

ASSOCIATE OF THE YEAR: BADGER STATE TRACTOR PULLERS (BSTP)

January 2026

The Wisconsin Association of Fairs Associate of the Year is to recognize an outstanding business that has made a significant impact to WAF Members. This year we congratulate Badger State Tractor Pullers (PSTP) in recognition of their long-standing commitment to Wisconsin's fair industry and the Fairest of the Fair Auction.

Established in 1974 as a small tractor pulling club in southern Wisconsin, BSTP has grown into a premier organization with a national reputation. Today, many BSTP pulling vehicles are considered top contenders across the country. The organization offers 16 different pulling classes and provides high-quality grandstand entertainment at eight county fairs during our fair season in Wisconsin, along with other events throughout Wisconsin, Illinois, and Iowa, and even winter indoor pulls in Kentucky and Illinois.

Beyond the track, BSTP continues to demonstrate its dedication to fairs by consistently supporting the Fairest of the Fair Auction at convention through active bidding and purchasing. Their generosity during the convention and their involvement at our fairs play a meaningful role in supporting our fair traditions.

We extend our sincere thanks to Badger State Tractor Pullers for all they do to support our fairs and our industry. Their ongoing commitment and generosity are truly appreciated.
