Livestock Auction

As of November 2001, it has become necessary to make a change to our policies and procedures for the livestock auction. These changes have come about due to a complaint from one person that was made to the Federal Stockyards and Packers Commission regarding the timeliness of checks being available to exhibitors.

Because of this complaint, we must speed up the collection and payment process. Checks must be issued to market livestock exhibitors whether money has been collected from the buyers or not. In order to comply with federal requirements we must make checks available one week following the sale. The checks will be made available to exhibitors on Monday, August 7th. (We will be billing quicker, thus we will make a note on the invoices to buyers that we are complying with federal regulations and that we would appreciate prompt payment.) The lag time between collection and payment will necessitate the fair establishing a line of credit to cover exhibitor's checks.

The Fair Will Be Collecting a 1.5% Commission On All Market Animals Going Through The Auction.

The 1.5% commission covers:

- Administrative expenses (computer program, overtime costs, etc.)
- Interest expenses (for line of credit)
- Indemnity fund expenses (covers uncollected debts, these expenses were deducted from check.)
- Newspaper ad (prior to complaint these expenses were deducted from check.)

The beef, swine, sheep and goat check-off will be collected as usual. The fair regrets this decision, but the federal requirement has taken this situation out of our control. This commission collection will include cattle, swine, sheep, goats and poultry.

Youth are expected to be sincere, honest and act in sportsmanlike ways at all times. Youth represent the entire program and their behavior reflects on their parents, leaders, school and the entire youth program. All adults involved with the youth program, leaders as well as parents, are expected to set positive examples and serve as positive role models by what they say and do. Any youth who breaks the Code of Ethics or allows another person (adult or peer) to talk them into violating the Code of Ethics agrees to forfeit all prizes, awards and premiums. The youth may also be prohibited from exhibiting at this and future exhibitions including the Warren County Fair and other county, state or regional exhibitions.

Youth agree to follow these guidelines:

- A. I will do my own work, appropriate for my age and physical and mental development. This includes research and writing of exhibit explanations, preparing exhibits (building, refinishing, etc.) care and grooming of animals, etc. Adult assistance should help guide and support me, not do it for me.
- B. All exhibits will be true representations of my work. Any attempt to take credit for other's work, alter the conformation of animals, or alter their performance is prohibited. Copyright violation or allowing others to complete my exhibit is considered misrepresentation and is prohibited.
- C. I will treat all people and animals with respect. I will provide appropriate care for animals.

- G. My animal's appearance or performance shall not be altered by any means, including medications, external applications and surgical procedures. Any animal that is found to have changed its appearance or its performance shall be disqualified from the show and have penalties assessed against me, my parent(s) and/or guardian by the Management of the Warren County Fair.
- H. I will follow all ownership and possession rules and, if requested, will provide the necessary documentation.
- I. I will follow all livestock health requirements for the Warren County Fair, according to the state health requirements as printed in the Premium Book. I will provide animal health certificates from a licensed veterinarian upon request for the Management of the Warren County Fair.
- J. By my entering an animal in this Fair, I am giving consent to the Management of the Warren County Fair to obtain any specimens of urine, saliva, blood or other substances from the animal to be used in testing. If the laboratory report on the analysis of any sample indicates a presence of forbidden drugs, this shall be evidence such substance has been administered to the animal(s) either internally or externally. It is presumed that the sample tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on me, my parent(s) and/or guardian to prove otherwise.
- K. I am responsible for my exhibit and I will not allow others to violate this Code on my behalf. By my entering an exhibit in this Fair I will accept any disciplinary action taken by the Management of the Warren County Fair for any violation of this Code of Ethics and any other rules of competition of the Fair without recourse against the Warren County Fair.
- L. I want my exhibit to be an example of how to accept what life has to offer, both good and not so good, and how to live with and learn from the outcome.
- M. I will not be involved in any illegal activities while participating in FFA events, including but not limited to alcohol, tobacco or drug use.

