Meeting was called to order by Margaret Sprecher. Bert Allenby, the merit rater, was introduced and he reported on his visit at the 1984 Washington County Fair.

First, Mr. Allenby stated that after being rated for 15 years the fair had probably established a position in the ratings. He stated that the special events were excellent. Everything was cleaned and taken care of and it was obvious everyone was trying hard. He also told the Fair Board they had a great manager.

He commented that if there were any weaknesses that it was probably in herdmanship for open class. He says this is a problem with all fairs and that it was really minor. He asked if there were any questions .

Homer Speer asked if there were any suggestions he could give us for improving. He said that black top would be better in the gravel area but that the grass looked good and was maintained well.

He complimented the superintendents on the great job they did in their individual departments. He especially liked the egg display in the poultry department.

Overall, he could see all the hard work the volunteers and workers put into the fair and he said he believed the 1984 Washington County Fair was a gold medallion fair.

Respectfully submitted,

Jamie Hammack
Administrative Secretary
