaluated based on the evaluation factors set forth in the Invitation to Bid, which may include criteria to determine acceptability of Goods (for example, inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose). Criteria for the acceptability of Goods shall be used to determine whether particular Goods are responsive to the Invitation to Bid, and not to determine the relative desirability between acceptable Goods. The Town reserves the right to waive any informalities or irregularities of bids, to request clarification of information submitted in any bid, to further negotiate with the Responsive and Responsible Bidder selected for Contract award, or to reject any or all bids for any reason whatsoever.

The Bid will be awarded, if an award is made, to the Responsible and Responsive Bidder offering the lowest price whose bid meets the requirements and criteria set forth in the Invitation to Bid. The Bid may require a Contract.

b. Request for Proposals (RFP)

When the Department Head or Town Clerk determines the use of an Invitation to Bid is not practical or not advantageous because of existing market conditions or the type of items required, the Town may procure Goods, Services, or Professional Services through receipt of competitive sealed proposals. Competitive sealed proposals are solicited through the use of an RFP, with the goal of obtaining competitive responses.

Public notice of the RFP shall be given in the same manner as the procurement described in section 11, Sealed Bid Process of this policy.

Proposals shall be opened publicly by the Town Manager, or designee, in the presence of one or more witnesses at the time and place designated in the RFP. A register of proposals shall be prepared that lists each Proposer's name. Interested persons shall have access to information regarding procurement transactions of the Town of Orange Park in accordance with Town policy and Florida law.

All meetings of the Town Council are duly noticed public meetings and all documents submitted to the Town as a part of or in connection with a Proposal may constitute public records under Florida law regardless of any person's claim that proprietary or trade secret information is contained therein. By submission to the Town, Proposers waive any declaration the entire response of any solicitation to be proprietary information. The Proposer shall designate in the smallest increments possible, that part of the qualifications that are deemed to be proprietary. Proposals and all related correspondence are governed by Florida law and shall be provided to anyone properly requesting same, after contract award. The Town cannot protect proprietary data submitted in vendor proposals unless provided for under the open records law and clearly marked as proprietary by the proposer. In the event the Proposer deems certain information to be exempt from the disclosure requirements, the Proposal must specify what content is considered exempt and cite the applicable provision of the law to support that assessment. In the event such information is requested under the open records law, the Proposer's assessment will be examined by the Town Attorney who will make a determination. The decision to withhold or release the information will be at the Town's sole discretion.

Correction or withdrawal of proposals is permitted in accordance with instructions contained within the RFP. No proposal may be withdrawn for a period of ninety (90) days after the time scheduled for proposal opening, or as otherwise stated in the RFP.

Late proposals will be rejected and returned unopened.

The RFP will identify the criteria to be considered and evaluated as the basis of award.

Proposals submitted by Responsible and Responsive Proposers are evaluated by Town staff, Town Council, or selection committee based upon the criteria applicable to the RFP. All proposals (or the most acceptable proposals in the discretion of the committee evaluating proposals) will be ranked in order of their acceptability to the Town, giving consideration to the criteria. The Town has no obligation to award the Contract to the Proposer who proposes the lowest price.

The Town reserves the right to waive any informalities or irregularities of proposals, to request clarification of information submitted in any proposal, to further negotiate with a Responsive and Responsible Proposer who has been selected for Contract award, or to reject any or all proposals for any reason whatsoever.

The Contract award will be awarded, if award is made, by the Town to the Responsive and Responsible Proposer whose proposal is determined, in the Town's exclusive discretion, to be the most advantageous to the Town, taking into consideration price, qualifications, and other factors as indicated in the RFP. The RFP will contain the basis on which the award is to be made.