I agree to conduct myself in an honest, ethical and upstanding manner; and I understand that disciplinary actions will result if these rules are violated. Iowa Youth Code of Ethics

Youth are expected to be sincere, honest and act in sportsmanlike ways at all times. Youth represent the entire program and their behavior reflects on their parents, leaders, club and the entire youth program. All adults involved with the youth program, leaders as well as parents, are expected to set positive examples and serve as positive role models by what they say and do. Any youth who breaks the code of ethics or allows another person (adult or peer) to talk them into violating the code of ethics agrees to forfeit all prizes, awards and premiums. The youth may also be prohibited from exhibiting at this and future exhibitions including the Iowa State Fair and other county, state or regional exhibitions.

Youth agree to follow these guidelines:

1. I will do my own work, appropriate for my age and physical and mental development. This includes research and writing of exhibit explanations, preparing exhibits (such as sewing, cooking, refinishing, etc.), care and grooming of animals, etc. Adult assistance should help guide and support me, not do it for me.
2. All exhibits will be a true representation of my work. Any attempt to take credit for other's work, alter the conformation of animals, or alter their performance is prohibited. Copyright violation or allowing others to complete your exhibit is considered misrepresentation and is prohibited.
3. I will treat all people and animals with respect. I will provide appropriate care for animals.
4. I will present exhibits that are safe for consumption. All food exhibits will be safe to exhibit and for judges to evaluate. Other exhibits will be safe for judges to evaluate and for exhibition.
5. All food animals that may be harvested immediately following the show shall be safe for consumers, and shall have met all withdrawal times for all medications, and be free of violative drug residue.
6. If any animal requires medical treatment while at the fair or exhibition, only a licensed veterinarian may administer the treatment. All medications that are administered shall be done according to the label instructions of the medication used.
7. My animal's appearance or performance shall not be altered by any means, including medications, external applications and surgical procedures. Any animal that is found to have changed its appearance or its performance shall be disqualified from the show, and have penalties assessed against the exhibitor, parent and/or guardian by the management of the fair or exhibition.
8. I will follow all ownership and possession rules and, if requested, will provide the necessary documentation.
9. I will follow all livestock health requirements for this fair or exhibition, according to the state health requirements as printed in the premium book of the fair or exhibition. I will provide animal health certificates from a licensed veterinarian upon request from the management of the fair or exhibition.
10. By my entering an animal in this fair or exhibition, I am giving consent to the management of the fair or exhibition to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. If the laboratory report on the analysis of any sample indicates a presence of forbidden drugs, this shall be evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the exhibitor, parent and/or guardian to prove otherwise.

- I agree to conduct myself in an honest, ethical, and upstanding manner and I understand that disciplinary actions will result if these rules are violated. I understand that I am expected to represent the program in a positive manner. I have read, understand and agree to follow this code of ethics, and any other rules of competition of the fair or exhibition as printed in its premium book.

Exhibitors of animals at livestock show shall at all times deport themselves with honesty and good sportsmanship. Their conduct in this competitive environment shall always reflect the highest standards of honor and dignity to promote the advancement of agricultural education. This code applies to junior as well as open class exhibitors who compete in structured classes of competition. This code applies to all livestock offered in any event at a livestock show. In addition to the "IAFE National Code of Show Ring Ethics", fairs and livestock shows may have rules and regulations which they impose on the local, county, state, provincial and national levels.

All youth leaders working with junior exhibitors are under an affirmative responsibility to do more than avoid improper conduct or questionable acts. Their moral values must be so certain and positive that those younger and more pliable will be influenced by their fine example. Owners, exhibitors, fitters, trainers and absolutely responsible persons who violate the code of ethics will forfeit premiums, awards and auction proceeds and shall be prohibited from future exhibition in accordance with the rules adopted by the respective fairs and livestock shows. Exhibitors who violate this code of ethics demean the integrity of all livestock exhibitors and should be prohibited from competition at all livestock shows in the United States and Canada.

1. All exhibitors must present, upon request of fair and livestock show officials, proof of ownership, length of ownership and age of all animals entered. Misrepresentation of ownership, age, or any facts relating thereto is prohibited.
2. Owners, exhibitors, fitters, trainers, or absolutely responsible persons shall provide animal health certificates from licensed veterinarians upon request by fair or livestock show officials.
3. Junior exhibitors are expected to care for and groom their animals while at fairs or livestock shows.
4. Animals shall be presented to show events where they will enter the food chain free of violative drug residues. The act of entering an animal in a livestock show is the giving of consent by the owner, exhibitor, fitter, trainer and/or absolutely responsible person for show management to obtain any specimens of urine, saliva, blood, or other substances from the animal to be used in testing. Animals not entered in an event which culminated with the animal entering the food chain shall not be administered drugs other than in accordance with applicable federal, state and provincial statutes, regulations and rules. Livestock shall not be exhibited if the drugs administered in accordance with federal, state and provincial statutes, regulations and rules affect the animal's performance or appearance at the event.

