Check Out: Monday, August 5, 9 –11:00 a.m.

Guidelines for Entry and Display:

1. The overall size of entries varies by class - see Division descriptions for specific requirements. The print may vertical or horizontal, but not larger than the dimensions as noted for each class. (For example, a print for a maximum 11"x14" dimension may actually be 13"x10", or 11"x11", 5"x14", etc.) It should be noted that submitting prints much smaller than 8"x10" is not recommended.
2. Print images may be either flush-mounted or smaller than the mounting. If image is smaller than mounting, it is desirable to have a 1" or 2" border surrounding the print. Prints smaller than 8"x10" MUST be mounted to an 8"x10" mount board.
3. All entries MUST be affixed to a standard mat board or foam core that is approximately 1/8" to 1/4" thick. Because of the manner of display, heavy mounting cannot be accepted. Please, no masonite or other hard board. Do not use lightweight poster board or construction cardboard, as it will not hold up well during display. Professional dry mounting is recommended to make sure the print lays flat against the mount.

Judging:

1. Prizes will be awarded based on the judges' evaluation or the print's total presentation, print & mounting quality, photographic technique, impact, originality, composition, appeal and other pertinent factors - not necessarily in this order.
2. At the discretion of the judges or supervisor, prints not meeting the lot description may be moved to a more appropriate category.
3. Prints that do not meet the Exhibit, Fair, or community standards will not be displayed, and are subject to the discretion of Fair personnel.
4. No front mats will be JUDGED, except as noted in the press lots. No frame prints will be judged. Front matted and framed prints will be 'Display Only'.
5. Prints will be displayed by applying Velcro strips to the back of the mount. These strips will be supplied by the Fair.
6. Prints previously entered in the Fair may not be re-entered, even if they were not ribbon winners.
7. Prints entered must have been produced within 2 (two) years prior to the fair.
8. No names, signatures, or identifying marks may appear on the front of the prints, mounts, or mats until after judging has been completed, after which the exhibitor's name or business card may be displayed adjacent to the print.
9. Digital camera and/or inkjet prints may be entered and will compete equally in all categories. Digital prints must comply with the above mounting requirements.
10. Computer manipulated images include all work done to an image with a computer that could not have been performed in a chemical laboratory. All components of a computer manipulated image must have been photographed or otherwise created by the exhibitor. All computer manipulated images may be entered in the 'Computer Manipulated' category within each Division.
11. Fair personnel will have control of the designated exhibit areas and the exhibits within. Fair personnel will exercise reasonable safety, handling precautions and theft prevention of the exhibits, however, the Wasatch County Fair and/or Wasatch County Parks and Recreation will not assume liability for any loss.
12. Entries are not insured by the Fair.