If no Responsive and Responsible proposals are received or all proposals are rejected, the Town may re-solicit the proposal using the same or modified RFP. The Town Council may, or in cases less than \$25,000, the Town Manager may, procure such Goods, Services, and Professional Services by direct negotiation as indicated below in Non-Competitive Procurement of Goods and Services.

c. Request for Qualifications

For professional services, other than those identified in the Consultants Competitive Negotiation Act (CCNA), Requests for Qualifications (RFQ) may be used when it is determined to be in the Town's best interest to evaluate the experience and qualifications of a Service provider, without regard to price or prior to considering price.

The procedure for soliciting, opening and evaluating statements of qualifications shall be the same as described herein for competitive sealed proposals. Service providers whose qualifications meet the criteria established in the Request for Qualifications, at the sole discretion of the Town, may be considered for Contract award by participation in competitive price negotiations. The Town shall attempt to negotiate a fee with the highest ranked firm. If no agreement is reached, the Town shall begin negotiations with the next highest ranked firm. Negotiations will proceed in this manner until an agreement is reached. Alternatively, the Town may, by direct negotiation, finalize terms with service providers who are selected for award based on qualifications. The Town reserves the right to reject any or all responses for any reason. Clarification of information may be requested by the Town.

d. CCNA Process- Refer to Policy and Procedure already adopted (POL-P-2011-1/PRO-P-2011-1).

e. Invitation to Negotiate

An Invitation to Negotiate (ITN) may be used when the Town determines it is in its best interest to commence negotiation of price and other factors prior to recommendation of award, and it is approved by the Town Manager. An ITN may be used for Goods or Services when the scope of work is complex or difficult to define, if strict comparison of Services or Goods required may be difficult because components are likely to vary among Proposers, or in any situation in which it is in the Town's best interest to negotiate prior to recommendation of award to obtain the product that best meets the Town's needs, price and other factors being considered.

The procedure for soliciting and opening initial responses to an Invitation to Negotiate (ITN) shall be the same as described herein for competitive, sealed proposals.

The ITN will identify the criteria to be considered during the evaluation of proposals. All Responsive and Responsible proposals submitted are evaluated based upon the criteria applicable to the ITN. Clarification of information submitted in the proposal may be requested. The Town reserves the right to waive any informalities or irregularities of proposals, to request additional information from any Proposer, or to reject any or all responses for any reason whatsoever.

The Town may, at its sole discretion, shortlist firms that are deemed to best meet the Town's requirements, taking into consideration all criteria listed in the ITN, including price. The Town may, at its sole discretion, ask for formal presentations from all of the Responsive and Responsible Proposers, or only from those firms that are Short-listed, if Short-listing is determined to be in the best interest of the Town. Negotiations will be conducted and may take place in person or via telephone with all of the Proposers or, if Short-listing occurs, with all of the Short-listed Proposers. Proposers that participate in the negotiations may be given an opportunity to submit their best and final offers.

The Contract Award will be awarded, if an award is made, by the Town to the Responsive and Responsible Proposer whose proposal is determined to be the most advantageous to the Town, taking into consideration price and other factors as indicated in the ITN. The Town has no obligation to award the Contract to the Proposer that submits the lowest price; though justification should be documented.

f. Multi-step Solicitation

The Town may initiate one of the multi-step solicitation processes described below when: (a) in the Town's discretion, it is impractical to prepare an adequate or complete description of the Goods or Services desired (due to insufficient data, uncertain requirements, unfamiliar market options, etc.), (b) the Town desires to identify a field of qualified Bidders, Proposers, Goods or Services, out of a broader field of Bidders, Proposers, Goods or Services, or (c) the Town believes a multi-step process would best serve its purposes.

1. Consecutive Multi-Step Process:

- a) The Town may request unpriced proposals or statements of qualifications to be evaluated based on the criteria in the RFP or the RFQ for purposes of identifying one

or more desirable or acceptable Goods, Services, or Professional Services or for purposes of identifying a field of at least three (if possible and available) qualified or most qualified Bidders or Proposers. The Town may request demonstrations, samples, or may conduct interviews with Proposers to aid in the identification of desirable or acceptable Goods, Services, or Professional Services or in the identification of qualified or most qualified Bidders or Proposers. In the event the Town requests demonstrations or samples, the Town is not required to seek or permit demonstrations or samples of Goods or Services deemed by the Town to be less desirable or acceptable than other Goods or Services for which proposals or statements of qualifications were received. In the event the Town conducts interviews with Proposers, the Town is not required to interview any Proposer deemed by the Town to be unqualified or less qualified than other Proposers.