If the laboratory report on the analysis of saliva, urine, blood, or other sample taken from livestock indicates the presence of forbidden drugs or medication, this shall be prima facie evidence such substance has been administered to the animal either internally or externally. It is presumed that the sample of urine, saliva, blood, or other substance tested by the laboratory to which it is sent is the one taken from the animal in question, its integrity is preserved and all procedures of said collection and preservation, transfer to the laboratory and analysis of the sample are correct and accurate and the report received from the laboratory pertains to the sample taken from the animal in question and correctly reflects the condition of the animal at the time the sample was taken, with the burden on the owner, exhibitor, fitter, trainer, or absolutely responsible person to prove otherwise.

At any time after an animal arrives on the fair or livestock show premises, all treatments involving the use of drugs and/or medications for the sole purpose of protecting the health of the animal shall be administered by a licensed veterinarian.

- 12

conduct toward them.

8. No owner, exhibitor, fitter, trainer, or absolutely responsible person shall conspire with another person or persons to intentionally violate this code of ethics or knowingly contribute or cooperate with another person or persons either by affirmative action or inaction to violate this code of ethics. Violation of this rule shall subject such individual to disciplinary action.
9. The application of this code of ethics provides for absolute responsibility for an animal's condition by an owner, exhibitor, fitter trainer, or participant whether or not he or she was actually instrumental in or had actual knowledge of the treatment of the animal in contravention of this code of ethics.
10. The act of entering an animal is the giving of consent by the owner, exhibitor, fitter, trainer, or absolutely responsible person to have disciplinary action taken by the fair or livestock show for violation of this Code of Show Ring Ethics and any other rules of competition of the fair or livestock show without recourse against the fair or livestock show. The act of entering an animal is the giving of consent that any proceedings or disciplinary action taken by the fair or livestock show may be published with the name of the violator or violators in any publication of the International Association of Fairs and Expositions, including Fairs and Expositions and any special notices to members.
11. The act of entering of an animal in a fair or livestock show is the giving of verification by the owner, exhibitor, fitter, trainer, or absolutely responsible person that he or she has read the IAFE National Code of Show Ring Ethics and understands the consequences of and penalties provided for actions prohibited by the code. It is further a consent that any action which contravenes these rules and is also in violation of federal, state, or provincial statutes, regulations, or rules may be released to appropriate law enforcement authorities with jurisdiction over such infractions.

***This Code of Ethics was adopted at the Association of Iowa Fairs, Inc. Convention in December 2002, and revised in December of 2003. We, as members of the association, are printing it in our Fairbook as a Guideline for conduct. All rules and decisions, whether General and/ or Specific, of the Warren County Fair take precedence.**

2023 Health Requirements for Exhibition of Livestock, Poultry and Birds at a County 4-H/FFA Fair Exhibition

Any evidence of warts, ringworm, foot rot, pink eye, draining abscesses or any other contagious or infectious condition will eliminate the animal from the show.

No individual Certificate of Veterinary Inspection will be required on Iowa origin animals or poultry exhibited at County 4-H/FFA FAIR, but the animals must be inspected when unloaded or shortly thereafter by an accredited veterinarian. Swine are required to be inspected either before being unloaded or before leaving a designated isolation and inspection area (prior to mixing with any other swine). All animals moving from out of state into an Iowa county 4-H/FFA fair must meet Iowa Animal and Livestock Important requirements. Each show must have an official veterinarian.

Quarantined animals or animals from quarantined herds cannot be exhibited.

Official identification listed on a Certificate of Veterinary Inspection required for all cattle and bison of any age coming in from out of state used for rodeos, recreational events, shows and exhibitions.

