

WCFA Rabbit Division  
Breeder Registration

**WHEN COMPLETING YOUR BREEDER REGISTRATION FORMS**

- Please be sure you put the **exact** tattoo number of each doe on the form and the breed (New Zealand or Californian)
- If there is more than 1 child in your household, **please list all does on each child's sheet** (do not separate them out by child). If you have more than one child showing, complete one form for each child. If more than one **immediate** family houses their project together, they must also **separate their ownership** of all of their breeder does.
- On the # of Live Kits born section of this form – leave this area blank tonight. This is the number of babies your doe has and this part will be completed at the **March Mandatory** meeting when your meat pen babies are tattooed with the validation tattoo.
- **Turn this form into a WCFA Rabbit Committee Member before you leave!** If you know of a rabbit exhibitor who is NOT here tonight, please let them know that they MUST submit a letter in writing to the Rabbit Committee **within 7 days** to be considered eligible to show. Only valid excuses will be accepted.
- These letters may be sent to: Laura Carrell
