1. The owner of record on all animals entered must be an active member of the International Brangus Breeders Association (IBBA) in good standing. Exhibitors & superintendents will abide by ALL International Brangus Breeders Association "Show Rules for Brangus, Red Brangus & Ultra Shows" also know as "Show Eligibility and Inspections of Exhibits."
2. All animals are required to have completed parent, both sire and dam, verification on file at IBBA prior to the show check-in. If an animal does not have DNA parent verification completed at that time, they will be ineligible to show. DNA parent verification is defined as having submitted DNA samples per the IBBA DNA testing process of the animals being entered, their sire and their dam, and then having the show animal's genotype match to that of both parents as determined by the IBBA. If the calf at side is over 90 days of age by the date of show check-in, it must have parent verification completed by show check-in. If it is under 90 days, parent verification of the calf is not required.
3. Animals unethically fitted to alter the conformation or appearance of the animal, as determined by the breed superintendent, will be immediately disqualified at the show in which the violation occurred. This included foreign objects, glued to or otherwise attached in a manner so as to alter its conformation or change its appearance or paint or coloring agents of any kind.
4. The registration certificate for each entry must be available for presentation to the Superintendent or show manager at the time entries are verified prior to judging. Digital images and herd book data sheets will not be accepted.