Swine

All swine must originate from a herd or area not under quarantine and must be individually identified. All swine are required to have individual official identification. All 4-H and FFA tags bearing the US shield **US** are official identification tags.

Swine originating outside of Iowa. All exhibitors must present a test record and Certificate of Veterinary Inspection that indicate that each swine has had a negative test for pseudorabies within 30 days prior to the show (individual show regulations may have more restrictive time restrictions), regardless of the status of the herd, and show individual official identification on test report. Electronic identification will not be considered official identification for exhibition purposes.

Swine exhibition requirements. "Swine exhibition" means an exhibit, demonstration, show, or competition involving an event on the state fairgrounds, a county fair, or other exhibition event. The sponsor of the exhibition must retain an Iowa licensed veterinarian to supervise the health of the swine at the exhibition location. The sponsor must electronically file the approved registration form and obtain approval from the state veterinarian at least 30 days before the event. The registration form includes the name of the exhibition and the address and telephone number of its location; the name, address and telephone number of the veterinarian; and the date of the planned exhibition. Sales of swine will not be allowed unless the event has been registered and received approval from the state veterinarian 30 days prior to the event.

Swine exhibition report required. The sponsor of the swine exhibition shall electronically submit to the department the approved report form within five business days after the conclusion of the exhibition. The form includes the name of the exhibition and the address and telephone number of its location; the name, address and telephone number of the veterinarian; the date that the exhibition occurred; the name, address and telephone number of the owner of the swine; and the address and telephone number of the premises from which the swine was moved after the exhibition if such premises is a different premises.

Sheep and Goats

All sexually intact sheep must have an individual Scrapie Flock of Origin identification tag (Ex. IA1234-5678) or another official Scrapie tag. All sexually intact goats must be identified with an individual Scrapie Flock of Origin identification tag (Ex. IA1234-5678), another official Scrapie tag, or by an official tattoo registered with USDA (to register, call 1-866-USDA-TAG; 1-866-873-2824). Wethers less than 18 months of age are required to have an individual identification and a scrapie tag may be used, but a scrapie tag is not required.

Poultry and Birds

All poultry exhibited must come from U.S. Pullorum-Typhoid clean or equivalent flocks, or have had a negative Pullorum-Typhoid test within 90 days of public exhibition and the test must have been performed by an authorized tester. (SEE GENERAL SECTION 1B) Please note: **Poultry purchased from a hatchery and raised for exhibition are not exempt from Pullorum-Typhoid testing requirements.**

However, "Market Classes" of poultry consigned to a slaughter establishment are exempt from the Salmonella testing requirements. "Market

Classes” of poultry must be separated from all other poultry by a distance of ten or more feet and/or an eight-foot high solid partition.

Dogs and Cats

All dogs and cats exhibited must have a current rabies vaccination certificate.

Farm Deer

Accredited veterinarians must be approved to administer tuberculosis tests on cervidae. “Cervidae” means all animals belonging to the cervidae family, and “CWD susceptible cervidae” means whitetail deer, blacktail deer, mule deer, red deer, elk and moose. Native Iowa Cervidae may be exhibited without other testing requirements when accompanied by a Certificate of Veterinary Inspection that lists individual official identification.

All Cervidae must have been pmt of the herd of origin for at least one year or were natural additions, or must have originated from a chronic wasting disease monitored or certified herd in which these animals have been kept for at least one year or were natural additions. Cervidae originating from a herd with a diagnosis, signs, epidemiological evidence, or area under quarantine for chronic wasting disease may not be exhibited. The following statement must appear on the Certificate of Veterinary Inspection:

“All Cervidae on this certificate have been part of the herd of origin for at least one year or were natural additions to this herd. There has been no diagnosis, signs, or epidemiological evidence of chronic wasting disease in this herd for the past year.”

THE DECISION OF THE OFFICIAL SHOW VETERINARIAN WILL BE FINAL.

Performance Market Beef

Division 1, Class 1

Bruce Brockway, Coordinator

This program emphasizes the exhibitor's ability to select and raise cattle which will be evaluated on the components of rate-of-gain, visual appraisal and ultrasound carcass. MEETING on Wednesday, July 26th at 5:00 p.m. in Swine Barn.

Please read the “General Rules and Regulations” and Rules for Livestock.