- b) After identifying a field of most qualified Bidders or Proposers with the capability of providing the desirable or acceptable Goods, Services, or Professional Services, the Town may either follow a Competitive Award solicitation process among the field of Vendors identified as having the capability to meet the Town's requirements for the procurement or by direct negotiation as indicated below in Non-Competitive Procurement of Goods and Services.

2. Simultaneous Multi-Step Process:

- a) The Town may request that priced proposals be submitted in two separate envelopes, with pricing information contained in one envelope and all other requested information contained in the other envelope. In such case, proposals will be evaluated in accordance with the requirements set forth in the RFP, initially without regard to price and without opening the envelope containing pricing information. Based on such evaluation, the Town will establish a field of at least three (if possible and available) qualified or most qualified Proposers. The Town may conduct interviews with Proposers to aid in the identification of qualified or most qualified Proposers. In the event the Town conducts interviews with Proposers, the Town is not required to interview any Proposers deemed by the Town to be unqualified or less qualified than other Proposers.
- b) After establishing a field of qualified or most qualified Proposers, the Town will open the pricing envelopes of only the qualified or most qualified Proposers, and evaluate such pricing information in the manner described in the RFP for purposes of recommending/making an award (e.g. most advantageous proposal, price and other factors considered or low price submitted by qualified Proposers). In the absence of specific instructions to the contrary in the RFP, pricing information will be evaluated together with all other information required by the RFP for purposes of selecting among the qualified field of Proposers the most advantageous proposal, price and other factors considered.

3. Multi-Step Process to Award Continuing Purchasing Contracts

- a) When it is in the best interest of the Town to have pre-qualified, Continuing Purchasing Contracts because of the need to Provide quick-response, repetitive Services or a range of Services or Professional Services within a specific field of expertise, the Town may use either a Consecutive or a Simultaneous Multi-Step Procurement Process to identify one or more Continuing Contractors. The purpose is to identify one or more Continuing Contractors that demonstrate the ability to perform a particular type of Service during a specified Contract period.
- b) Contract award - The multi-step solicitation shall specify the general types of Services required, the selection process to be used, and the selection criteria for award of the Continuing Contract(s).
- c) Award of a specific scope of work to a Continuing Contractor - During the term of the Continuing Contract(s), specific scopes of work may be developed and awarded to Continuing Contractor(s), by Amendment to such Continuing Contract(s), provided that the specific scope of work is consistent with the general types of Services upon which award of the Continuing Contract(s) was made.
- d) When there is more than one Continuing Contractor available to perform the specific scope of work defined, the process for award of the work is set forth below:
 - i. Work may be rotated during the Contract period between the Continuing Contractor(s) that were selected to perform the general type of Services required; or,
 - ii. Award may be made to the Continuing Contractor that is deemed, based on its original proposal, to be most advantageous to the Town for the specific scope of work required, price and other factors being considered and without regard to rotation among selected contractors; or,
 - iii. Quotations, Bids or proposals may be requested from the pre-qualified Continuing Contractor(s) that were selected to perform the general type of Services or Professional Services required. The Town may select the Continuing Contractor whose quotation, bid, or proposal is deemed to be most advantageous to the Town to perform the specific scope of work required.

4. Design-Build or other similar processes prior to competitive selection.

12. Bid Protests

Any protests to Competitive Solicitations shall follow the Town’s Bid Protest Procedure (PRO-P-2013-1).

13. Reservation of Authority

- a. The authority to issue or revise this policy is reserved to the Town Council of Orange Park.