General Swine Rules

To be eligible for exhibition in Market Swine Show, market swine must weigh at least 210-310 pounds at the time of weigh-ins. All swine, Market and Breeding, will be weighed only once, unless there is an obvious mechanical problem with the scale. The weigh-in weight will also be the official sale weight. Swine must have been farrowed on or after January 1st of current year.

Due to the limited number of pens available and the amount of swine entered, the following rules must be followed:

1. Each exhibitor will be allowed to show a maximum of 6 swine, which can be any combination of crossbred or purebred market or breeding animal.
2. Each exhibitor should be prepared to pen 3 swine per pen.
3. The swine superintendents will have the right to reallocate pens among exhibitors if there are pens that are not being utilized by exhibitors to the extent of three swine per pen. The number of pens that each exhibitor is assigned will be at the discretion of the Swine Superintendents.

Superintendents will have final approval and can dismiss swine from fair and/or sale.

Non-Terminal show animals that are not going through the sale must be designated within an hour of the show being completed. The exhibitor must tell Superintendents where hog is going after it leaves Fairgrounds. Those animals that are not going to be in the sale will be released at **9:00 p.m. Sunday night**. Animals must be removed by 6:00 a.m. Monday morning if not going through sale.

A maximum of (6) swine may be shown by each exhibitor. These can be any combination with a maximum of 2 swine in any class. Each exhibitor may exhibit a total of 6 swine of any combination in the Crossbred Market Divisions or Purebred Market Division, or Breeding Gilt. These swine may be barrows or gilts or any combination of each. If entries exceed the capacity of the swine facility, the number of swine per exhibitor may be adjusted accordingly.

Scale tickets will not leave the scale area.

County Fair Weigh-In/Check-In:

Check-in/weigh-in for all swine will be Tuesday of the County Fair starting at 6:00 p.m. to 8:00 p.m. Your 4-H club and/or FFA Chapter will be given a time to bring in your swine. Swine must be vet checked before leaving trailer. Swine will be weighed after vet inspection. The vet inspection form must be turned in at the scale.

1. Superintendent will verify ear notches and tags with 4-H Online.
2. Tags and ear notches **MUST** match swine information that was entered in 4-H Online before May 15th of current year. Swine will not cross scale until paperwork is complete and submitted: Drug affidavit and original purebred registration forms, and scale ticket filled out. If no purebred papers are present, the Swine can show down to crossbred. Registration papers must be in their original paper form and in the family name or the youth's name.
3. **ANY DISCREPANCIES BETWEEN THE SWINE'S EAR NOTCHES AND TAGS AND 4-H ONLINE INFORMATION AT WEIGH-IN WILL RESULT IN DISQUALIFICATION. YOUR SWINE WILL BE MARKED WITH LIVESTOCK PAINT AND WILL NOT BE ALLOWED OFF THE TRAILER. IT WILL NOT BE WEIGHED. THE ANIMAL WILL GO HOME TUESDAY NIGHT.**

Fair entries will be made by number of swine and by entering a department division class with ear tag, ear notch and premise ID for each possible entry. A Breeding Gilt entry must designate ear tag, ear notch and premise ID.

There shall be no coloring agents or powder used on swine. The use of either is strictly prohibited. Swine found in violation will not be shown or sold and if discovered during the show, you will be dismissed from the class. If discovered after you have shown, you will be disqualified and will not be allowed to show in any more classes, including the final drive.

Quarantined animals or animals from quarantined herds cannot be exhibited.

HF556 also says that the sponsor of the exhibition will need to submit a report to the IDALS (Iowa Dept. of Ag and Land Stewardship) on a form developed by IDALS stating where swine came from and where they will return after exhibition so that is some additional responsibility for fair board, Swine superintendents, fair vet, etc.

Warren County Produced Eligibility Statement (copies available from fair secretary): Animals must be born, produced and raised in Warren County. Producer must be a resident of Warren County. Animal must be purchased directly from Warren County Producers. Form must be completed and turned in online June 1st-July 1st or obtain a paper form and turn in to the Fair Secretary between June 1st-July 1st.

4. In accordance to form 4H202 Iowa 4-H livestock Show Requirements: To exhibit in classes in which the primary emphasis of evaluation is the skill level of the 4-H'er, ownership is not required; however, the 4-H'er must take an active role in the care of the animal (includes feeding, cleaning, training, health care, farrier care, exercising, etc.). Horses to be exhibited in conformation (halter) classes must be owned by the 4-H'er or in partnership with a family member. Leased horses may be shown in showmanship and riding or driving classes. If the horse is leased, attach a signed lease agreement (4H106CL) to the identification form.

However, in this situation a 4-H'er cannot identify more than one horse. Animals identified as part of a 4-H project cannot be identified or exhibited as an FFA project. For further clarification, if a family has multiple horses, depending on the number, each 4-H'er will need to enter separate horses.

Handy Horse description from Wikipedia

- A. The rider proceeds from the starting line around both barrels into limed square. Rider must stop in square and stay there five (5) seconds and then cross finish line (animal does not have to stand still; however, timing does not start until animal has reached a complete stop). The judge/superintendent shall signify to the ring steward when the animal has all four hooves in the square. The ring steward shall start timing when he receives the signal from the judge/superintendent and give an audible signal to go to the rider when five (5) seconds have elapsed. If the animal steps on the square once the 5 seconds has started, the animal is disqualified.
- B. When rider hears the “Go” signal, they exit the box and race across the finish line. The judge/superintendent should determine that the animal stays in square.

Keyhole Race description from Wikipedia

The event begins when the horse and rider cross the timing line. The team enters the keyhole at a gallop, then turns in either direction inside the keyhole’s circle without stepping over the chalk. The horse and the rider turn as fast as they can in the bulb. The team then exits the keyhole again at a gallop and the time ends once they cross the timing line.

Jumping Figure 8 Barrel Racing

- A. The rider will start prior to the timer line. The rider will proceed across the pole set on the approach to the barrel. The rider has the option of running the figure eight pattern to the left or the right as long as they start with the middle barrel.
- B. The rider must finish the figure 8 pattern with the middle barrel and cross the pole again prior to crossing the timer line.
- C. Disqualification results if the rider touches the barrel with a hand, running off course and turning a barrel the wrong way or knocking the pole from the supports.

Olivia Adams

2022 Warren County Fair Queen

Serving as the 2022 Warren County Fair Queen has been an unforgettable experience that will forever impact my life. I have admired the Warren County Fair Queens since I was a little girl, especially those I knew personally, and I was so grateful to be crowned last year. As your Warren County Fair Queen, I have been able to meet so many different people, including 98 different fair queens all across Iowa. Not only am I walking away with new friendships, but I am also walking away with new memories, challenges met, and fears conquered.

Olivia Adams

I want to thank Jo Reynolds along with the Warren County Fair Board for giving me the best fair week I could have asked for, and for their overflowing support throughout all of this. I want to thank my family for making it possible for me to serve as queen during fair week, and for being some of my biggest cheerleaders. I especially want to thank my sister Audrey for all of her behind the scenes support at the horse barn, so I was able to show while still attending countless events around the fairgrounds. It was an honor to represent the great people of Warren County. I appreciated every single person who showed me support and I was blown away by your generosity and hospitality.

With all the changes of growing up, Warren County Fair has been a constant throughout my childhood, and I truly feel like I have grown up on these fairgrounds. Serving as Queen, I was able to widen my view and appreciate the far-reaching tradition and legacy of our fair and community. Because of this, I was able to interact with the younger 4-Hers, and I was privileged to witness some of their formative moments firsthand. I witnessed fellow 4-Hers learn from victories and defeats, always exhibiting great sportsmanship while I handed out awards. Above all, getting to see the various aspects of the fair and interacting with the 4-Hers were the highlights of this experience!

I cannot recommend this experience enough, not only for the leadership and personal growth opportunities, but the behind the scenes look at our wonderful county and fair. As I pursue my education at the University of Iowa majoring in Health Studies, I continue to use my leadership skills I have gained from this experience by participating in various clubs such as Dance Marathon, A Moment of Magic, Alpha Phi Omega, and Pre-Physician Assistant club. It has been an honor to be your 2022 Warren County Fair Queen and I look forward to cheering on Warren County Fair Queens in the years to come.
